3rd Edition of World Congress & Exhibition on

Vascular Surgery

May 24-25, 2018 |London, UK

Day 1
24-May-18

Keynote Forum	
08:55-09:00	**Introduction**
09:00-09:25	**Title: A Combination of Penile Venous Stripping, Corporoplasty and Varicocelectomy for Patients with Erectile Dysfunction, Penile Dysmorphology and Varicocele under Acupuncture-aided Ambulatory Local Anesthesia**
	Geng-Long Hsu, National Taiwan University, Taiwan
09:25-09:50	**Title: A Single Center experience revising previous abdominal and thoracic aortic aneurysm repairs with a visceral manifold stent graft.**
	Patrick Kelly, SanfordHealth, USA
09:50-10:15	**Title: Comparison of results between carotid endarterectomy versus carotid artery stenting using propensity score matching analysis**
	Dong-Ik Kim, Sungkyunkwan University School of Medicine, Korea
	Coffee Break 10:15-10:30
Tracks: Abdominal Aortic Aneurysms | Techniques of Open Vascular Surgery | Thoracic Aortic Vascular Surgery | Anesthesia For Vascular Surgery	
10:30-10:50	**Title: Lack of transcriptional activity of Nrf2 affects TGFb1 expression and alters collagen I and III localization within mice aortic aneurysm**
	Aleksandra Piechota-Polanczyk, Jagiellonian University, Poland
10:50-11:10	**Title: DEEP VENOUS THROBOSIS: FROM ACUTE TO CHRONIC PHARMACO-MECHANIC THROMBECTOMY PROCESS**
	Ahmet Akgul, Istanbul University, Turkey
11:10-11:30	**Title: Insight into single-nucleotide polymorphisms of Toll-like receptors and the risk of abdominal aortic aneurysm formation**
	Agnieszka Jabłońska, Polish Academy of Sciences, Poland
11:30-11:50	**Title: Computational fluid dynamic approach to mimic changes of blood hemodynamic in patients with acute type IIIb aortic dissection treated with TEVAR**
	Andrzej Polanczyk, Medical University Vienna, Austria
11:50-12:10	**Title: An improved diagnostic score for abdominal aortic aneurysms based on a comprehensive analysis of myeloid cell parameters**
	Branislav Zagrapan, Medical University of Vienna, Austria
12:10-12:30	**Title: Novel pilot films providing indispensable information in pharmaco-cavernosography**
	Chi Can Huynh, The Male Clinic, Australia
****3 Keynote Slots Available****	
12:30-12:50	**Title: Statistical Shape Analysis of the Right Ventricular Outflow Tract in Patients with Tetralogy of Fallot**
	Stephane Couvreur, UCL Institute of Cardiovascular Science & Great Ormond Street Hospital, UK

	Lunch Break 12:50-13:30
13:30-13:50	**Title: BOVINE PERICARDIAL GRAFTS FOR THE MANAGEMENT OF AORTIC GRAFT INFECTIONS: SINGLE CENTER EXPERIECE**
	Christoph M Domenig, Medical University Vienna, Austria
13:50-14:10	**Title: Acupuncture aided local anesthesia for penile vascular surgeries**
	Chun-Kai Hsu, Taipei Tzu chi Hospital, Taiwan
14:10-14:30	**Title: Venous insufficiency is the pivotal contributor in erectile dysfunction in males younger than 30 years**
	Yi-Wei Pai, Taiwan Adventist hospital, Taiwan
14:30-14:50	**Title: A physiological approach of penile venous stripping for patients with erectile dysfunction on ambulatory basis**
	Geng-Long Hsu, National Taiwan University, Taiwan
14:50-15:10	**Title: A comparison of major amputation rates and outcomes for Indigenous and non-Indigenous Australians in a major tertiary hospital.**
	Tejas P. Singh, James Cook University, Australia
15:10-15:30	**Title: Locked Temporary Vascular Shunt**
	Haibo Lu, Hospital to the People's Liberation Army Hong Kong Garrison, China
15:30-15:50	**Title: Critical Appraisal of International Guidelines for the Screening and Treatment of Asymptomatic Periphery Artery Disease: who decides the non-evidence corner**
	Qinchang Chen, Sun Yat-sen University, China
	Coffee Break 15:50-16:10
16:10-16:30	**Title: Does duplex surveillance after femoro-popliteal bypass grafting affect long term graft patency?**
	Sanjay Singh, Heart of England NHS Foundation Trust, UK
16:30-16:50	**Title: Non-covered stents implantation to correct malperfusion syndrome in aortic dissection. Centralization of flow concept.**
	Ivo Petrov, University Hospital Acibadem, Bulgaria
16:50-17:10	**Title: Affecting factors of residual stenosis after carotid artery stenting**
	Lingyun Jia, Xuanwu Hospital of Capital Medical University, China
17:10-17:30	**Title: Post-PTA Dissection Repair Above and Below the Knee**
	Luboš Kubíček, Masaryk University, Czech Republic
Panel Discussion	
****7 Speaker Slots Available****	
Day 2	
25-May-18	
	Registrations
	Room 1
****3 Keynote Slots Available****	
09:00-09:25	**Title: Histone citrullination of neutrophil extracellular traps is a novel biomarker and target to inhibit progression of abdominal aortic aneurysms**
	Wolf Eilenberg, Medical University of Vienna, Austria
09:25-09:50	**Title: Advances in human penile anatomy, erection physiology and its clinical applications for researchers and physicians**
	Geng-Long Hsu, National Taiwan University, Taiwan

