AppliedMicrobiology2018

World Congress on

Applied Microbiology

August 13-14,2018 | Rome, Italy

Theme: *Fostering Advances and Innovations in Microbial Research*

http://www.meetingsint.com/conferences/appliedmicrobiology

Invitation

Meetings International proudly announces the ***World Congress on Applied Microbiology*** scheduled during ***August 13-14, 2018*** in ***Rome, Italy***. The conference emphasizes the theme "Fostering Advances and Innovations in Microbial Research".

Meetings International provides an international dais for scientists and Microbiologist, professionals to Exchange Ideas, Knowledge and Networking at its **International Conferences**. Applied Microbiology 2018 is a platform to share new research and treatments for emerging infectious Diseases in the field of microbiology. Microbiology is an applied science, which is applied to all the fields of life science including agriculture, health and medicine and maintenance of the environment, as well as the biotechnology industry. Thus, priorities are given for conducting public health surveillance that intends to provide a better and healthy and happier future

Sincerely,
Operating Committee
Applied Microbiology 2018
Meetings International

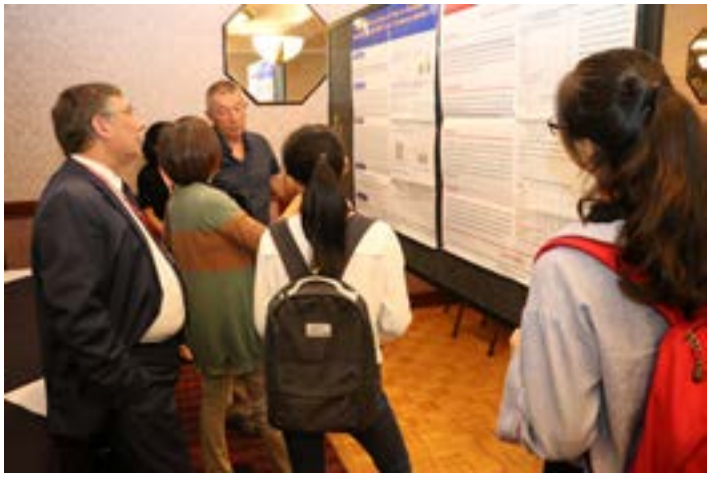

Applied Microbiology 2018

Conference Highlights

- Medical and Clinical Microbiology
- Food and Industrial Microbiology
- Microbial Technology and Genetic Engineering
- Environmental Microbiology & Microbial Ecology
- Veterinary Microbiology
- Agricultural and Soil Microbiology
- Pharmaceutical Microbiology
- Microbial Bioinformatics
- Molecular Pathogenesis
- Vaccines and Immunization
- Diagnostic Microbiology
- Antimicrobial Chemotherapy

