

EuroSciCon

8th International Conference on

Euro Pediatrics Week

November 11-12, 2019
Dubai, UAE

Theme: Excellence in Pediatrics and Neonatal Research

EuroSciCon

Pediatrics Week

2019

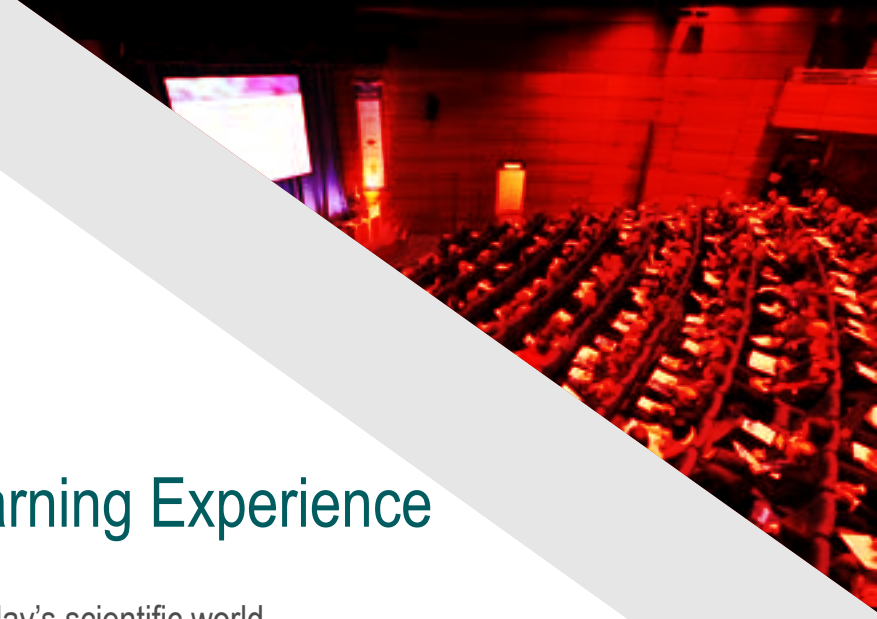

Invitation

Welcome to Dubai, the city of ultramodern architecture, and experience the science of 8th International Conference on Euro Pediatrics Week illuminated as never before. EuroSciCon is proud to host the Pediatrics Week and Regulatory Measures, November 11-12, 2019 in Dubai, UAE. This year's theme is Global Forum of Innovations in Pediatrics Week . Pediatrics Week 2019 will provide an unprecedented opportunity for scientists and researchers of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Scientists, Researchers, and entrepreneurs in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Pediatrics Week 2019 Conference is the perfect venue not only to dive into your particular research interests but also to expand the scope of your knowledge. Tracks are devoted to very upcoming and challenging parts of Pediatrics.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant research forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Pediatrics Week

