Session Adjunctment	
Day 2 sessions will be announced soon!	

About Venice

Venice is a city in north eastern Italy and the capital of the Veneto region It is situated on a group of 118 small islands that are separated by canals and linked by over 400 bridges. The islands are located in the shallow Venetian Lagoon, an enclosed bay that lies between the mouths of the PO and the Piave rivers (more exactly between the Brenta and the Sile). In 2018, 260,897 people resided in the Comune di Venezia, of whom around 55,000 live in the historical city of Venice.Together with Padua and Treviso, the city is included in the Paude-Treviso-Venice Metropolitan Area (PATREVE), which is considered a statistical metropolitan area. The luminous spectacle of ornate marbled and frescoed palaces, bell towers, and domes reflected in the sparkling waters of the lagoon under a blue Adriatic sky has been painted, photographed, and filmed to such an extent that it is difficult to distinguish the real city from its romantic representations. The visitor arriving in Venice is still transported into another world, one whose atmosphere and beauty remain incomparable.