MeetingsInt.offers

A unique platform for top level research and innovation

Tentativ Programe Applid Microbiology 2018

Day 1	
August 13, 2018	
09:30 - 10:00	**Registrations**
10:00 - 10:30	**Opening Ceremony**
10:30 - 10:45	**Introduction**
Keynote Forum	
Keynote Speech 1	**Title: Epidemic Flu Viruses**
	Giulio Tarro, Foundation de Beaumont Bonelli for cancer research, Italy
Keynote Speech 2	**Title: Quorum sensing as a target for antivirulence therapy**
	Livia Leoni, University Roma Tre., Italy
Keynote Speech 3	**Title: Numerical analysis of the adhesive interaction of bacterium and glass surface**
	Raimondas Jasevičius, Vilnius Gediminas Technical University, Vilnius, Lithuania
Group Photo	
Lunch Break 12:50 - 13:50	
Workshop	**Title: Tumor liberated protein (TLP) as potential vaccine for lung cancer patients**
	Giulio Tarro, Foundation de Beaumont Bonelli for cancer research, Italy
Session Highlights **Medical and Clinical Microbiology | Environmental Microbiology & Microbial Ecology | Agricultural and Soil Microbiology | Vaccines and Immunization| Microbial Genomics and Molecular Microbiology**	
Speaker	**Title: Bioprospecting of marine resources for biopolymer production**
	Sourish Bhattacharya, CSIR-Central Salt and Marine Chemicals Research Institute, India
Speaker	**Title: Development of gluten reduced wheat product using indigenous lactic acid bacteria for Celiac Disease**
	Devaraja Gayathri, Devangere University, India
Speaker	**Title: Direct evidence of viral infection and mitochondrial alterations in the brain of fetuses at high risk for schizophrenia**
	Segundo Mesa Castillo, Psychiatric Hospital of Havana, Cuba
Speaker	**Title: Response of microbes, as bioinoculants including Endomycorrhizal Fungi on growth and floral response of Zinnia elegans Jacq. under polyhouse and open field condition**
	Ishan Saini, Kurukshetra University, India
	Networking and Refreshment Break
	Speaker Slot Available
Speaker	**Title: Gaps and lapse in population based childhood vaccination coverage, lessons learned for building national capacity**
	Hamid yahya Husain, Dubai Health Authority, UAE
Speaker	**Title: Isolation and characterization of a bacteriophage that hosts on Avian-pathogenic Escherichia coli (APEC)**
	Murad Ishnaiwer, Palestine Polytechnic University, Palestine
Speaker	**Title: Prevalence of blaNDM-1-Producing Escherichia coli in Asia : A Systematic Review and Meta-Analysis**
	Masoud Dadashi, Shahid Beheshti University of Medical Sciences, Iran
Speaker	**Title: Assessing the infection risk of enteropathogens from consumption of raw vegetables washed with contaminated water in Kathmandu Valley, Nepal**
	Shrestha S, University of Yamanashi, Nepal
Speaker	**Title: Bud poplar extract – chitosan films as multifunctional wound healing agent**
	Donatella Pietrella, University of Perugia, Italy

Day 2 program will be updated soon

NOTE: The final Scientific Program will be updated 30 days prior to the conference.

