July 13-14, 2022
Madrid, Spain

2nd International Conference on

Bacteriology and Microbiology Research

July 13-14, 2022 | Madrid, Spain

Theme: Novel research on evolving issues,impacts and treatments in Bacteriology

Invitation

We are glad to announce the 2nd International Conference on Bacteriology and Microbiology Research to be held in Madrid, Spain from July 13-14, 2022 organized by EuroSciCon ltd, UK in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Scientists and professors, Microbiology is the study of microscopic organisms, such as bacteria, viruses, archaea, fungi, and protozoa. It includes fundamental research on the biochemistry, physiology, cell biology, ecology, evolution and Progression And Research Awareness Bacteriology.

Life is about learning every day. Make it count in your professional life. Attend Bacteriology 2022 Conference Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Madrid, Spain - July 13-14, 2022 .

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Practitioners and Educators accessing the website, Clinical Bacteriology 2022 is the most lucrative platform for Bacteriology Industrialists, Bacteriology Industrialists, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Bacteriology 2022 Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

2nd International Conference on Bacteriology and Microbiology Research proudly hosting for the Multinational Organizations, Entrepreneurs across the World and also extends a warm welcome to all the professional researchers and academicians as well as business professionals to take at Congress. Prominently Occupational Health Consultants, Occupational Health Doctors, Occupational Medicine Professionals, Regulatory Professionals, Pharmacologist Professionals, Laboratory Directors and Chemists, Physiotherapists, Psychologists and others who stay plunged in learning and practice of the Occupational Health and Public Safety.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Microbiology
- Bacteriology And Infectious Diseases
- Bacterial Biochemistry
- Bacterial Diseases In Humans
- Immune Defense Against Bacterial Pathogenesis
- Diagnosis And Treatments For Bacterial Infections
- Bacteriology In Public Health
- Food Bacteriology and Microbiology Research-Plant Bacteriology and Microbiology Research-Animal Modeling And Veterinary Bacteriology and Microbiology ResearchApplied Microbiology
- Medical Microbiology
- Dairy Microbiology
- Forensic Microbiology
- Microbial Immunology
- Advances In Antimicrobials, Vaccines, and Therapeuticsery

About Destination Madrid, Spain

Madrid is the capital of the Spain. Amsterdam is a city that is rich in the visitor sights. It has various out of date blessed spots and various grand show corridors and what's more the business capital of the Spain and outstanding amongst other cash related concentrations in Europe. Amsterdam offers fundamentally more, like the world-class Van Gogh Museum, the Rijksmuseum and shopping on Nine Little Streets. Families may welcome a visit to the NEMO Science Museum and Vondelpark. So accumulate your pack, get a camera and get ready for an involvement in Amsterdam!!

As the business capital of the Spain and a champion among other budgetary focuses in Europe, Amsterdam is viewed as an alpha world city by the Globalization and World Cities (GaWC) think about the social affair. The city is in like the way the social capital of the Netherlands. Different wide Dutch affiliations have their home office there, and seven of the world's 500 biggest affiliations, including Philips and ING, are orchestrated in the city. Amsterdam was arranged second best city to live in by the Economist Intelligence Unit and the twelfth on nature of living for condition and foundation by Mercer. The city was arranged third being produced by Australian progress office in their Innovation Cities Index 2009. The Amsterdam seaport straight up 'til the present time remains the second in the nation and the fifth most prominent seaport in Europe. Clearly comprehended social requests of the Amsterdam are the diarist Anne Frank, specialists Rembrandt van Rijn and Vincent van Gogh, and driving force Baruch Spinoza.
