Invitation

Dear Attendees,

Meetings International proudly announces the 16th World Congress on Bioavailability & Bioequivalence scheduled during March 25-26, 2020 in Miami, USA. The conference emphasizes the theme "BABE: Essential Innovation in Public and Medical Health".

BABE 2020 provides a dynamic and energetic platform for understanding the spectrum of drug development and application in drug discovery, clinical trials, pharmacokinetics and pharmacology. A crucial component of abbreviated new drug application (ANDAs), leading to market access of safe, effective, and low cost in the advance studies of bioequivalence. It additionally supports the dynamic investment of youthful undergraduate researchers as we are facilitating Poster Walks and Young research Forums at the conference. This conference provides the best platform to the scientific community and industry to share their experiences and researches, wherein they can add to the society and get to know about the latest techniques of Pediatric nutrition & healthcare which can help in their personal growth as well.

Sincerely,

Operating Committee

Explore Miami

Miami is an international city at Florida's southeaster tip. Its Cuban influence is reflected in the cafes and cigar shops that line Calle Ocho in Little Havana. On barrier islands across the turquoise waters of Biscayne Bay is Miami Beach, home to South Beach. This glamorous neighbourhood is famed for its colourful art deco buildings, white sand, surfside hotels and trendsetting nightclubs. Miami is one of the states – and the worlds – most popular vacation spots. Though destinations often are said to offer something for everyone, the Miami area does indeed offer multiple enticements for everyone.
