Manufacturing
MAY 22-23,2019
DUBAI,UAE

2ND ANNUAL CONFERENCE ON 3D PRINTING & ADDITIVE MANUFACTURING	
Day 1- 22-05-2019	
	Registrations
	Introduction
Keynote Forum	
Keynote 1	Title: Truly comprehensive solutions to produce ceramic parts with 3D printing
	Rouslan Svintiski, 3D Ceram Sales Manager, France
Keynote 2	Title: 3D printing technique to fabricate dental restorations
	Pirkko-Liisa Tarvonen, Dental Public Health from the University of Turku, Finland
Group Photo	
Networking & Refreshment Break	
Work Shop Slots are Available	
Oral Session 1	
Session Introduction	
	3D Printing & Additive Manufacturing |3D Ceramics| 3D Bioprinting | 3D Fashion & Digital Industry | 3D Dental Printing |3D printing Prosthetics|Space & Aeroscope in 3D printing
Presentation 1	Title: 3D GRAPHY LAB is a set up instituted for Medical Hospital, Dental Hospitals
	Shibhu John, CEO & Founder – Trinity Media & Marketing Solutions, India
Lunch Break	
Presentation 2	Title: The possibility of reviving traditional embroidery clothing through new technology
	Hind Mosfeer Saeed Al Gamdy ,Cranfield University, United Kingdom.
Presentation 3	Title:The transformative power of additive manufacturing and disruptive applications in Aerospace and Medical segments
	Yazen Shequem, GE Additive , Dubai,UAE.
Presentation 4	Title:3D Printed Biomaterials for Tissue Engineering
	Wafaa Ghareib , Ain-Shams University, Egypt
Presentation 5	Title: PLA and PETG applied to extrusion-based 3D printed snap-fit connections for product assembly
	Leonardo Santana, University of Porto (UP)'s School of Mechanical Engineering, Portugal,
Networking & Refreshment Break	
Presentation 6	Title: Materials for 3D printing in constructions
	Wadhah Alzahmi ,R&D technologist in 3D printing and Additive manufacturing , Dubai,UAE
Presentation 7	Title: Evaluation of 3D Bioprinting in Tissue Engineering
	Wafaa Ghareib, Ain-Shams University,Egypt
Panel Discussion	
Day 2	
23-May-19	
Keynote Forum	
	Introduction
Keynote 1	Title: 3D Printing for Industrial Operations: The Impact on Digital Strategies
	Morgan Eldered, Managing Partner Digital Energy,Dubai,UAE
Keynote 2	Title: Technology Consultation & Services – 3D GRAPHY a global platform
	Shibhu John, CEO & Founder – Trinity Media & Marketing Solutions, India
Networking & Refreshment Break	
Presentation 1	Title: Scaffolds Bioprinting
	Wafaa Ghareib, Ain-Shams University,Egypt
Oral Session 2	
Session Introduction	
	3D Printed Designs & Modelling| PCBS Electronic Printing| Tissue Engineering& fabrication |3D Printing in Automative Industry| Microarray 3D printing
Presentation 2	Title: 3D Development of Management Information System for Process-Based Activity Based Costing System by Improving Lean Management Techniques
	Hikmet Marasali,Kahramanmaras Sutcu Imam University, Turkey
Presentation 3	Title: Printing a better world with Multi Material 3D Printing
	René van der Meer ,Lead Technologist Industrial Printing, Netherlands
Lunch Break	
Presentation 4	Title: Bioprinting by using Tissue Fabrication
	Wafaa Ghareib, Ain-Shams University,Egypt
Presentation 5	Title: 3D Printing Materials
	Alfred Shuryan , CEO & Founder of 3DPc Club, USA
Presentation 6	Title: 3D Printing in Tissue Engineering
	Hieu Tran ,Vietnam
Presentation 7	Title: 3D Printing Materials in constructions
	Wadhah Alzahmi ,R&D technologist in 3D printing and Additive manufacturing , Dubai,UAE
Speaker Slots are Available	
Panel Discussion	
Award Ceremony
