ABOUT AMSTERDAM

The Netherlands is one of the most densely populated country of the world has very interesting cities, beautiful nature, and diverse landscape, always have fresh wind from the sea. This is the country, where light always amaze the visitors. Amsterdam, the greatest planned city of northern Europe and has always been a known name in world's history and played a key role in the history of the Netherlands. In the 17th century Amsterdam was the centre of world's economy and today the city is known for its coherent character. Amsterdam is where modern architecture developed inevitably between facades of historical buildings. Since it is not a very big city, all sites of interest are within easily reachable distance, this is why Amsterdam is so popular with lovers of architecture. Amsterdam is truly a biker's city, although pedalling along the labyrinthine streets can get a little chaotic. Stick to walking and you won't be disappointed. The gentle canals make a perfect way for exploring the Jordaan and Rembrandtplein square.
