EuroSciCon

12th Edition of International Conference on

Tissue Engineering and Regenerative Medicine

May 10-11, 2018
Frankfurt
Germany

Theme:

Scrutinize Regenerative therapy towards Repair, Rejuvinate & Renew

EuroSciCon

Tissue Science

2018

Invitation

On behalf of Tissue Science 2018 Organizing Committee, we are pleased to invite all Bioengineers, Professors, Researchers, scientists, Business Giants, CEOs, COOs, Directors, Vice Presidents, Co-directors, Managing Directors, Industry Safety Officers, Environmental & Plant Scientists, Post Doctorate Fellows, Vendors of Consumer Products/ Managers, Pharmaceutical Scientists, Students from the Tissue Engineering,Regenerative Medicine and its allied areas.

The conference proceedings include symposiums and workshops, keynote speeches, plenary talks, poster sessions and panel discussion on latest research developments in the field ofTissue Engineering and Regenerative Medicine.

EuroSciCon is the longest running independent life science events company with a predominantly academic client base. Our multi professional and multi-specialty approach creates a unique experience that cannot be found with a specialist society or commercially.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Tissue Science

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Tissue Engineers, Regenerative Medicine Specialist and pharmacologists accessing the website,Tissue Science 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Tissue Science 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

May 10-11, 2018
Frankfurt
Germany

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Tissue Science

2018

Who'd be attending?

12th Edition of International Conference on Tissue Engineering and Regenerative Medicine gives chance to meet Bioengineers, clinical scientists, pharmaceutical scientists, clinicians, directors and research associates fromTissue Engineering and Regenerative Medicine industry and academic field respectively and share ideas, knowledge and different views on various areas of Tissue Engineering and Regenerative Medicine.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been

Scientific Sessions:

- Tissue Engineering
- Regenerative Medicine
- Regenerative Treatment Models
- Soft Tissue Replacement
- Cell Therapy
- Stem Cell Bioprocessing
- Immunomodulation Therapy
- Regenerative Rehabilitation
- Anti-Aging Medicine
- Biomedicine
- Biomedical Engineering Techniques
- Biomaterials
- Artificial Organ
- Applications Of Tissue Engineering
- Ethical Challenge And Clinical Issues

2018

About Destination Frankfurt, Germany

Frankfurt is the dynamic business and largest financial centre in continental Europe and ranks among the world's leading financial centres. It is the fifth-largest city in Germany located on both sides of the Main River, south-east of the Taunusmountain range in state of Hesse. The southern part of the city contains the Frankfurt City Forest, Germany's largest city forest. Frankfurt is home to many museums, theatres and a world-class opera. The city is also characterised by various green areas and parks. Frankfurt has varied and comprehensive cultures offering an excellent reputation at both the national and international level. The city is known for its futuristic skyline and the busiest German airport. A unique feature is its significant number of skyscrapers and high-rise buildings in the city center which form the Frankfurt skyline. Because of the city's skyline, Germans sometimes refer to Frankfurt as "Mainhattan", a portmanteau of the local Main River and Manhattan. Weather in Frankfurt is some of the warmest in Germany. Offering mild summers and cooler winters, Frankfurt weather is categorised as temperate-oceanic.

Frankfurt is home to influential educational institutions. A number of German research groups are engaged in the further development of culture techniques for the cultivation of tissues and bioartificial organ systems. German biotechnology firms have already brought a range of tissue engineering products to the market.
