Invitation

Welcome to Baltimore, the City of Knowledge, and experience the science of infectious diseases illuminated as never before. EuroSciCon is proud to host the "**11th World Congress on Clinical Microbiology & Infectious Diseases** to be held during" **September 12-13, 2019 in Baltimore**, **USA** This year's theme is **Importance of Addressing the Microbial Complexity of Infectious Diseases**. Infectious Diseases Conference 2019 will provide an unprecedented opportunity for Physician/Infectionologist of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the Infectious Diseases and Microbiology.. We invite Physician/Infectionologist/Microbiologists, and Infection Researchers, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Infectious Diseases Conference 2019 in USA is the perfect venue not only to dive into your particular infectious diseases interests but also to expand the scope of your knowledge. There are 18 tracks which are devoted to subjects such as the Applied & Medical Microbiology, Chemotherapy, Clinical and Diagnostic Microbiology, Clinical Immunology, Congenital, Perinatal and Neonatal Infections, Cytopathology of infectious Diseases, Epidemiology, Gastrointestinal Infections, Haematological infections, Hepatitis C, Laboratory Techniques of Infectious Diseases, Microbial Pathogenesis, Nosocomial Infections, Parasitology, Respiratory Infections, Sexually Transmitted Infections, Surgical site Infections, Virology and Microbial agents. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Medical education forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

September 12-13, 2019
Baltimore, USA

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the globe. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Physician and Infectionologist accessing the website, 11th Edition of International Conference onis the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

11th Infectious Diseases 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

September 12-13, 2019
Baltimore, USA

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

11Th Infectious Diseases 2019

EuroSciCon

11Th Infectious Diseases

2019

Who'd be attending?

11th World Congress on Clinical Microbiology & Infectious Diseases host for the Multinational organizations, Entrepreneurs across the globe, Directors, Board Members, Directors, Board Members, Presidents, Vice Presidents, Deans and Head of the Departments, Infectious Diseases Researchers, Scientists, Faculties, Students, Infectious Diseases Associations and Societies, Medical Colleges, Pharmaceutical Companies and Industries, Medical Devices Manufacturing Companies, Drug Manufacturing Companies and Industries, Business Entrepreneurs and Industrialists, Training Institutes and others who stay plunged in learning and practice of the Infectious Diseases and Microbiological Studies.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Applied & Medical Microbiology
- Chemotherapy
- Clinical and Diagnostic Microbiology
- Clinical Immunology
- Congenital, Perinatal and Neonatal Infections
- Cytopathology of infectious Diseases
- Epidemiology
- Gastrointestinal Infections
- Haematological infections
- Hepatitis C
- Laboratory Techniques of Infectious Diseases
- Microbial Pathogenesis
- Nosocomial Infections
- Parasitology
- Respiratory Infections
- Sexually Transmitted Infections
- Surgical site Infections
- Virology and Microbial agents

About Baltimore

Baltimore is the largest city in the U.S. state of Maryland and the 30th-most inhabited town in the United States. The city's Inner Harbor was once the second leading port of entry for immigrants to USA, when most arrivals were from Europe. In addition, Baltimore was a major manufacturing center. After a decline in major manufacturing, heavy industry, and restructuring of the rail industry, Baltimore has shifted to a service-oriented economy. Baltimore has additional public statues and monuments per capita the other town within the country. The city conjointly boasts top-rated museums, like the Walters Art Museum and the child-oriented, interactive Port Discovery, which cover everything from fine arts through black history to urban archeology. The Baltimore has been home to such various figures as writers Edgar Allan Poe and Anne Tyler and civil rights activists Frederick Douglass and Thurgood Marshall goes a way towards explaining its sometimes bizarrely varied character.

Baltimore is in north-central Maryland on the Patapsco River close to where it empties into the Chesapeake Bay. Another alternative was the Baltimore Beltway. Planning for the Beltway antedates the creation of the Interstate Highwway System. The first portion completed was a small strip connecting the two sections of I-83, the Harrisburg Expressway and the Jones Falls Expressway. The city is additionally set on the fall line between the Piedmont Plateau and also the Atlantic Coastal Plain, which divides Baltimore into "lower city" and "upper city". The city's elevation ranges from sea water level at the harbor to 480 feet (150 m) within the northwest corner near Pimlico.

Past Conference Report

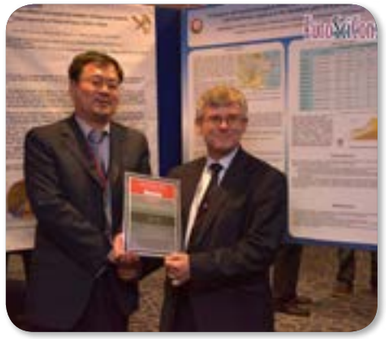

8th Edition of International Conference on Infectious Diseases was organized during **June 07-08, 2019 at London, UK** With the support and contribution of the Organizing Committee Members, we successfully hosted the event at the conference venue. The conference was marked by the attendance of young and brilliant researchers, business delegates and talented student communities representing more than 30 countries, who have driven this event into the path of success. The conference was organized around the theme "Global impact on Contact treatment and elimination of infectious Diseases". The event implanted a firm relation of upcoming strategies in the field of Infectious with the scientific community. The conceptual and applicable knowledge shared, will also foster organizational collaborations to nurture scientific accelerations. **Muhammad Farooq Umer**, Xian Jiaotong University, China and **Narendra Kumar Chopra**, SEGi University, East Malaysia was the moderator of Infectious Diseases 2018. We are much thankful to Both for his great support and help.

The conference proceedings were carried out through various Scientific-sessions and plenary lectures, of which the following Speakers were highlighted as Keynote speakers Stef Stienstra, Royal Dutch Navy, Netherlands; Catherine **Mullié**, CHU Amiens-Picardie, France; **Anna Jinxia Zhang**, University of Hong Kong, Hong Kong; **Chao Zhang**, Zhengzhou University, China; **Guangyuan Zhou**, Zhengzhou University, China; **Muhammad Farooq Umer**, Xian Jiaotong University, China; Narendra Kumar Chopra, SEGi University, East Malaysia; **Yuefei Jin**, Zhengzhou University, China, **Hasan Mujtaba**, Xi'an Jiaotong University, China; **Catherine K Derow**, Catherine Kari Derow Ltd, UK, The conference witnessed anamalgamation of peerless speakers, Keynote speakers, well-known researchers and delegates who enlightened the crowd with their enviable research knowledge and on various alluring topics related to the field of Infectious Diseases through their fabulous presentations at the podium ofInfectious Diseases 2018. EuroSciCon Ltd offers its heartfelt appreciation to all the Organizing Committee Members, Chairs and Co-chairs, Speakers, Students, Media Partners and Editorial Board Members of Journal of Prevention and Infection Control, International Journal of Skin Diseases and Skin Care who supported the conference in every aspect for the awe-inspiring exhibition at the venue. We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. So as continuation of Infectious Diseases 2018, we would like to heartily invite you to our upcoming 11th World Congress on Clinical Microbiology & Infectious Diseases scheduled September 12-13, 2019 Baltimore, USA. We look forward to seeing your benign presence with active contribution and support to make this event successful once more.
