

EuroSciCon

14th World congress on

Alzheimer's and Dementia

May 13-14, 2020
Frankfurt, Germany

Theme:

Innovative advancements in the Era of Alzheimers and Dementia

Invitation

Welcome to Frankfurt, the capital and most populous municipality of Germany, and experience neuroscience illuminated as never before. EuroSciCon is proud to host the 14th World Congress on Alzheimers and Dementia, May 13-14, 2020in Frankfurt, Germany. This year's theme is Innovative advancements in the Era of Alzheimers and Dementia. Dementia 2020 will provide an extraordinary opportunity for Psychologists and Neurologists of all strips and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Psychologists, Neurologists, Pharmacologists, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, Alzheimers and Dementia Conference is the perfect venue not only to dive into your field of neuroscience interests but also to expand the scope of your knowledge. 20 tracks are devoted to subjects such as the Alzheimers disease and dementia, fronto temporal dementia, vascular dementia, mixed dementia, lewybody dementia, drug development in dementia, neuro imaging and many more.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Psychological forum in person is your active participation

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 300 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ accessing the website, Dementia 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fueling better outreach of the work and profile.

Dementia 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

May 13-14, 2020
Frankfurt, Germany

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 300+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

2020

Who'd be attending?

14th World congress on Dementia 2020 plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently DementiaConsultants, Investigative Dementia Regulatory Professionals, Laboratory Directors and others who stay plunged in learning and practice of the science of Alzheimer's and Dementia.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Brain Injury
- Alzheimer's Disease & Dementia
- Mental Illness
- Dementia
- Vascular Dementia
- Neuro Oncology and CNS
- Aging And Dementia
- Animal Models And Translational Medicine
- Insulin Resistance on The Development Of Alzheimer's Disease
- Neurological Diseases
- Dementia Care Management
- Recent Advancement In Treating Dementia
- Geriatric And Cognitive Disorder
- Behavioural Problems In Alzheimer's Disease
- Frontotemporal Dementia
- Neurodegenerative Diseases
- Neurotoxicity of Drug Abuse

2020

About Destination Frankfurt, Germany

Germany officially the Federal Republic of Germany is a country in Central and Western Europe, lying between the Baltic and North Seas to the north and the Alps. To the east, Austria and Switzerland to the south, France to the southwest, and Luxembourg, Belgium and the Netherlands to the west. Germany includes 16 constituent states, covers an area of 357,386 square kilometres and has a largely temperate seasonal climate. With 83 million inhabitants, it is the second most populous state of Europe after Russia, the most populous state lying entirely in Europe, as well as the most populous member state of the European Union. Germany is a very decentralised country. Its capital and largest metropolis is Berlin, while Frankfurt serves as its financial capital and has the country's busiest airport. Germany's largest urban area is the Ruhr, with its main centres of Dortmund and Essen. The country's other major cities are Hamburg, Munich, Cologne, Stuttgart, Düsseldorf, Leipzig, Bremen, Dresden, Hanover, and Nuremberg. Various Germanic tribes have inhabited the northern parts of modern Germany since classical antiquity. A region named Germania was documented before AD 100. During the Migration Period, the Germanic tribes expanded southward. Beginning in the 10th century, German territories formed a central part of the Holy Roman Empire.
