Applied Physics 2018

INTERNATIONAL CONFERENCE ON

APPLIED PHYSICS AND MATHEMATICS

October 22-23, 2018 | Tokyo, Japan

http://www.meetingsint.com/conferences/appliedphysics-mathematics

Invitation

Meetings International proudly announces the ***International conference on applied physics and mathematics*** scheduled during ***October 22-23, 2018*** in ***Tokyo, Japan***. The conference emphasizes the theme "***Exploring the innovations and excellence across the spectrum of Physics and Mathematical science***".

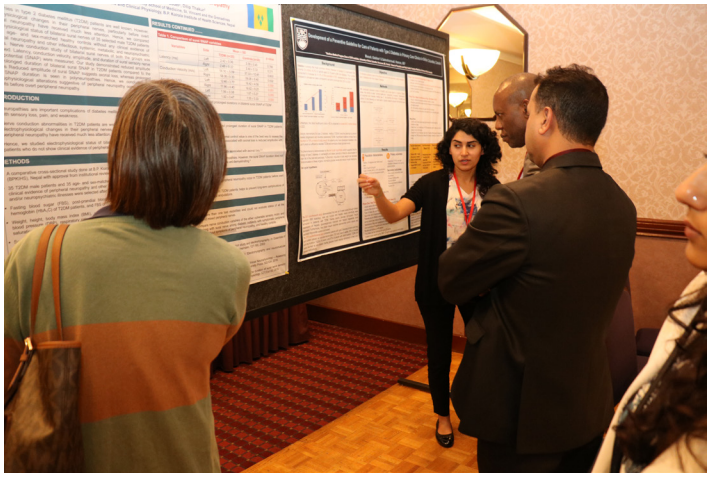

Meetings International provides an international dais for scientists, physicists and mathematicians to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The study of matter, energy and their interactions play key role in the future progress of humankind. Thus, applied physics and mathematics is an exciting intellectual adventure that inspires young people and expands the frontiers of our knowledge about nature and its phenomenon.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

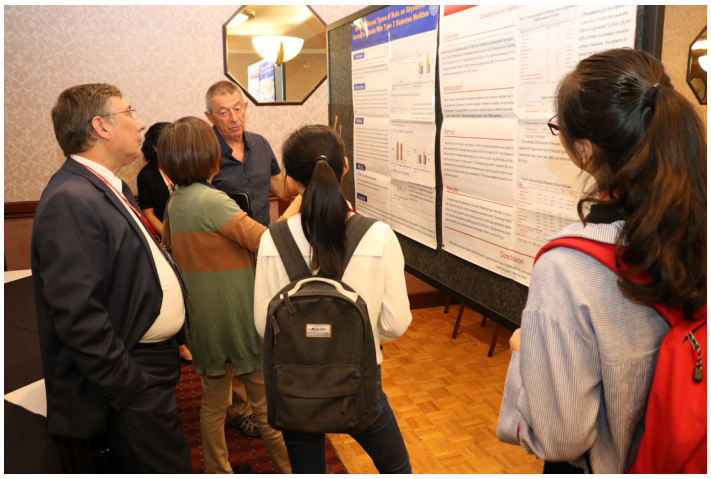

Applied Physics 2018

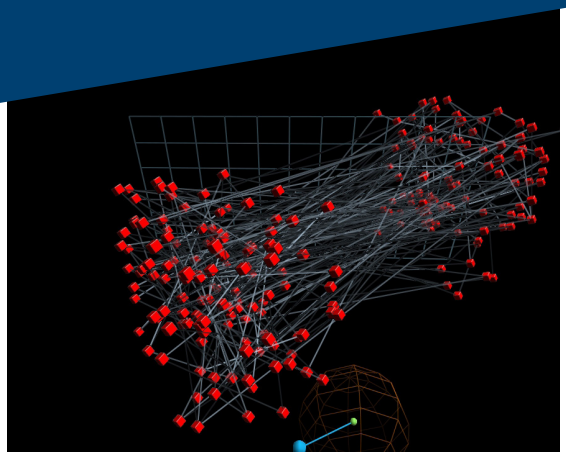

Conference Highlights

- Physics: Application, Analysis and innovation
- Advanced Mathematical Analysis, Research and application
- Applied Numerical Analysis and Computational Mathematics
- Efficent Ensemble Methods for the Incompressible Navier-Stokes Equations
- Numerical Analysis and Mathematical Methods.
- Statistical methods in technical and economic sciences and practice
- Nonlinear Dynamics, Optimization, and Control of Distributed Energy Systems
- Statistical Physics
- Applied Super-conductivity and electromagnetic device
- Dielectric Materials and its application
- Harmonic analysis
- Asymptotic techniques
- Geometric Constraint Theory
- Optimization issues for matrix polynomials
- Superconductivity and Super-fluidity
- Dark Matter,Dark Energy and Black Hole
- Optical Astronomy
- Computational Astrophysics
- Electrodynamics
- Thermodynamics
- Polymer Synthesis
- Electromagnetic Compatibility
- Electromagnetic Theory
- cryptography and information security
- fuzzy logic and neural network
- Group theory and generalization
- Quantum Optics
- Nano photons

