2ND INTERNATIONAL CONFERENCE ON AQUACULTURE & MARINE BIOLOGY

Aqua 2019

March 25-26, 2019 | Paris, France

INVITATION

Aqua 2019

Meetings International proudly announces the **2nd International Conference on Aquaculture & Marine Biology** scheduled during **March 25-26, 2019** at **Paris, France.** The conference emphasizes the theme "**Gearing up towards an Environment-Resistant Aquaculture**".

Meetings International provides an international dais for scientists and aquaculture & marine biology professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of aquaculture has come into spotlight in the recent years. Aquaculture plays an important role in ensuring a sufficient supply of nutritious food to feed the world's growing population. Thus, priorities are given for the aquaculture research to support the ever-growing population of the world.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

ABOUT PARIS

Paris is the capital and most populous city of France, with an area of 105 square kilometres (41 square miles) and a population of 2,206,488. Located in the north of France on the river Seine, Paris has the well deserved reputation of being the most beautiful and romantic of all cities, brimming with historic associations and remaining vastly influential in the realms of culture, art, fashion, food and design. Paris is often referred to as The City of Light, both because of its leading role during the Age of Enlightenment, and more literally because Paris was one of the first European cities to adopt gas street lighting. Paris is especially known for its museums and architectural landmarks: the Louvre was the most visited art museum in the world. The city has the second highest number of Michelin restaurants in the world and contains numerous iconic landmarks, such as the world's most visited tourist site the Eiffel Tower, the Arc de Triomphe, the Notre-Dame Cathedral, the Louvre Museum, Moulin Rouge, and Lido, making it the most popular tourist destination in the world with 45 million tourists annually.
