Invitation

Meetings International proudly announces the ***International Conference On Acupuncture and Oriental Medicine*** scheduled during ***September 17, 18 2018*** in ***Chicago, USA***. The conference emphasizes the theme "***The illustrated manual on points for Acupuncture and Oriental Medicine***".

Meetings International provides an international dais for scientists and plant science professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. Acupuncture originated as a traditional practice of Chinese medicine and in its classical form, acupuncture is one of the oldest forms of medicinal practice in human history still being used today. Health benefits of acupuncture include relief from chronic pain, arthritis, anxiety, insomnia, depression, migraine, nausea, postoperative pain, and obesity. Acupuncture is one of the most widely used alternative medicines throughout the world, and in simplest terms, acupuncture is the practice of penetrating the skin with small needles at specific points on the body. The vision behind this world congress is to reveal the concept of traditional Acupuncture points. The conference will impact an attractive moment to meet people who are involved in the research field and therefore it takes a delight in opening a gate to meet the ability within the field, extremely reputed man of science, Researchers, Academicians, Business Professionals, organization, and Young man of science, Students..

Sincerely,
