INTERNATIONAL CONFERENCE ON

WORLD ADOLESCENT HEALTH AND MEDICINE

Adolescent Health 2019

August 19-20, 2019 | Hong Kong

INVITATION

Adolescent Health 2019

Meetings International proudly announces the **International Conference on Adolescent Health and Medicine** scheduled during **August 19-20, 2019 at Hong Kong.** The conference emphasizes the theme "**Spearheading Spirit of Enriching the Lives of Children**".

Meetings International provides an international dais for scientists and animal health science professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of animal health has come into spotlight in the recent years. The main objective of animal health science is to study and endeavour to cure diseases in companion animals (horses, dogs and cats etc..), and to advance the teaching and practice of veterinary art and science.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

ABOUT HONG KONG

Hong Kong is a popular tourist destination in southeastern Asia, with a mixture of Eastern and Western cultural influences. It has four main areas: Hong Kong Island, Kowloon, the New Territories and a group of smaller islands. The words Hong Kong mean “Fragrant Harbor,” so named because of its deep-water harbor, which has contributed to Hong Kong’s success as a center for international trade and finance. Due to the advantageous geographical location, Hong Kong serves as an important transport hub between international cities and regions with major cities in Mainland China. The well-developed urban transport system can be used to most places in the city, making traveling convenient and cheap.An open city with a wonderful natural harbor, it is a place where various cultures blend harmoniously. British culture can be found everywhere as a result of former colonial rule, while it also preserves traditional customs and the core values of Confucianism that have faded in Mainland China. It is the backdrop for modern movies and pop music that enjoy worldwide recognition.