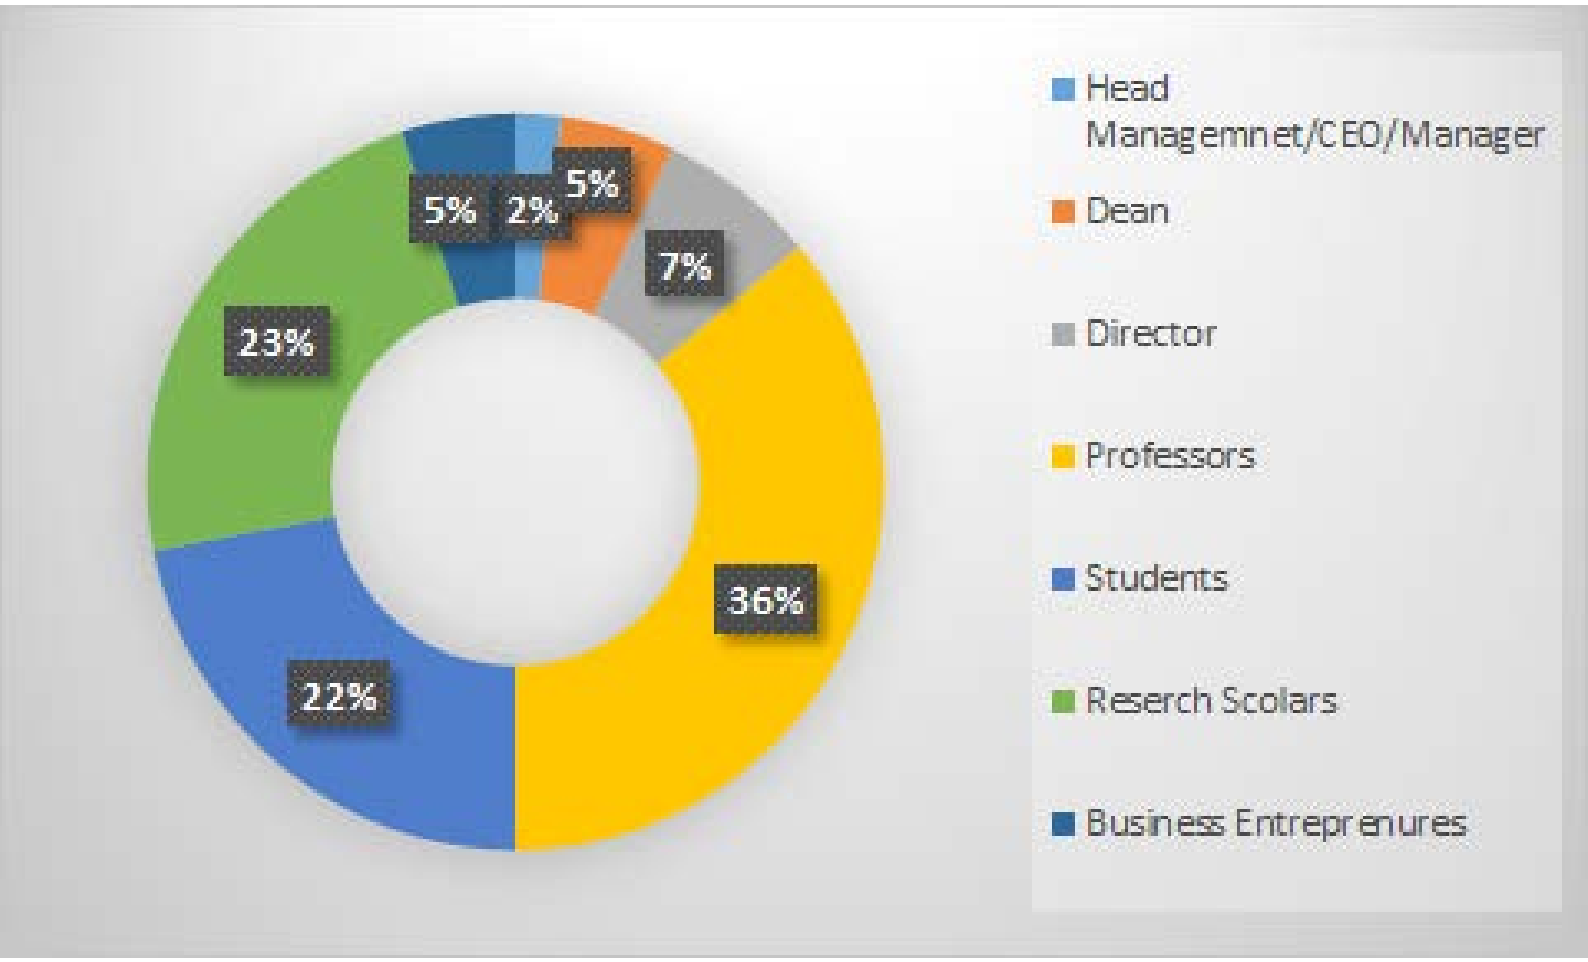

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore Rome

Rome is the capital city of Italy. It is also the country's largest and most populated commune and fourth-most populous city in the European Union.

Rome is a historical powerhouse with wonderful palaces, millennium-old churches, grand romantic ruins, opulent monuments and museums such as the Vatican Museums and the Colosseum, ornate statues and graceful fountains.

Rome enjoys a Mediterranean climate. Rome's average temperature in August is around 81° F 20°C, and gradually reaches up to 19°C-32°C as the month progresses.

Rome Attractions

Palestine Hills

Vatican Palace

Rialto Bridge

The Galleria Borghese

Colossuem

Trevi Fountain

Vatican Museum

St. Peter's Basillca

Vatican Palace

Venue:

Rome, Italy

Important Dates

Early Bird Registration: May 31, 2018

Abstract Submission: December 15, 2017

Registration Opens: December 17, 2017

On Spot Registration: August 12, 2018

Supporting Journal

Medical Microbiology

Journal of Pharmaceutical Microbiology

Registration
