ASTROPHYSICS AND COSMOLOGY

April 22-23, 2020 | Rome, Italy

Astrophysics 2020

Invitation

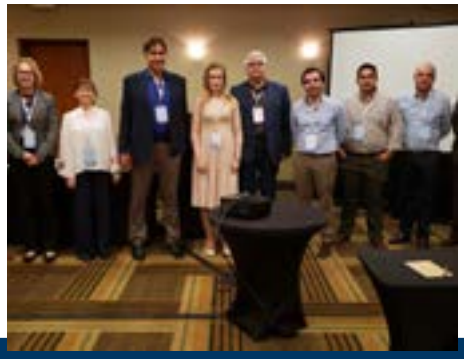

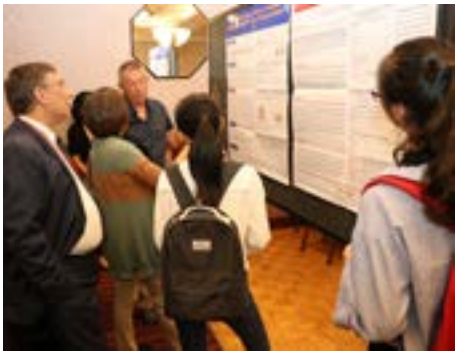

Meetings International proudly announces the **Astrophysics & Cosmology** scheduled during **April 22-23, 2020 in Rome, Italy.** The conference emphasizes the theme " **"RISING ABOVE THE EARTH TO EXPLORE IT"**.

Meetings International provides an international dais for scientists and Space Science Researcher to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. Astrophysics 2020 will be a meeting ground for researchers and enthusiastic from around the globe to discuss the recent developments as well as the future roadmap for a healthy society. The organizing committee welcomes all to join the summit and share their vision. Meetings International organizes various conferences throughout the year on a plethora of research topics and is committed to work with scientists, researchers for the advancement of research in all fields.

