4th International Conference on

Antibiotics and Antimicrobial Resistance

May 23-24, 2022 | Rome, Italy

www.meetingsint.com/conferences/antibiotics

Keynote session	
09:00-09:15	Registration
09:15-09:30	Opening Ceremony
09:30-10:15	**Title: Use of lipo-oligopeptides nano-emulsions for use on drug-resistant strains**
	Donald R. Owen, Owen Biosciences Inc, USA
10:15-11:00	**Title: Transwell Tolerance-Resistance (TTR) system: A novel approach to study mycobacterial antibiotic tolerance and emergence of drug resistance.**
	Jees Sebastian, New Jersey Medical School, USA
****Slots Left for day 2****	
Networking and Refreshment Break(11:00-11:30)	
Oral session I	
Pharmacology of Antibiotics | Antibiotic Resistance & Prevention	
11:30-12:00	**Title: Prevention and control of multidrug-resistant organisms**
	Dechen C. Tsering, Sikkim Manipal Institute of Medical Sciences, India
12:00-12:30	**Title: Characterize the outer membrane vesicles of elizabethkingia anophelis under the stress of antibiotics**
	Ming-Hsien Chiang, NDMC, Taiwan
12:30-13:00	**Title: Occurrence of ESBL-and biofilm-producing Enterobacteriaceae in commercial and backyard poultry in Andaman and Nicobar Island (India): exploration of the 'naïve' environment with occasional exposure to the civilized world**
	Sneha Bhowmick, ICAR-Central Island Agricultural Research Institute, India
****Slots Left for day 2****	
Lunch Break (13:00-14:00)	
Oral session II	
14:00-14:30	**Title: Bacteria and antimicrobial resistance in children at damascus hospital**
	Fatema Mohsen, Syrian Private University, Syria
14:30-15:00	**Title: Study of marketed herbal drug for its immunomodulatory and antibacterial effect on bovine subclinical mastitis**
	Devyani Dave, Saurashtra University, India
15:00-15:30	**Title: New approaches to overcome the problems of antibiotic resistance by microorganisms**
	Musab Umar Abubakar, Mewar University, India
15:30-16:00	**Title: Evaluation of the antibiotic resistance of enterobacteriaceae producing extended-spectrum beta-lactamases and carbapenemase isolated in Brazzaville (Congo)**
	Fils Landry MPELLE, Marien NGOUABI University, Congo
16:00-16:30	**Title: Antibiotic Therapy**
	Safa Hashim, University Of Karachi, Pakistan
16:30-17:00	**Title: Infectious Diseases**
	Suchana Banerjee, Quantum University, India
****Slots Left for day 2****
