

EuroSciCon

September 25-26, 2023
Prague, Czech Republic

8th International Congress on

Biochemistry and Molecular Biology

September 25-26, 2023 | Prague, Czech Republic

Theme: The results of biochemistry and technological improvements to deliver micro nutrients for a healthier society and happiness

EuroSciCon

Biochemistry Congress

2023

Invitation

EuroSciCon is organizing meeting on **"8th International Congress on Biochemistry and Molecular Biology"** is scheduled from **September 25-26, 2023 Prague, Czech Republic.** EuroSciCon is the UK based independent life science Events Company with predominantly business and academic client base.

The 2023 meeting promises to be a dynamic and informative event and going to explore the issues on work related factors, innovations and integrated approaches towards Biochemistry, the speakers are a multidisciplinary gathering of globally perceived specialists that speak on the Biochemistry with a theme on The results of biochemistry and technological improvements to deliver micro nutrients for a healthier society and happiness.!!

This is 2-day Meeting and you can participate in a number of educational formats including General Sessions, Poster Presentations, and Workshops/Symposium, Meet-the-Professor Sessions, Oral Presentations and other interactive and informal exchanges.

Topics will cover the latest advances in Biochemistry, Molecular Biology, Medicinal And Pharmaceutical Biochemistry, Nano Biochemistry, Proteomics In Biochemistry And Molecular Biology, Plant And Animal Biochemistry, Glycobiology In Biochemistry And Molecular Biology, Medical Genetics, Macromolecule Blotting And Probing, Bioorganic And Biological Chemistry, Structural Bioinformatics And Structural Molecular Biology, Molecular Development Biology, Quantitative Biology And Biophysics, Quantitative Biology And Biophysics, Biomarkers And Biochemistry, Biochemistry Of Food Allergens, Clinical Biochemistry & Immunology, Genomics, Genomics And Bioinformatics, Cancer Genomics, Genome Engineering And Proteomic Research, Plant Molecular Biology, Virology, Microbial Interactions And Pathogenesis, Chromatin, Chromosomes, And Genome Integrity, Evolution In Molecular Bi-ology.

We trust you will discover the Meeting beneficial, enlightening and agreeable.
We want to thank all

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Biochemistry Specialists, Biochemistry Doctors and Pharmacologists accessing the website, Biochemistry Congress 2023 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better. outreach of the work and profile.

Biochemistry Congress 2023 Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

8th International Congress on Biochemistry and Molecular Biology proudly hosting for the Mul-tinational Organizations, Entrepreneurs across the World and also extends a warm welcome to all the professional researchers and academicians as well as business professionals to take at Con-gress. Prominently Biochemistry Consultants, Biochemistry Doctors, Biochemistry Professionals, Regulatory Professionals, Pharmacologist Professionals, Laboratory Directors and Chemists, Phys-iotherapists, Psychologists and others who stay plunged in learning and practice of the Biochem-istry and Molecular Biology.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK or-ganization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Biochemistry
- Molecular Biology
- Medicinal And Pharmaceutical Biochemistry
- Nano Biochemistry
- Proteomics In Biochemistry And Molecular Biology
- Plant And Animal Biochemistry
- Glycobiology In Biochemistry And Molecular Biology
- Medical Genetics
- Macromolecule Blotting And Probing
- Bioorganic And Biological Chemistry
- Structural Bioinformatics And Structural Molecular Biology
- Molecular Development Biology
- Quantitative Biology And Biophysics
- Quantitative Biology And Biophysics
- Biomarkers And Biochemistry
- Biochemistry Of Food Allergens
- Clinical Biochemistry & Immunology
- Genomics
- Genomics And Bioinformatics
- Cancer Genomics
- Genome Engineering And Proteomic Research
- Plant Molecular Biology
- Virology
- Microbial Interactions And Pathogenesis
- Chromatin, Chromosomes, And Genome Integrity
- Evolution In Molecular Biology

EuroSciCon

Biochemistry Congress

2023

About Destination Prague

Prague is the capital and largest city in the Czech Republic, and the historical capital of Bohemia. On the Vltava river, Prague is home to about 1.3 million people. The city has a temperate oceanic climate, with relatively warm summers and chilly winters. Prague is a political, cultural, and economic hub of central Europe, with a rich history and Romanesque, Gothic, Renaissance and Baroque architectures. It was the capital of the Kingdom of Bohemia and residence of several Holy Roman Emperors, most notably Charles IV (r. 1346–1378). It was an important city to the Habsburg monarchy and Austro-Hungarian Empire. The city played major roles in the Bohemian and the Protestant Reformations, the Thirty Years' War and in 20th-century history as the capital of Czechoslovakia between the World Wars and the post-war Communist era. Prague is home to a number of well-known cultural attractions, many of which survived the violence and destruction of 20th-century Europe. Main attractions include Prague Castle, Charles Bridge, Old Town Square with the Prague astronomical clock, the Jewish Quarter, Petrin hill and Vysehrad. Since 1992, the historic center of Prague has been included in the UNESCO list of World Heritage Sites. The city has more than ten major museums, along with numerous theaters, galleries, cinemas, and other historical exhibits. An extensive modern public transportation system connects the city. It is home to a wide range of public and private schools, including Charles University in Prague, the oldest university in Central Europe.