Sincerely,
Operating Committee
Astrophysics 2020

Glympses

Meetings International

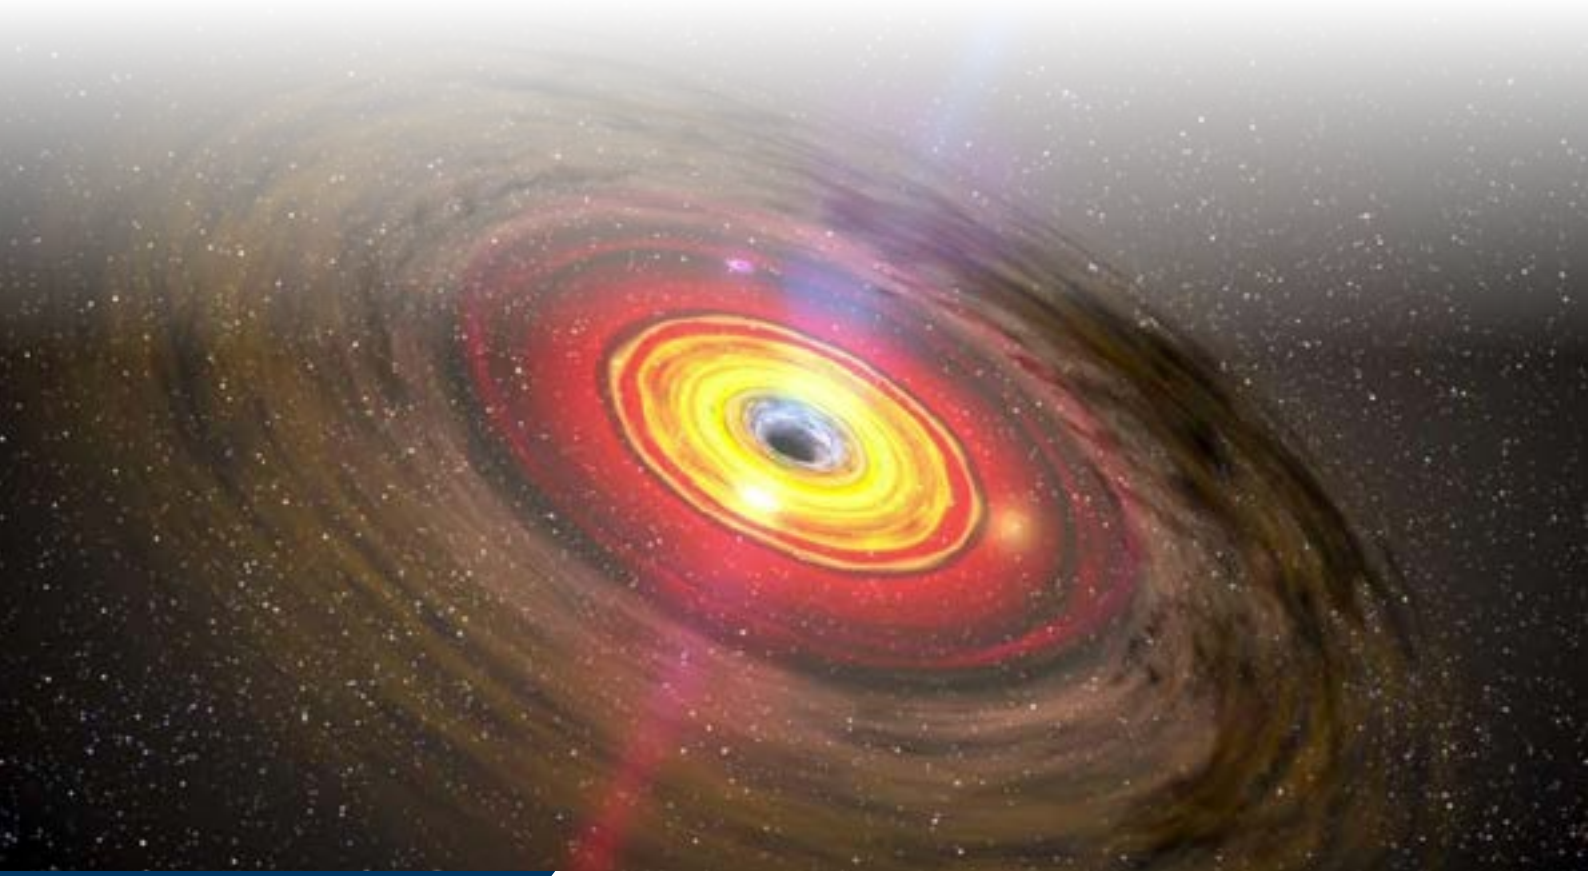

Meetings Int. offers

An unique platform for top level research and innovation

Conference Highlights

- The Universe
- Nuclear Astrophysics
- Planetary Geology
- Human Space interaction
- Satellite Communications
- Big Bang Theory
- Theoretical Astrophysics
- Black Hole and Dark Matter
- Space Tourism
- Solar physics

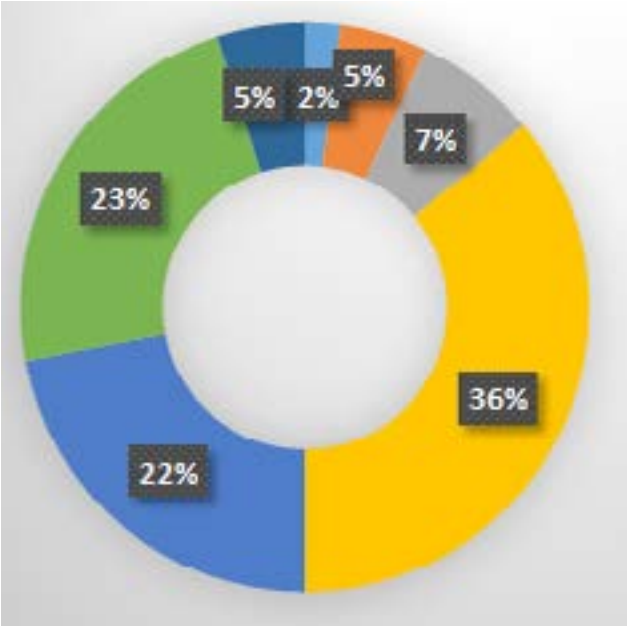

THINGS WE VALUE

Quality research

To identify the future directions of research

Peer review and high quality publication

- Head Management/CEO/Manager
- Dean
- Director
- Professor
- Students
- Research Scholars
- Business Enterprenures

Important Dates

Early Bird: **October 30, 2020**

Registration Open: **August 5, 2020**

Abstract Submission Open: **August 5, 2020**

On Spot Registration: **April 22, 2020**

Explore Rome

Rome is the capital city of Italy it also serves as the capital of the Lazio region. It is the fourth most populous city in the European Union by population within city limits. Rome has a Mediterranean climate with cool, humid winters and warm, dry summer.

Education in ancient Rome progressed from an informal, familial system of education in the early Republic to a tuition-based system during the late Republic and the Empire. The Roman education system was based on the Greek system and now holds some of the most ancient and popular universities of the world. Italian culture is at the forefront in the arts, architecture, and music and food sector. Home of the Roman Empire and a major center of the Renaissance, culture on the Italian peninsula has flourished for centuries. Due to its location in the center of the Italian peninsula, Rome is the major railway path for the country.

Rome is home to 3 international airports and is well connected with other part of the globe. Metropolitana, the metro system of Rome i
