Invitation

Dear Attendees,

Meetings International proudly announces the ***International Conference on Bioavailability and Bioequivalence*** scheduled during ***February 21-22, 2022 in Singapore city, Singapore.***

The conference emphasizes the theme “BABE: Outspreading latest Innovation in Public and Medical Health”.

The BABE-2022 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in microfluidics and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of BABE-2022 is to provide an international technical forum to showcase recent advances in Drug design & Development. BABE-2022 conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

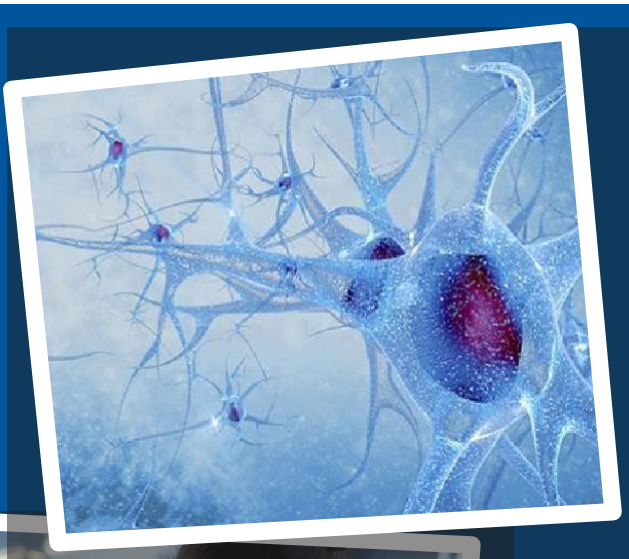

Sincerely,

Operating Committee

BABE-2022

Conference Highlights

- Drug metabolism
- Absolute & Relative bio-availability
- First pass metabolism
- Pharmaceutical equiva-lents
- Drug Design and evolution
- Factors affecting Bio-availabity of drug
- Pharmacokinetic & phar-macodynamics
- In vitro and In vivo studies
- Applied Bio pharmaceutics
- FDA in bioequivalence

- To identify the future directions of research
- Peer review and high quality publi-cation
- Quality research

Singapore Attractions

Explore Singapore City

Singapore is an island city-state located in Southeast Asia and is officially known as the Republic of Singapore. It lies in the southern tip of Malay of Peninsula. Singapore is characterized by a hot and humid climate. The island does not have clear-cut seasons like summer, spring, autumn and winter. It is located just 1degree north of the equator. Rainfall is almost an everyday phenomenon. Singapore is a global hub for education, entertainment, finance, healthcare, human capital, innovation, logistics, manufacturing, technology, tourism, trade and transport. The education system in Singapore has been noted to be one of the best in the world. Singapore promotes itself as a medical tourism hub, with about 200,000 foreigners seeking medical care there each year.
