

EuroSciCon

EuroSciCon Conference on

Stem Cell

May 09-10, 2019
Stockholm, Sweden

Theme:
Advancing new progression & horizon of Stem Cell research

EuroSciCon

Stem Cell

2019

Invitation

Welcome to Stockholm, the capital of Sweden, encompasses 14 islands and more than 50 bridges on an extensive Baltic Sea archipelago. After successful completion of Stem Cell 2018 EuroSciCon is delighted to host the EuroSciCon Conference on Stem Cell, May 09-10, 2019 in Stockholm, Sweden. The theme of the conference focuses on Advancing new progression & horizon of Stem Cell research. Stem Cell 2019 will give a phenomenal chance to scientists to impart their exploration to partners by discussing the most recent advances in the field. We invite Eminent Scientists/Research Professors in the field of Stem Cell, Junior/Senior research colleagues, Students, Directors of Stem Cell look into organizations, Stem Cell Researchers, Regenerative medicine Scientists and exhibitors from Drug Manufacturing Companies. Agents from different pharma and instrumental organizations from everywhere throughout the world are invited to go to this renowned conference on Stem Cell 2019. With a wide exhibit of keynote presentations, board discussions, workshops, and notice sessions, the Stem Cell 2019 Conference is the ideal setting not exclusively to plunge into your specific physicist's interests yet in addition to expand the extent of your insight. There are 22 tracks which are given to subjects, for example, Stem Cells, Stem Cell Therapy, Stem Cell Transplantation, Stem Cell Niche, Tissue Engineering, Genetically Modified Stem Cell Therapy, Embryonic Stem Cell, Cancer Stem Cell, Nanotechnology In Stem Cells, Application Of Stem Cell In Medicine, Stem Cell In Drug Development, Stem Cells For Organ Repair, Stem Cell Apoptosis and Signal Transduction, Tissue Aging, Reprogramming Stem Cells: Computational Biology, Stem cell Biomarkers, Bioprocessing & Bio Banking, 3D Bioprinting & Biofabrication, Stem cell & Regenerative Medicine Industry. The Organizing Committee has done its best to set up a system that we think will take into consideration an inventive interplay of thoughts. All we require now to convert the broad program on paper to a dynamic and energetic Stem Cell education gathering in person is your dynamic participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

May 09-10, 2019

EuroSciCon

Stem Cell

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Stem Cell Researchers and Regenerative medicine Scientists accessing the website, Stem Cell 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Stem Cell 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

May 09-10, 2019
Stockholm, Sweden

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Stem Cell

2019

Who'd be attending?

EuroSciCon Conference on Stem Cell, May 09-10, 2019 in Stockholm, Sweden. Theme of the conference focuses on Advancing new progression & horizon of Stem Cell research. Stem Cell 2019 will provide an unprecedented opportunity for Stem Cell Researchers and Scientists to share their research with colleagues by discussing the latest advances in the field. We invite Eminent Scientists/ Research Professors in the field of Stem Cell Education, Junior/Senior research fellows, Students, Directors of Stem Cell research companies, Tissue Engineers, Members of Stem Cell associations and exhibitors from Stem cell & Regenerative Medicine Developers and Investigators. Delegates from various pharma & instrumental companies from all over the world are welcomed to attend the prestigious conference on Stem Cell 2019. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Stem Cells
- Stem Cell Therapy
- Stem Cell Transplantation
- Stem Cell Niche
- Tissue Engineering
- Genetically Modified Stem Cell Therapy
- Embryonic Stem Cell
- Cancer Stem Cell
- Nanotechnology In Stem Cells
- Application Of Stem Cell In Medicine
- Stem Cell In Drug Development
- Stem Cells For Organ Repair
- Stem Cell Apoptosis and Signal Transduction
- Tissue Aging
- Reprogramming Stem Cells: Computational Biology
- Stem cell Biomarkers
- Bioprocessing & Bio Banking
- 3D Bioprinting & Biofabrication
- Stem cell & Regenerative Medicine Industry
- Alternative Medicine In Stem Cell
- Novel Stem Cell Technologies
- Ethical Issues In Stem Cell Research

2019

About Destination Stockholm

Stockholm, the capital of Sweden, encompasses 14 islands and more than 50 bridges on an extensive Baltic Sea archipelago. The cobblestone streets and ochre-colored buildings of Gamla Stan (the old town) are home to the 13th-century Storkyrkan Cathedral, the Kungliga Slottet Royal Palace, and the Nobel Museum, which focuses on the Nobel Prize. Ferries and sightseeing boats shuttle passengers between the islands.

Stockholm is also the cultural, media, a political, and economic center of Sweden. The Stockholm region alone accounts for over a third of the country's GDP and is among the top 10 regions in Europe by GDP per capita. It is an important global city and the main center for corporate headquarters in the Nordic region. The city is home to some of Europe's top ranking universities, such as the Stockholm School of Economics, Karolinska Institute and Royal Institute of Technology (KTH). It hosts the annual Nobel Prize ceremonies and banquet at the Stockholm Concert Hall and Stockholm City Hall. One of the city's most prized museums, the Vasa Museum, is the most visited non-art museum in Scandinavia. The Stockholm metro, opened in 1950, is well known for the decor of its stations; it has been called the longest art gallery in the world. Sweden's national football arena is located north of the city center, in Solana. Ericsson Globe, the national indoor arena, is in the southern part of the city. The city was the host of the 1912 Summer Olympics and hosted the equestrian portion of the 1956 Summer Olympics otherwise held in Melbourne, Victoria, Australia.
