Registration Open: **August 10, 2019**

Abstract Submission Open: **August 10, 2019**

On Spot Registration: **February 17, 2020**

Explore Phuket

Phuket is one amongst the southern provinces of Asian country. It consists of island of Phuket that is country's largest island. It lies in close to 860 kilometers south of national capital within the Andaman Sea. This island was the foremost trade route for Republic of India and China. It had been a crucial port on the west of the Malay Peninsula wherever Chinese immigrants 1st landed. The recent buildings in Phuket city indicate its former prosperity. The island is generally mountainous with a range of mountains within the west of the island from the north to the south Phuket, a rain wooded, mountainous island within the Andaman Sea, has a number of Thailand's most well-liked beaches, primarily settled on the clear waters of the western shore. Patong, the most resort town, has several nightclubs, bars and discos. The nearest province to the north is Phang-nga and the nearest provinces to the east are Phang-nga and Krabi. The major faith is Buddhism. The Buddhist temples within the town are enticing destinations for national and international tourists on the streets some hindu temples representational process the statues of Ganesa and Brahma may also be seen.
