8th International Pediatrics Week Congress

Theme: Excellence in Pediatrics and Neonatal Research

EuroSciCon

Pediatrics Week

2019

Invitation

Welcome to Bangkok, the top destination city, and experience the science of 8th International Conference on Euro Pediatrics Week illuminated as never before. EuroSciCon is proud to host the Pediatrics Week Congress, November 18-19, 2019 in Bangkok, Thailand. This year's theme is Excellence in Pediatrics and Neonatal Research. Pediatrics Week 2019 will provide an unprecedented opportunity for scientists and researchers of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Scientists, Researchers, and entrepreneurs in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Pediatrics Week 2019 Conference is the perfect venue not only to dive into your particular research interests but also to expand the scope of your knowledge. Tracks are devoted to very upcoming and challenging parts of Pediatrics.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant research forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Pediatrics Week

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

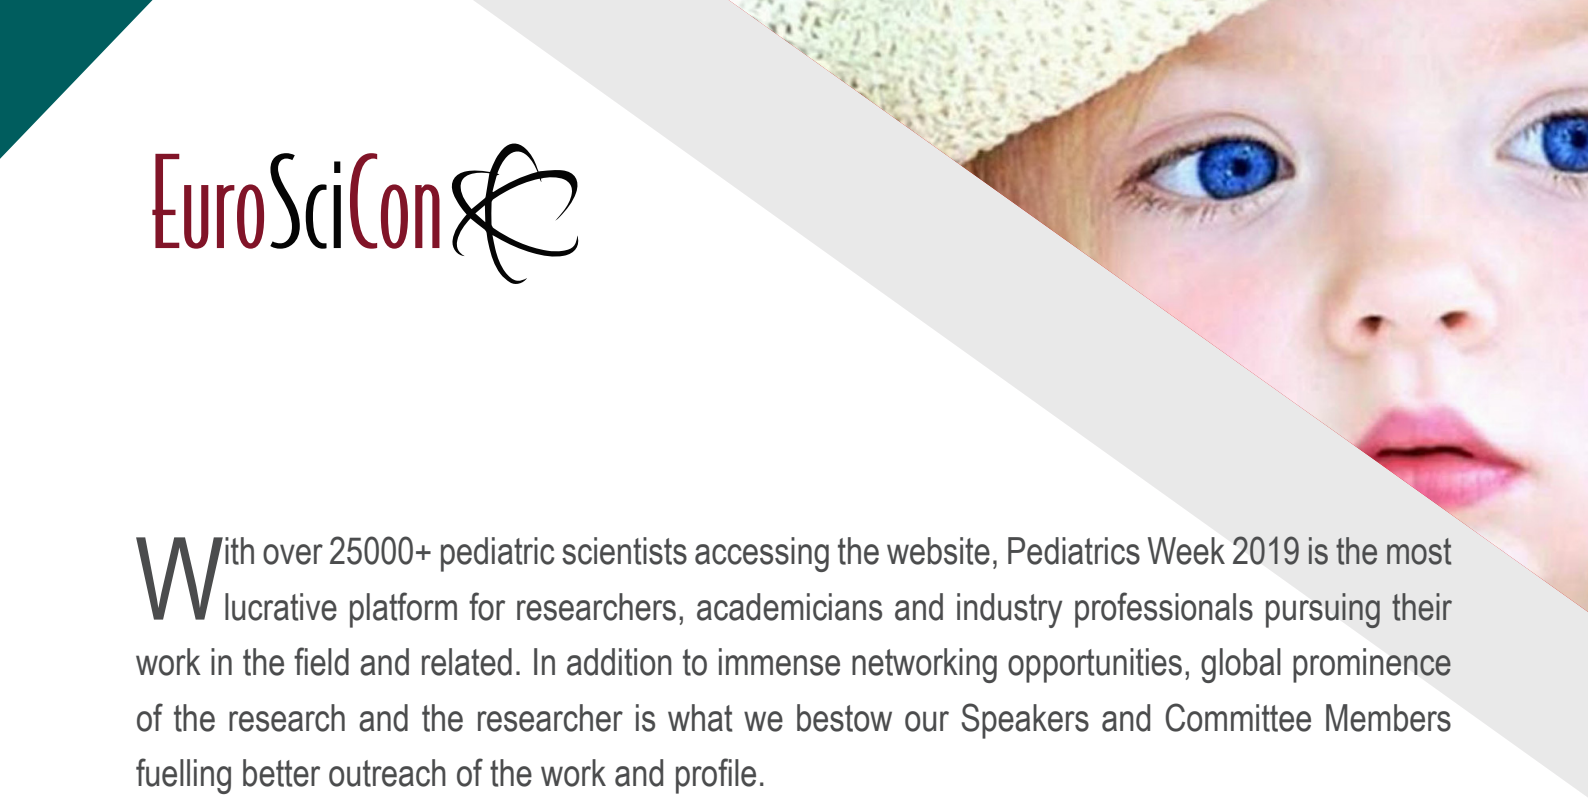

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ pediatric scientists accessing the website, Pediatrics Week 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Pediatrics Week 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connections
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

Bangkok, Thailand

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Pediatrics Week

2019

Who'd be attending?

The Conference on 8th International Pediatrics Week Congress plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Pediatrics Consultants, Neonatal Specialists, Pediatric Professionals, Laboratory Directors and Chemists, Neonatal Scientists and Researches and others who stay plunged in learning and practice in the filed of Pediatrics

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Pediatrics
- General and Clinical Pediatrics
- Neonatology and Perinatology
- Autism/ ADHD/ Anxiety
- Pediatric Immunology and Infectious Diseases
- Preterm-birth Complications and Neonatal Intensive Care
- Child Nutrition and Development
- Pediatric Allergy and Respiratory Disorders
- Neonatal and Primary Care
- Breast Feeding
- Pediatric Nursing
- Pediatric Cardiology & Hematology
- Pediatric Mental Health and Psychology
- Child and Adolescent Obesity
- Pediatric Surgery
- Pediatric Genetic Disorders
- Pediatrics Critical Care and Emergency Medicine
- Child abuse and Prevention
