15TH WORLD CONGRESS ON BIOAVALABILITY AND BIOEQUIVALENCE

BABE 2019

July 29-30, 2019 | Bangkok City, Thailand

INVITATION

Meetings International proudly announces the **15th World Congress on Bioavailability and Bioequivalence** scheduled during **July 29-30, 2019 at Bangkok City, Thailand.** The conference emphasizes the theme "**Essential Innovation in the Pharmaceutical Science for the Public and Medical Health**".

At the '15th World Congress on BABE', **Meetings International** promotes broad scope research and peer review at a wide range of specialists around the world. The key strategic objective of Meetings Int. is to communicate science and medical research between academia, and industry. Through inspiring sessions and tons of networking, you will learn to be even more audacious and bold than you are now and free to grow your mind, grow your business, and grow your bottom-line. We can relieve you of the time and resource draining elements of the events that you plan to hold. From planning to coordinating, start to finish; we will be there to ensure you take the accolades for yet another brilliant program. Earn continuing and share the ideas, Knowledge Research Innovation in the Pharmaceutical Science by attending BABE Conference 2019

Sincerely,
Operating Committee
BABE 2019

Important Dates

Early Bird: **March 15, 2019**

Registration Open: **September 01, 2018**

Abstract Submission Deadline: **May 10, 2019**

On Spot Registration: **July 29, 2019**

CONFERENCE HIGHLIGHTS

- Bioavailability
- Bioequivalence
- Drug Targeting and Design
- Pharmaceutical Technology
- Medicinal Chemistry and Drug Discovery
- Medical Devices for Drug Delivery
- Drug Delivery Research
- Pharmacokinetics and pharmacodynamics
- Biopharmaceutics and Biologic Drugs
- Nanotechnology in Drug Delivery - Heart Disease
- Drug Delivery Behaviors By NMR Spectroscopy
- Advance Topics in Drug Delivery
- Nanomedicine for women's Healthcare
- Biomarkers Detection & Nanoparticle Based Drug Delivery Systems
- Pharmaceutical Marketing
- Challenges in Delivery of Therapeutic Genomics and Proteomics
- Smart Drug Delivery Systems
- Immunotherapy and Vaccines
- Pharmaceutical Regulatory Affaris
- Sustained Release Drug Delivery
- Pre-formulation & formulation Aspects
- 2D & 3D Printing in Drug Delivery

Meetings Int. offers

An unique platform for top level research and innovation

ABOUT BANGKOK

Bangkok, official name Krung Thep Maha Nakhon, is the capital of Thailand and, with a population of over eleven million inhabitants, by far its largest city. Its high-rise buildings, heavy traffic congestion, intense heat and naughty nightlife may not immediately give you the best impression — but don't let that mislead you. It is one of Asia's most cosmopolitan cities with magnificent temples and palaces, authentic canals, busy markets and a vibrant nightlife that has something for everyone. Bangkok is one of the world's top tourist destination cities. MasterCard ranked Bangkok as the global top destination city by international visitor arrivals in its Global Destination Cities Index, with 15.98 million projected visitors in 2013. It has topped the MasterCard Global Destinations Cities Index as the most visited city in the world in 2012, 2013, and 2016. The city is ranked fourth in cross-border spending, with 14.3 billion dollars projected for 2013, after New York, London and Paris.
