3rd Edition of

World Chemistry Conference

February 25-26, 2019
Philadelphia, USA

Theme:

Inspection on Interaction between Chemicals and Chemical Reactions

EuroSciCon

World Chemistry

2019

Invitation

Welcome to Philadelphia, The chemical industry is one of the largest and most important industries worldwide. EuroSciCon is proud to host the 3rd Edition of World Chemistry Conference during February 25-26, 2019 at Philadelphia, USA. This year's theme is Inspection on Interaction between Chemicals and Chemical Reactions.

World Chemistry 2019 will provide an unprecedented opportunity for Chemistry lovers of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite researchers and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the World Chemistry Conference is the perfect venue not only to dive into your particular chemical interests but also to expand the scope of your knowledge. 16 Scientific tracks are devoted to subjects such as Advanced Organic & Inorganic Chemistry, Physical Chemistry & Chemical Kinetics, Analytical Chemistry & Mass Spectrometry, Industrial Chemical Engineering,

Chromatography & HPLC Techniques, Pharmaceutical Chemistry, Electrochemistry, Toxicology & Forensic Chemistry, Agricultural & Food Chemistry, Medicinal Chemistry And Drug Design

Natural Product & Biodiversity, Nuclear Chemistry & Radio Chemistry, Environmental Chemistry and Green Chemistry, Materials and Polymer Chemistry, Chemoinformatics & Computational Chemistry, Clinical Chemistry. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

February 25-26, 2019
Philadelphia, USA

EuroSciCon

World Chemistry

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Chemists and delegates accessing the website, Chemistry 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Chemistry 2019:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

February 25-26, 2019
Philadelphia, USA

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

World Chemistry

2019

Who'd be attending?

3rd Edition of World Chemistry Conference and Chemistry research plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Researchers, Investigative Chemists and delegates, chemistry related disciplinary event considering all the major areas of chemistry, including inorganic, physical, organic, analytical and biochemistry. Besides fundamentals, the conference also presents advanced topics like Materials Chemistry, Polymer Chemistry, Radioactive Chemistry, Environmental Chemistry, Green Chemistry and Emerging techniques in Chemistry, Agricultural & Food Chemistry researchers , Laboratory Directors and Chemists and Druggist and others who stay plunged in learning and practice of the science of Chemistry.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Chemistry, Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Advanced Organic & Inorganic Chemistry
- Physical Chemistry & Chemical Kinetics
- Analytical Chemistry & Mass Spectrometry
- Industrial Chemical Engineering
- Chromatography & HPLC Techniques
- Pharmaceutical Chemistry
- Electrochemistry
- Toxicology & Forensic Chemistry
- Agricultural & Food Chemistry
- Medicinal Chemistry And Drug Design
- Natural Product & Biodiversity
- Nuclear Chemistry & Radio Chemistry
- Environmental Chemistry and Green Chemistry
- Materials and Polymer Chemistry
- Chemoinformatics & Computational Chemistry
- Clinical Chemistry

About Destination Philadelphia

Philadelphia is the second-biggest city on the East Coast and fifth-biggest in the nation and the center of the country's 6th biggest metropolitan region. That implies world-class excitement choices, eateries, instructive foundations, social offerings, human services, work openings and different advantages of being in a noteworthy metropolitan territory. Trendy people, make a beeline for Northern Liberties and Fishtown. For the university sorts, there's University City, where the University of Pennsylvania and Drexel are found. Things around Rittenhouse Square and Washington Square have a tendency to be upscale and expensive. South Street is touristy, yet there are extraordinary shops and places to eat. The Northeast feels more rural. As part of the Center for Entrepreneurial Assistance, the Small Business Resource Center fills in as the single purpose of contact and is a center of data for independent venture. The Small Business Resource Center answers state-related and general business inquiries concerning all phases of private company improvement. Philadelphia is home to the University of Pennsylvania, one of the best colleges on the planet. There are additionally more than 15 four-year schools.

Philadelphia is likewise home to a modest bunch of biotechnology, pharmaceutical and medicinal gadget organizations. ALS Biopharma, Areon Biosciences, Atrin Pharmaceuticals, Digna Biotech, Enantigen Therapeutics, MB Research Laboratories, One World Biotech, Impact Biologicals are simply to give some examples of the organizations which are situated in the province of Philadelphia.

The city is known for its crafts, culture, and history, pulling in more than 39 million household vacationers in 2013. The city is known for its hoagies, scrapple, delicate pretzels, water ice, Irish potato treat, top notch cheesecake, and is home to the cheesesteak. Philadelphia is home to numerous national authentic locales that identify with the establishing of the United States and invites around 40 million guests consistently from all around the globe as travelers. From mind boggling notable sights with attaches that go back to the start of our nation's history like Independence National Historical Park, to places that house extraordinary gems, for example, the Philadelphia Museum of Art, to unimaginable nourishment scenes, and patio nurseries that will make them discuss their magnificence for quite a while a short time later, this city is stacked with unbelievable attractions. So occasion in Philadelphia, USA manages access to appreciate extraordinary destinations identifying with the history and antiquated culture of USA.