- Pediatric Rehabiliation
- Pediatric Vaccines and Immunization
- Pediatric Gastroenterology and Hepatology
- Pediatric Endocrinology & Diabetes
- Pediatric Pulmonology & Sleep Medicine
- Pediatric Otorhinolaryngology
- Pediatric Dermatology
- Pediatric Hospice and Palliative Care
- Pediatric Oncology & Radiology

About Destination Bangkok

Bangkok is one of the world's top tourist destinations. Of 162 cities worldwide, MasterCard ranked Bangkok as the top destination city by international visitor arrivals in its Global Destination Cities Index 2018, ahead of London, with just over 20 million overnight visitors in 2017. Bangkok was also named "World's Best City" by HYPERLINK "https://en.wikipedia.org/wiki/Travel_%2B_Leisure" \o "Travel + Leisure" Travel + Leisure magazine's survey of its readers for four consecutive years, from 2010 to 2013. As the main gateway through which visitors arrive in Thailand, Bangkok is visited by the majority of international tourists to the country. Domestic tourism is also prominent.

Bangkok's multi-faceted sights, attractions and city life appeal to diverse groups of tourists. Royal palaces and temples as well as several museums constitute its major historical and cultural tourist attractions. Shopping and dining experiences offer a wide range of choices and prices. The city is also famous for its dynamic nightlife.

Among Bangkok's well-known sights are the Grand Palace and major Buddhist temples, including Wat Phra Kaew, Wat Pho, and Wat Arun. The Giant Swing and Erawan Shrine demonstrate Hinduism's deep-rooted influence in Thai culture. Vimanmek Mansion in Dusit Palace is famous as the world's largest teak building, while the Jim Thompson House provides an example of traditional Thai architecture. Other major museums include the Bangkok National Museum and the Royal Barge National Museum. Cruises and boat trips on the Chao Phraya and Thonburi's canals offer views of some of the city's traditional architecture and ways of life on the waterfront.

Shopping venues, many of which are popular with both tourists and locals, range from the shopping centres and department stores concentrated in Siam and Ratchaprasong to the sprawling Chatuchak Weekend Market. Taling Chan Floating Market is among the few such markets in Bangkok. Yaowarat is known for its shops as well as street-side food stalls and restaurants, which are also found throughout the city. Khao San Road has long been famous as a backpackers' destination, with its budget accommodation, shops and bars attracting visitors from all over the world.