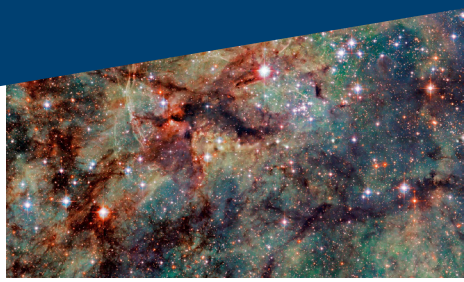

Meetings Int. offers

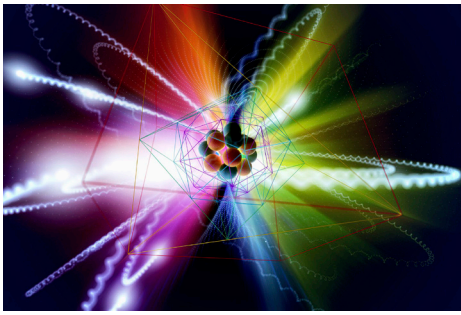

An unique platform for top level research and innovation

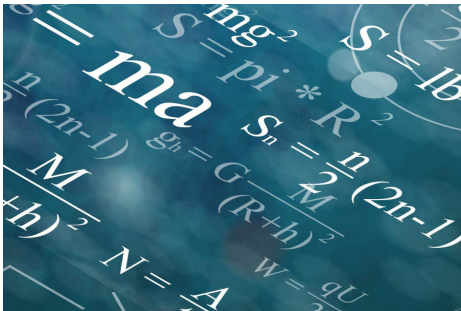

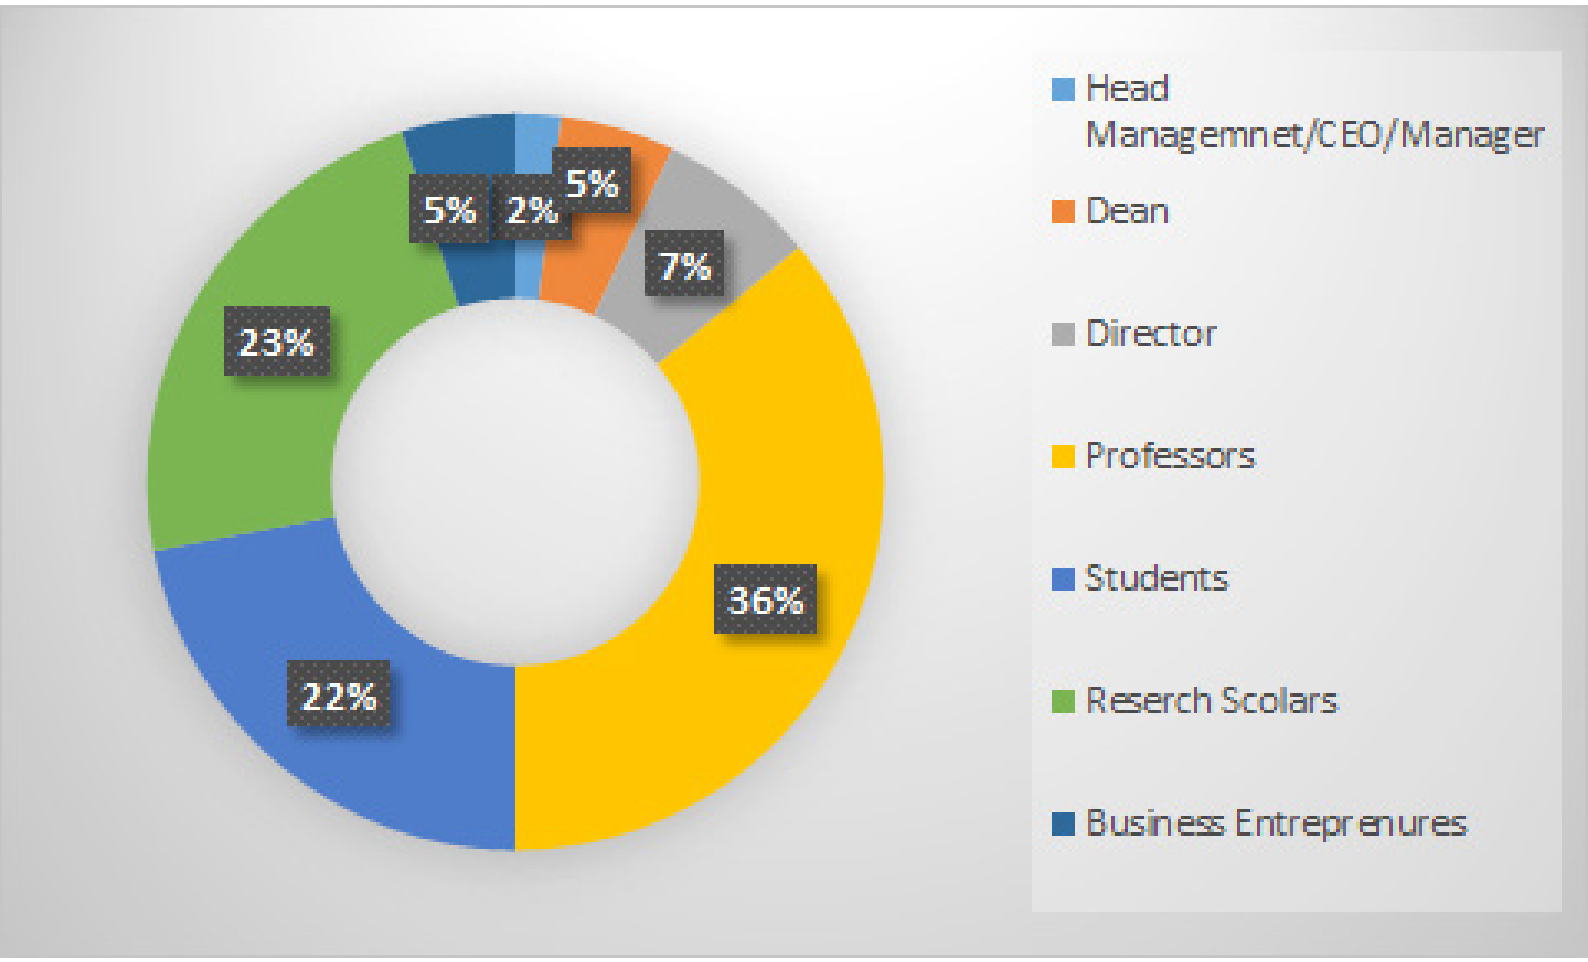

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore Tokyo

Tokyo, the capital of Japan, is the home to all the top companies, financial market, broadcasting industries, research and development which is separate unit in each manufacturing and technological companies to accelerate the growth and innovation to make the life easier and sustainable. The city is the most livable city on the planet with