2ND INTERNATIONAL MICROFLUIDICS CONGRESS

Microfluidics 2019

May 23-24, 2019 | Las Vegas, USA

INVITATION

Meetings International proudly announces the **2nd International Microfluidics Congress** scheduled during **May 23-24, 2019 at Las Vegas, USA.** The conference emphasizes the theme "**Current Trends And Future Directions In The Field Of Microfluidics**".

Meetings International provides an international dais for global leaders, scientists, researchers and microfluidics and thermal engineering experts to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of microfluidics has come into spotlight in the recent years. The purpose of this conference is to provide an international technical forum to showcase recent advances in microfluidics. Microfluidic devices and systems have created a tremendous interest in many application fields, including life sciences, point of care (POC) diagnostics, and environmental applications

Sincerely,
Operating Committee
Meetings International Pte Ltd.

Important Dates

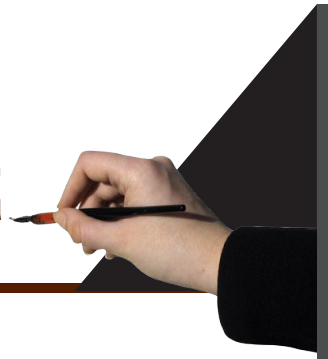

Early Bird: **April 29, 2019**

EXHIBITOR

Dolomite

Established in 2005, Dolomite Microfluidics has grown to be the industry leader in the design and manufacture of high quality innovative microfluidic products. The company offers a range of microfluidic systems, modules and components – including pumps, chips, connectors, temperature controllers, sensors, accessories and custom-made components – as well as software for analysis or automation.

Modularity, ease of use, innovation and scalability are common to all Dolomite products, which are used across a broad range of applications in biology, drug discovery, chemistry, food, cosmetics and academia. Dolomite is a part of the Blacktrace group of companies, a world leader in Productizing Science®, and has offices in the USA, Japan, India, Hanoi and Brazil, as well as a worldwide network of distributors.

Elveflow

World leader in premium microfluidic instrumentation & services. Elveflow brand is part of the Elvesys group: we focus on the development of high performance and Plug & Play flow control systems fitted to microfluidic research. Flow controller, Flow Sensors, Pressure Sensors and much more

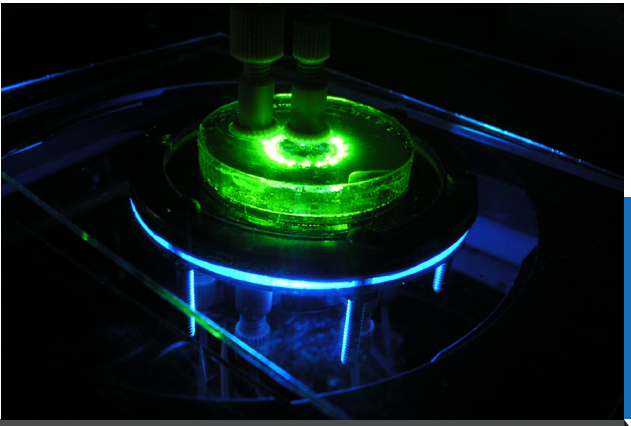

Elveflow® focuses on the development of high performance and Plug and Play flow control systems fitted to microfluidic research. We provide the only microfluidic flow control systems using Piezo technology and blazing fast flow changes in your microdevice.

CONFERENCE HIGHLIGHTS

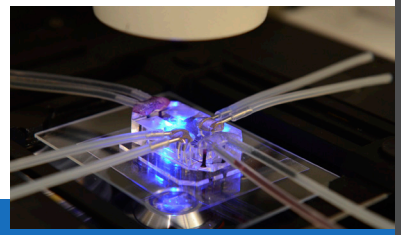

- Microfluidics Research and Advances
- Fluid Mechanics
- Microfluidic Chip
- Microfluidics in Drug Delivery and Formulations
- Microfluidics in Nano-medicine
- Nano-Materials and Nano-Technology
- Microfluidics in Pharmacy and biotechnology
- Lab-On-A-Chip Technology
- Clinical Diagnostics
- Point of Care Technologies
- Fluidics Micro Actuators
- Acoustic Droplet Ejection (ADE)

Meetings Int. offers

An unique platform for top level research and innovation

Las Vegas, USA

https://www.meetingsint.com/conferences/microfluidics

Microfluidics 2019

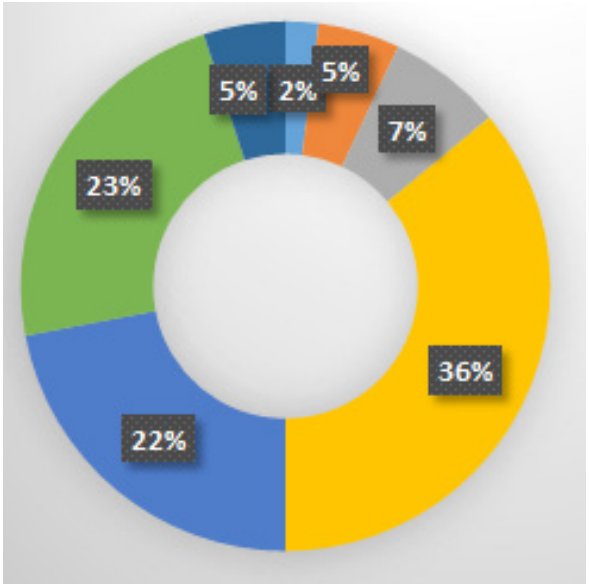

WE VALUE

Quality research

To identify the future directions of research

Peer review and high quality publication

- Head Management/CEO/Manager
- Dean
- Director
- Professor
- Students
- Research Scolars
- Business Enterprenures

ABOUT LAS VEGAS

The city Las Vegas built itself as The Entertainment Capital of the World, it is a top three destination in the United States for business conventions and a global leader in the hospitality industry, having more AAA Five Diamond hotels than any other city in the world. Today, Las Vegas annually ranks as one of the world's most visited tourist destinations.

The city has a title "Sin City" made Las Vegas a popular setting for literature, films, television programs, and music videos. The city is home to an extensive Downtown Arts District, which hosts numerous galleries and events including the annual Las Vegas Film Festival. "First Friday" is a monthly celebration that includes arts and music in The Las Vegas Arts District. The festival extends into the Fremont East Entertainment District as well.
