

EuroSciCon

World Congress & Exhibition on

Vascular Surgery

May 24-25, 2018
London
UK

Theme:

Disseminating latest technologies in the field of Vascular & Endovascular Surgery

Invitation

Welcome to London, the City of Dreams, and experience the vascular science illuminated as never before. EuroSciCon is proud to host the World Congress & Exhibition on Vascular Surgery, May 24-25, 2018 in London, UK. The theme of the conference is Disseminating latest technologies in the field of Vascular & Endovascular Surgery. Vascular Surgery 2018 will provide an unprecedented opportunity for vascular surgeons of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite surgeons, professors, pharmacologists, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Vascular Surgery Conference is the perfect venue not only to dive into your particular vascular interests but also to expand the scope of your knowledge. 22 tracks are devoted to subjects such as vascular trauma, venous surgery, various vascular diseases such as Abdominal Aortic Aneurysms, vascular malformations, acute ischaemia, mesenteric ischaemia, congenital diseases of vasculature, as well as various surgical techniques including vascular bypass grafting, renovascular surgery, techniques of open vascular surgery, vascular imaging and anesthesia for vascular surgery.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Vascular Surgical forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ vascular surgeons and pharmacologists accessing the website, Vascular Surgery 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Vascular Surgery 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

2018

Who'd be attending?

World Congress & Exhibition on Vascular Surgery plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Vascular Consultants, Investigative Surgeons and Professors, Regulatory Professionals, Pharmacogenetic Professionals, Laboratory Directors and Chemists, Scientists and surgeons and others who stay plunged in learning and practice of the science of Vascular Biology

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Vascular Trauma
- Venous surgery
- Vasular diseases of Lowe Limb
- Carotid artery diseases
- Vascular diseases of upper limb
- Abdominal Aortic Aneurysms
- Thoracic Aortic Vascular surgery
- Thoracoabdominal Aortic vascular surgery
- Surgery for veins and lymphatic diseases
- Vascular Imaging
- Vasular Malformations
- Acute Ischaemia
- Renovascular surgery
- Mesenteric ischemia
- Congenital diseases of vasculature
- Lymphedema
- Venous insufficiency
- Vascular bypass grafting
- Techniques of open vascular surgery
- Anesthesia for vascular surgery
- Lower limb amputations
- Endovascular Surgery
- Applications of Vascular Surgery
- New Approaches in Vascular Surgery
- Recent Advances and Development in Vascular Surgery
- Fundamentals of Vascular Surgery
- Atherectomy
- Balloon Embolectomy
- Angiosarcoma
- Rheumatoid Vasculitis

About Destination London

London is one of the most diverse and exciting cities in the World. It is the capital and most populous city of England and the United Kingdom. London is the economic, political and cultural capital of Britain, and its World class tourist attractions are well known across the globe. The Greater London area bursts with attractions for all visitors of all ages. With 30 historic gardens and 123 historic buildings, London also has more than 200 museums, 108 music halls and 600 cinema screens. London's 33 boroughs, including the city of London, are spread over an area of 1572 square kilometers.

The river Thames runs through the heart of London, from Richmond in west, through the central London borough of Westminster, to Greenwich in the east. London river cruises and river buses are a great way to see the city. About one-third of London is devoted to open spaces and parks.

London is incredibly well connected with 5 international airports and the high-speed Eurostar rail link. More than 50 countries are within a 3hour flight time and 310 international destinations have direct links to London. London is the centre of the World- and a World in one city, with different cultures and communities across the capital. It has cuisine from over 70 countries and almost 300 languages are spoken.

London is Europe's best shopping destinations, whether one head to the West end, quirky London market or Westfield London, there is a huge range of places to buy food, gifts and fashion. The UK has an extremely varying temperature and its subject to rainfall and frequent weather change. In Winter temperature ranges from 0 degrees (Celsius) to highest degree of 32 in Summers.
