International Conference on

Applied Materials and Technology

April 23-24,2021 | Tokyo , Japan

https://www.meetingsint.com/conferences/appliedmaterials

Invitation

Dear Attendees

Meetings International proudly announces the ***International Conference on Applied Materials*** scheduled during ***April 23-24, 2021 in Tokyo ,Japan.***

The conference emphasizes the theme "***Invention and Innovation of New Concepts in the field of Applied Materials***".

The Applied Materials 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in Applied Materials and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Applied Materials 2021 is to provide an international technical forum to showcase recent advances in Materials , Nanotechnology, Science and Technology conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

Operating Committee

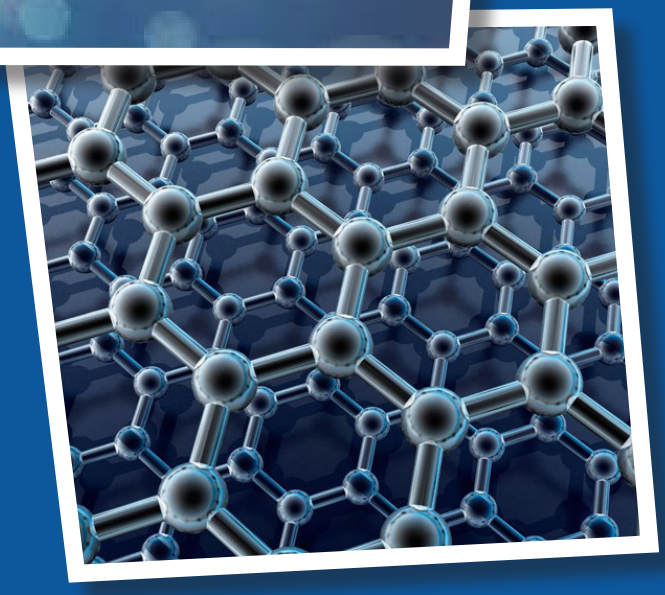

Applied Materials 2021

Conference Highlights

- Applied Materials
- Nanotechnology
- Imaging of Materials
- Functional Materials
- Electronic Materials
- Advanced Materials
- Materials in Healthcare
- Biosensors and Bioelectronic Materials
- Material Synthesis and Characterization
- Characterization and Testing of Materials
- Analytical Techniques and Instrumentation
- Science and Technology of Applied Materials

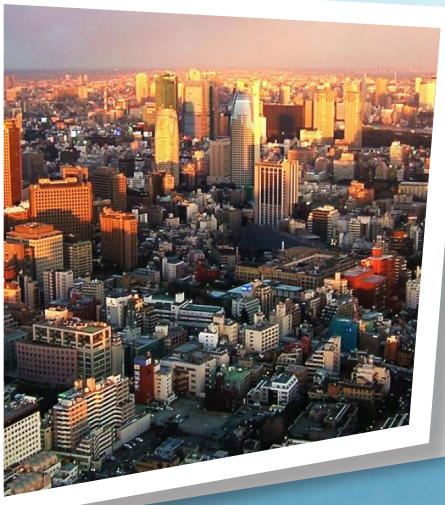

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Singapore Attractions

Explore Japan

Tokyo formally Tokyo Metropolis and most crowded prefecture of Japan. Situated at the head of Tokyo Bay, the prefecture frames part of the Kantō area on the focal Pacific shore of Japan's principle island, Honshu. Tokyo is the political and financial focal point of the nation, just as the seat of the Emperor of Japan and the public government. The Greater Tokyo Area is the most crowded metropolitan region on the planet, with more than 37.393 million occupants as of 2020.Tokyo is the biggest urban economy on the planet by total national output, and is arranged as an Alpha+ city by the Globalization and World Cities Research Network. Part of a mechanical locale that incorporates the urban communities of Yokohama, Kawasaki, and Chiba, Tokyo is Japan's driving focal point of business and account.

Venue

Tokyo, Japan

Important Dates

Early Bird: ***September 20, 2020***

Abstract Submission Deadline: ***September 25, 2021***