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

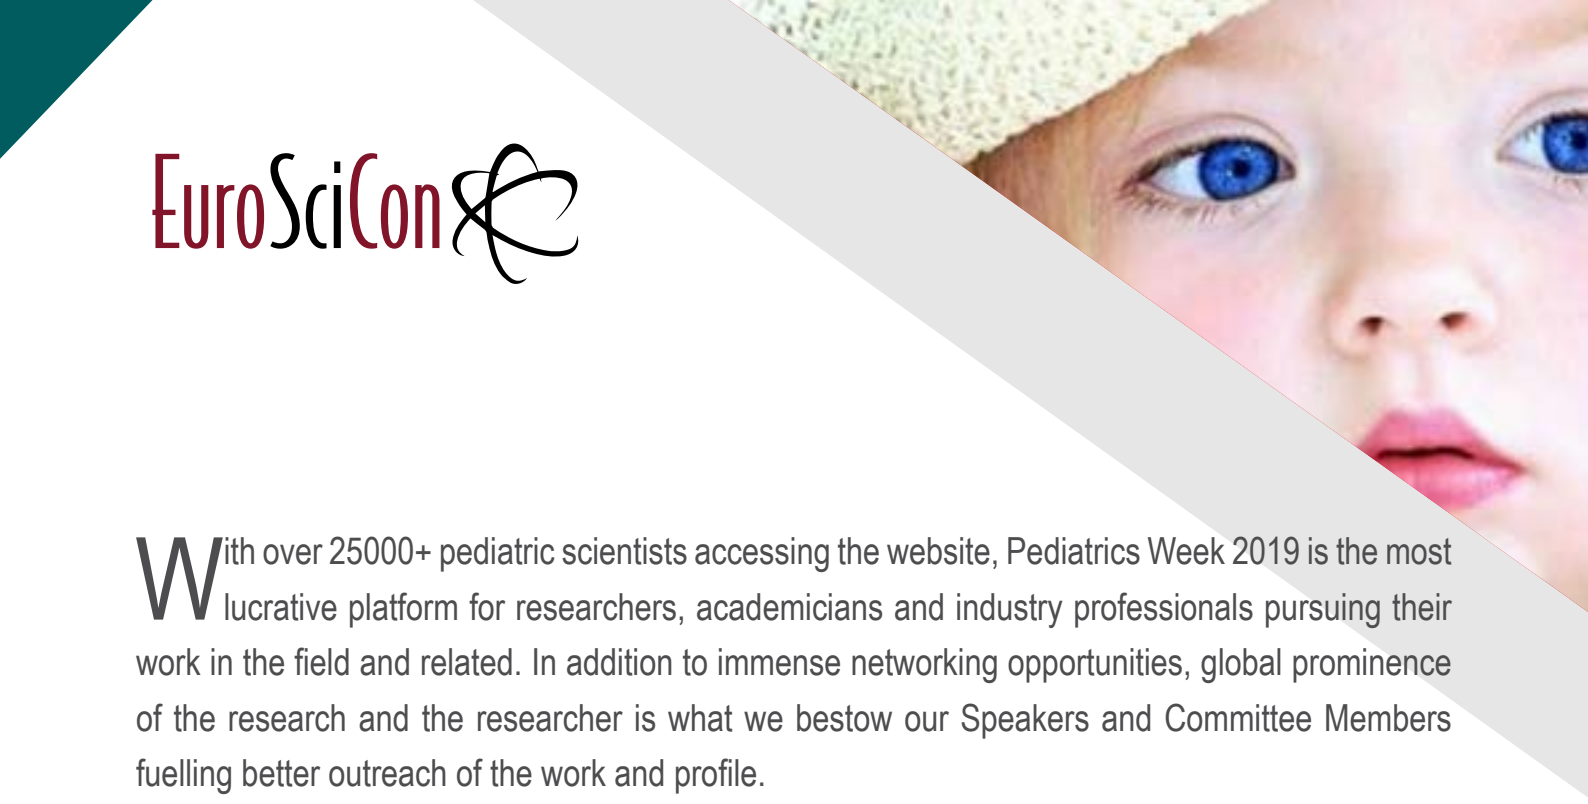

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ pediatric scientists accessing the website, Pediatrics Week 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Pediatrics Week 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

November 11-12, 2019

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Pediatrics Week

2019

Who'd be attending?

The Conference on 8th International Conference on Euro Pediatrics Week plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Pediatrics Consultants, Neonatal Specialists, Pediatric Professionals, Laboratory Directors and Chemists, Neonatal Scientists and Researches and others who stay plunged in learning and practice in the filed of Pediatrics

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Pediatrics
- General and Clinical Pediatrics
- Neonatology and Perinatology
- Autism/ ADHD/ Anxiety
- Pediatric Immunology and Infectious Diseases

About Destination Dubai

Dubai is the largest and most populous city in the United Arab Emirates (UAE). On the southeast coast of the Persian Gulf, it is the capital of the Emirate of Dubai, one of the seven emirates that make up the country.

Dubai has attracted world attention through large construction projects and sports events, in particular the world's tallest building, the Burj Khalifa. As of 2012, Dubai was the most expensive city in the Middle East.

Dubai has been called the "shopping capital of the Middle East". Dubai alone has more than 70 shopping centres, including the world's largest shopping centre, Dubai Mall. Dubai is also known for the historical souk districts located on either side of its creek. Traditionally, dhows from East Asia, China, Sri Lanka, and India would discharge their cargo and the goods would be bargained over in the souks adjacent to the docks. Dubai Creek played a vital role in sustaining the life of the community in the city and was the resource which originally drove the economic boom in Dubai. As of September 2013, Dubai creek has been proposed as a UNESCO World Heritage Site. Many boutiques and jewellery stores are also found in the city. Dubai is also referred to as "the City of Gold" as the Gold Souk in Deira houses nearly 250 gold retail shops.

Dubai has a wide range of parks like Safa park, Mushrif park, Hamriya park etc. Each park is uniquely distinct from the other. Mushrif park showcases different houses around the world. A visitor can check out the architectural features of the outside as well as the inside of each house.

Some of the most popular beaches in Dubai are Umm Suqeim Beach, Al Mamzar Beach Park, JBR Open Beach, Kite Beach, Black Palace Beach and Royal Island Beach Club.