its rich cuisine like Sushi, ramen, Unagi, tempura, kaiseki, soba, okonomiyaki, tonkatsu and Yakitori. In addition, the city lures you with its rich cultural heritage along with arts and crafts like Shodo, Manga, Origami, Bonseki etc. Please feel free to visit and experience diverse culture, tradition, arts and crafts of this alluring city.

Tokyo Attractions

Imperial Palace

Hydro Aluminium

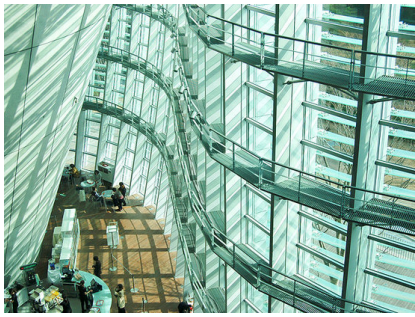

Kabukiza theatre

Meiji-Shrine

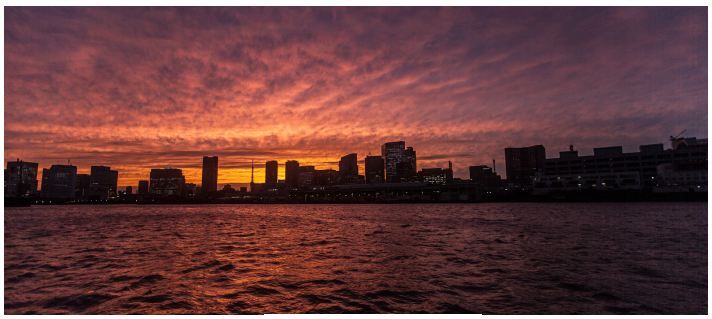

Miraikan museum

National Art Centre

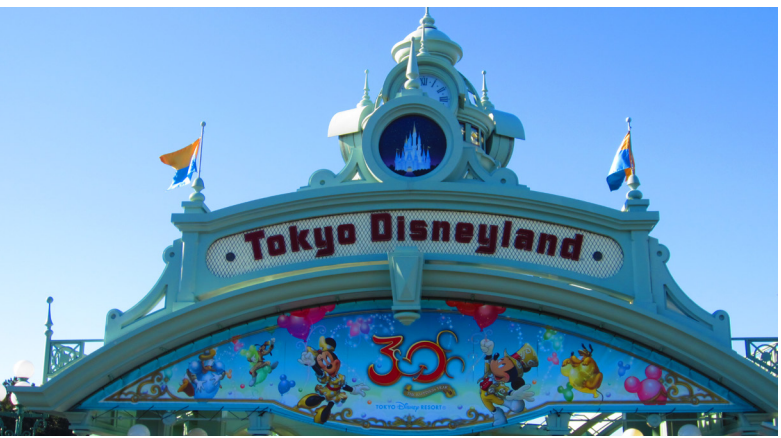

Rainbow Bridge

Tokyo Skyline at Sunset

Uenopark Zoo

Venue:

