EuroSciCon

9th International Conference on Addiction Psychiatry & Mental Health

September 16-17, 2019, Rome, Italy

AGENDA

Biography

EuroSciCon

Title: A Neuroscience-based Blueprint for the Modern Integrated Addiction and Mental Health Treatment System

R. Andrew Chamber,
Indiana University School of Medicine, USA

R. Andrew Chambers, MD is Associate Professor of Psychiatry at the Indiana University (IU) School of Medicine in Indianapolis. Andy is a graduate of Centre College (1991), Duke University School of Medicine (1996), and Yale University Psychiatry Residency and Fellowship Programs in Neuroscience (2002). He graduated from the Addiction Psychiatry Training Program at IU in 2012, and is now the Director. Andy's basic, clinical and neuro- computational research has been supported by grants from NARSAD, the American Psychiatric Association, National Institutes on Drug Abuse, Alcohol Abuse and Alcoholism, and the Veterans Administration. Andy's research on the neurobiological and developmental basis of addiction vulnerability in mental illness has recently been translated into a new textbook of addiction psychiatry clinical care and professional training

Title: On The Nexus Of Chronic Pain, Posttraumatic Stress, And Alexithymia.

Dr. Nakieta Lankster,
American School of Professional Psychology, USA

Dr. Lankster has 20 years of healthcare experience, 14 years of mental health experience, and 3 years of licensure as a clinical psychologist. She graduated from the American School of Professional Psychology and has undergraduate degrees in psychology and sociology from the University of West Alabama. She has published literature on trauma, CBT, cultural issues, and more. Dr. Lankster is also a peer reviewer for the National Institute of Justice and the Journal of Rural Mental Health. Currently, she specializes in and researches issues surrounding community and mass trauma, rural mental health, culture related issues, and child therapy.

Title: Automated Neurofeedback Brain-training as a Primary Addictions Intervention.

Posson, Donald R,
National University , CA, USA

Dr. Don began his career in mental health as a US Navy Substance Abuse Program manager. With over two decades in the field as a private practitioner, university professor, and innovater, he brings his understanding of psycho-physiology to bear on treatment modalities that directly address the underlying brain-rhythms that drive nearly all mental health disorders. Dr. Don is a full-tieprofessor at National University, teaching addictions, psychology, and human behavior courses. He has recently published several articles articulating the broader application of Autoated Neurofeedback Brain-Training as a primary mental health intervention. He has "brain-trained" hundreds of individuals under psychiatric/psychological care with outstanding results..

Title: Humor and Emotion Regulation in Remitted Depression: Differential Effects of Humor Related to Distress versus Humor Unrelated to Distress

Ms. Anna Braniecka,
University of Social Sciences and Humanities, Poland

Anna Braniecka is an assistant professor at the Institute of Clinical Psychology (Faculty of Positive Psychology) at SWPS University and has 14 years' experience as a clinical psychologist. Her research combines clinical studies with positive psychology and thus goes beyond the traditional symptom-focused approach to mental disorders by investigating psychiatric patients' wellbeing, strengths and resilience. Together with her team, she is currently implementing a research grant on self-regulation in recurrent depression. She is a founding member of the Positive Psychology Society (Poland)—involved in many campaigns aimed at improving the state of mentally ill people (e.g., the Mental Health Protection Programme, Faces of Depression, Forum Against Depression).

Title: Service provision for people with substance use disorders in a rural district, South Africa

December Mpanza,
University of KwaZulu-Natal, South Africa

Mr December Mpanza, is an Occupational Therapist and a lecturer at the University of KwaZulu-Natal, South Africa and a PhD candidate for Public Health Medicine. He is an executive board member and secretary of South African National Council on Alcoholism and Drug Dependence based in Durban. He is also a therapist for the First Episode Psychosis Clinic at King Edward Hospital, South Africa

Title: Mu Opioid Receptor Gene (OPRM 1) Polymorphism in Patients with Opiate Use disorder.

Nehal Mostafa Ahmed Attia ,
Cairo University, Egypt

Nehal Mostafa Ahmed Attia has completed her Master degree at age of 28 and her PhD at the age of 32 years from Cairo University and postdoctoral studies from Cairo University School of Medicine. She is a lecturer at Cairo Univeristy School of Medicine. She is also a member of the Egyptian Psychiatric Association. She has published one paper in reputed journal.
