

EuroSciCon

International Conference on

Advanced Automotive Technologies

November 04-05, 2019
Chicago, USA

Theme:
Futuristic Innovations in the field of Automotive and Mechanical Industries

EuroSciCon

Automotive

2019

Invitation

Automotive 2019 is glad and proud to welcome to attend the International Conference on Advanced Automotive Technologies during November 04-05, 2019 Chicago, USA with a theme “Futuristic Innovations in the field of Automotive and Mechanical Industries”. Chicago is the largest city in the State of Illinois, and the 3rd-most populous city in the United States. EuroSciCon through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. Automotive 2019 aims with total 26 tracks to discover advances in Automotive Vehicles and design Technologies, Mechanical Engineering , Automotive Engine, Automotive Industry, Mechatronics and Robotics in relation to Automation Industries as well as a breadth of other topics.

Automotive 2019 aim is to bring leading Automotive Industrialists, Automobile Industrialists, Young inspired researchers, Associate Professors and Scholars together to share their experiences and research results and it’s development in Automotive & Mechanical Industry.

Automotive 2019 also gives first in importance to provide interdisciplinary forum for Directors, Researchers, Scientists, Academicians and Educators to present, share the knowledge and discuss the most recent innovations, trends, and concerns, Automotive challenges encountered and the solutions adopted in the fields of Automotive & Mechanical Industry.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

November 04-05, 2019

Chicago, USA

EuroSciCon

Automotive

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences are happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business.

Moreover you get to meet the industry's high priests who come from all over the world. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Practitioners and Educators accessing the website, Automotive 2019 is the most lucrative platform for Automotive Industrialists, Automobile Industrialists, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Automotive 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

November 04-05, 2019
Chicago, USA

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Automotive

2019

Who'd be attending?

Leading World Automotive Industrialists, Automobile Industrialists Professionals, Professors, Research fellows, Leading Universities, Students, Directors of association and societies. Automotive 2019 conference brings together individuals who have an interest in different fields of Automotive Vehicles and design Technologies, Mechanical Engineering , Automotive Engine, Automotive Industry, Mechatronics and Robotics like Automotive Vehicles and design Technologies, Mechanical Engineering , Automotive Engine, Automotive Industry, Mechatronics and Robotics and other related fields. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been

Scientific Sessions:

- Automotive Vehicles and design Technologies
- Mechanical Engineering
- Automotive Engine
- Automotive Industry
- Mechatronics and Robotics
- Noise, vibration, and harshness (NVH) in Automobiles
- Braking System
- Drive less technology
- Global Positioning System
- Manufacturing Engineering
- Mechanical Design and Manufacturing
- Aerodynamics
- Automotive Electronics
- Robotics and Automation
- Emerging Trends in Automotive Engineering
- Automotive Ergonomics
- Automotive Testing
- Automotive Safety
- Automotive Cyber Security
- Tire Science and Technology
- Vehicular Automation and Automatic Driving
- Automobile Pollution and control Management
- Fuel Economy
- Material Science
- Simulation and Simulators
- Computer-aided design& manufacturing CAD&CAM