Tracks: Endovascular Surgery | Carotid Artery Diseases | Venous Surgery | Vascular Imaging | Vascular Bypass Grafting	
	Session Introduction
10:00-10:20	**Title: Comparison of presenting characteristics and cardiovascular outcome between Indigenous and non-Indigenous patients with peripheral artery disease.**
	Tejas P. Singh, The Townsville Hospital, Australia
10:20-10:40	**Title: Salvage surgery for patients with recurrent oral and oropharyngeal squamous cell carcinoma involving the carotid artery**
	Wei-liang Chen, Sun Yat-sen University, China
	Coffee Break 10:40-11:00
11:00-11:20	**Title: Is coil embolization effectively and minimally invasive in the young man suffering from veno-occlusive dysfunction?**
	Chi Can Huynh, The Male Clinic, Australia
11:20-11:40	**Title: Marfan syndrome presented as asymmetrical aortic root aneurysm and spontaneous isolated aortic abdominal dissection**
	Jin-Lin Wu, Fuwai Hospital, China
11:40-12:00	**Title: Analysis of the latest method of penile venous stripping surgery in patient with veno-occlusive dysfunction**
	Chun-Kai Hsu, Taipei Tzu chi Hospital, Taiwan
12:00-12:20	**Title: A Strategy for Glans Enhancement and Negating Glans Coldness in Patient with Penile Prosthesis Implantation**
	Yi-Wei Pai, Taiwan Adventist hospital, Taiwan
12:20-12:40	**Title: Hybrid Repair of Aortic Pathology Involving Aortic arch**
	Yu-guo Xue, Beijing Aortic Diseases Center, China
12:40-13:00	**Title: Good Results of Management of Varicose Veins through Endoscopic Assisted Surgery**
	Sin-Daw Lin, Kaohsiung Municipal Siaogang Hospital, Taiwan
	Lunch Break 13:00-13:40
13:40-14:00	**Title: Endovascular treatment of peripheral arterial disease in 2018: Which technology to use, and why**
	Martin A Funovics, Medical University of Vienna, Austria
14:00-14:20	**Title: The aXurge© project. Feasibility of a mathematical platform for Abdominal Aortic Aneurism (AAA) sizing, risk assessment and surgical planning**
	Domanin M, University of Milan, Italy
14:20-14:40	**Title: Optimal Ultrasound Criteria for Grading Stenosis of the Superficial Femoral Artery**
	Mingjie Gao, Xuanwu Hospital of Capital Medical University, China
14:40-15:00	**Title: Increased galectin-3 levels are associated with abdominal aortic aneurysm progression and inhibition of galectin-3-decrease elastase-induced AAA development.**
	Mónica M. Torres Fonseca, FIIS-Fundacion Jimenez Diaz-Autonoma University, Spain
15:00-15:20	**Title: Double aortic arch with TOF: Single stage approach via median sternotomy.**
	Soumya Guha, PGIMER, India
15:20-15:40	**Title: Different caveolin-1 and eNOS expression in simvastatin-treated patients with abdominal aortic aneurysm**
	Aleksandra Piechota-Polanczyk, Medical University of Vienna, Austria
15:40-16:00	**Title: State-of-the-art imaging of the peripheral vasculature**
	Ruediger E. Schernthaner, Medical University of Vienna, Austria

	Coffee Break 16:00-16:20
16:20-16:40	**Title: Congenital absence of inferior vena Cava associated with lower limb and pelvic venous thrombosis.**
	Sanjay Singh, United Lincolnshire Hospitals NHS Trust, UK
16:40-17:00	**Title: Admission glucose and ICU mortality in abdominal aortic aneurysm patients: a retrospective analysis of the MIMIC-III clinical database**
	Qinchang Chen, Sun Yat-sen University, China
17:00-17:20	**Title: Management of Venous Ulcers of Primary Varicose Veins Through Endoscopic Assisted Surgery**
	Yun-Nan Lin, Kaohsiung Municipal Siaogang Hospital, Taiwan
****3 Speaker Slots Available****	
	Poster Presentations 17:30-18:30
P1	**Title: Estimation of hemodynamics in human and artificial vessels with artificial circulatory model**
	Andrzej Polanczyk, Medical University Vienna, Austria
P2	**Title: Evaluation of the Utility of Endovascular Sealing for Aortic Aneurysmal Disease**
	Augustine MA, University of Southampton, UK
P3	**Title: Endovascular Treatment of Intracranial Aneurysms Associated with Arteriovenous Malformations.**
	Dmytro V. Shchehlov, Scientific-Practical Center of Endovascular Neuroradiology NAMS, Ukraine
P4	**Title: Femoral Tunneled Hemodialysis Catheter as a permanent access for hemodialysis patients**
	Herzallah AM, Matarya Teaching Hospital, Egypt
P5	**Title: Possible predictors of aortic dissection at a diameter less than 55mm**
	Jin-Lin Wu, Fuwai Hospital, China
P6	**Title: Atorvastatin enhances paracrine proangiogenic activity of hematopoietic stem/progenitor derived cells in vitro but not in vivo**
	Witold N. Nowak, Jagiellonian University, Poland
P7	**Title: Carotid Endarterectomy under Local Anaesthesia: Review of Practice and Peri-operative Outcomes**
	Sanjay Singh, United Lincolnshire Hospitals NHS Trust, UK
Panel Discussion	
Closing Ceremony	
NOTE: Program Schedule is subject to change with final allocation of speaker slots