Tokyo, Japan

Important Dates

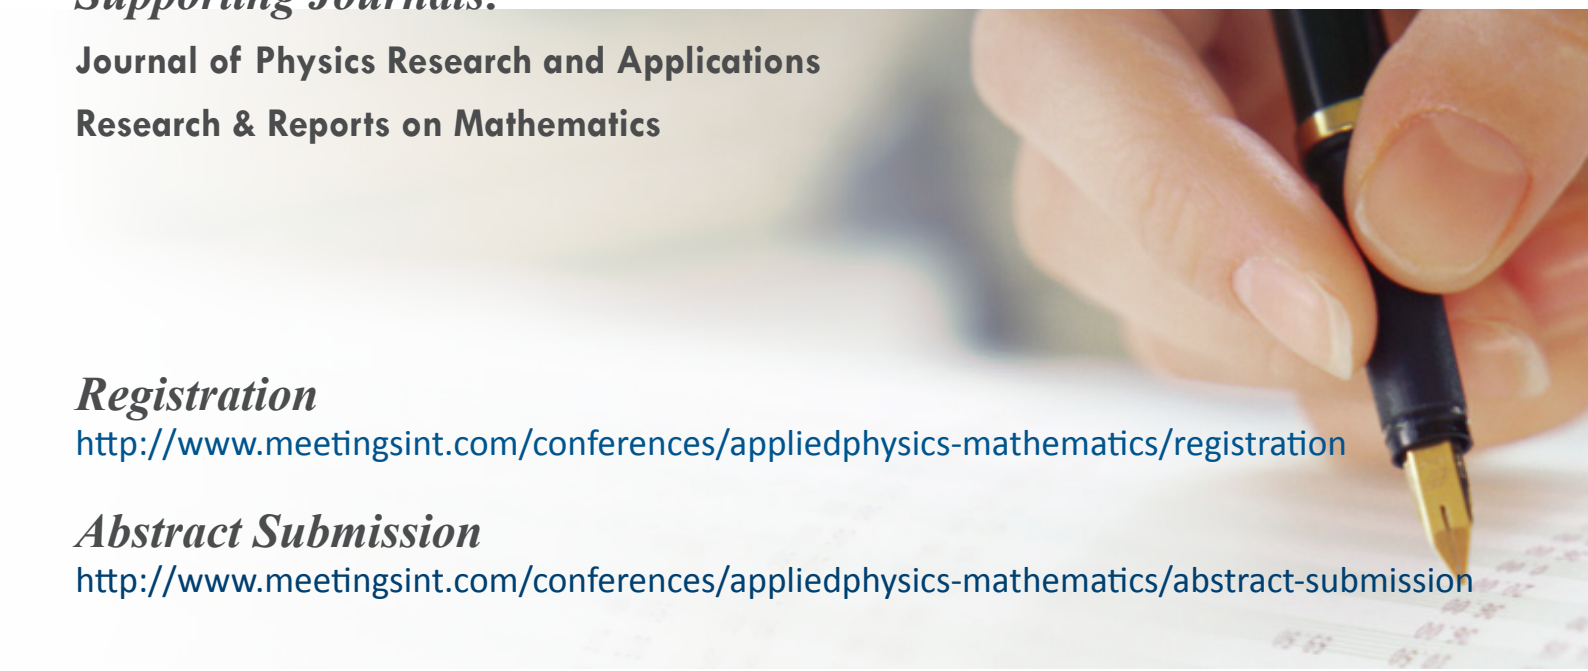

Abstract Submission Deadline: **September 31, 2018**

Early Bird Registration: **August 30, 2018**

Supporting Journals:

Journal of Physics Research and Applications

Research & Reports on Mathematics

Registration

http://www.meetingsint.com/conferences/appliedphysics-mathematics/registration

Abstract Submission

http://www.meetingsint.com/conferences/appliedphysics-mathematics/abstract-submission

Note

All the relevant abstracts will be accepted and published in respective conference proceedings.

Mail us to know more!

For Abstract Submission Guidelines | For Reserving your slot

Proposals | Registration | Posters | Accommodations

No doubt you have lots of queries...

Why not get in touch..!

Drop us your query with details and we will call you right away
