2019

Invitation

We are glad to announce the 12th Edition of International Conference on Clinical Microbiology and Infectious Diseases to be held in Dubai, UAE from December 02-03, 2019 organized by EuroSciCon ltd, UK in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Microbiology, Medicinal Microbiology, Clinical Microbiology, infectious-diseases, Immune System, Analysis of Infectious Diseases

Industrial Immunology, Diagnostics Of Immunology and Infection, Immunology Of Infectious Diseases, Remedy For Immunity And Infection and Study Of Evolution.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is about learning every day. Make it count in your professional life. Attend the on Clinical Microbiology 2019 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Dubai, UAE - December 02-03, 2019.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences are happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business.

Moreover you get to meet the industry's high priests who come from all over the world. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Practitioners and Educators accessing the website, Clinical Microbiology 2019 is the most lucrative platform for Microbiology Industrialists, Microbiology Industrialists, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Clinical Microbiology 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's Microbiology trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

Dubai, UAE

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Clinical Microbiology

2019

Who'd be attending?

Leading World Microbiology Industrialists, Microbiology Industrialists Professionals, Professors, Research fellows, Leading Universities, Students, Directors of association and societies. Clinical Microbiology 2019 conference brings together individuals who have an interest in different fields of plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Molecular Biologists, Immunologists, Microbiologists, and Delegates from Medical Laboratories and Drug Designing Companies, Directors/Co-Directors of Research based companies across Europe and US who are investing in Immunology and Infectious Diseases and others who stay plunged in learning and practice of the science of technology. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 18 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare

Scientific Sessions:

- Organisms In Nosocomial Infections
- Pharmaceutical Microbiology
- Medicinal Microbiology
- Food Microbiology
- Scientific Microbiology
- Microbial Identification and Contamination
- Medication disclosure, improvement and atomic science
- Microbial Ecology and Next Gen Sequencing
- Microbial Ecology and Next Gen Sequencing
- Clinical Microbiology
- Microorganisms in Pharmaceutical Industry
- infectious-diseases
- Neuro Infectious Diseases
- Analysis of Infectious Diseases
- Immune System
- Immunogenetics
- Conceptive Immunology
- Clinical Immunology
- Immunology Techniques
- Immunity And Immune System
- Immunoresearch and Immunotechnology
- Immunotherapy, Vaccination And Immunization

About Destination Dubai

Dubai is attracting a lot of tourist around the globe for its excellence, beauty and it is the chief and most populated city in the United Arab Emirates. In recent times, Dubai has developed as a city and worldwide business center of the Middle East. It is, in addition, a central transportation center for passengers and goods. This city of giant buildings and shopping centres has changed itself from a desert outpost to a purpose of the day, where tourists run for deals, hours of daylight, and family fun. With its abundant social highlights and things to do, Dubai is making the sensation among the people.

In the 1960s, Dubai's market was based on trade incomes and, to a slighter extent, on oil exploration concessions, but oil was not found until 1966. Oil revenues started to drift in 1969. The UAE healthcare market is proposed to reach $19.5 billion (Dh71.56 billion) by 2020, achieving an annual average expansion of 12.7 percent, imperceptibly higher than the GCC growth average.

Dubai was the 7th mainly visited the city of the globe based on air traffic and the fastest growing, rising by a 10.7% rate. It is named as the shopping capital of the Middle East and The City of Gold. And some of the traveller attractions are Palm Jumeirah, Burj Khalifa, Dubai Miracle Garden, Burj Al Arab, Dubai Mall, Dubai Museum, Bastakia (Old Dubai),Sheikh Zayed Road, Dubai Aquarium, Jumeirah Beach, Mall of the Emirates, IMG Worlds of Adventure, Dubai Opera, Kite Beach, Sheikh Saeed Al-Maktoum House, Dubai Creek, Jumeirah Mosque, Deira, Alserkal Art District and many more.
