Registration Open: **August 10, 2019**

Abstract Submission Open: **August 10, 2019**

On Spot Registration: **February 17, 2020**

Explore Dubai

Dubai is one of the largest cities in the United Arab Emirates. Dubai boasts cutting-edge building projects, some of the world's tallest skyscrapers, tourism and a western-style business model driving its revenue. The climate of Dubai is warm and sunny due to its position near the line of the Tropic of Cancer. During the winter season it has an average daytime temperature of 25 °C (77 °F). Night time temperatures near the coastline range between 12 °C to 15 °C, while in the desert they are 5 °C with the nights being relatively cool throughout the year. Near coastal areas humidity averages between 50% and 60%. In the summer, the weather in Dubai is very hot and humid, with temperatures reaching 45 °C for many days.

Dubai has an incredible array of wares to purchase, and the glittering gold market is a must-see. The entrance proclaims "Dubai City of Gold" and Dubai airport is spread over 7,200 acres of land and consists of four terminal buildings and four concourses.
