3rd International Conference on

BIODIVERSITY

June 21-22, 2021 | Singapore

https://www.meetingsint.com/conferences/biodiversity

Invitation

Dear Attendees,

Meetings International proudly announces the ***International Conference On Biodiversity*** scheduled during ***June 21-22, 2021 in Singapore***.

International Conference on Biodiversity and Ecology Restoration is going to be held on June 21-22, 2021 at Singapore City, Singapore. This biodiversity conference will provide a robust and dynamic platform and also aims to promote the restoration of a spectrum of "saving and restoration of species". This conference invites the global community of environmental professionals that includes researchers, ecologists, students, environmentalists, coversationists, botanists, zoologists, entomologists, and oceanographers who are actively engaged in this field.

Sincerely,

Operating Committee

BIODIVERSITY 2021

Conference Highlights

- Increase ecosystem productivity; each species in an ecosystem has a specific nichea role to play.
- Support a larger number of plant species and, therefore, a greater variety of crops.
- Protect freshwater resources.
- Promote soils formation and protection.
- Provide for nutrient storage and recycling.
- Aid in breaking down pollutants.
- Contribute to climate stability.

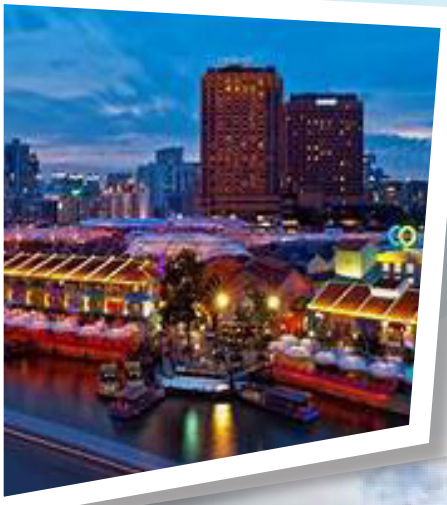

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Singapore Attractions

Explore Singapore

Singapore is more than its tourist attractions. It's constantly evolving, reinventing, and re-imagining itself, with people who are passionate about creating new possibilities. It's not just about what you can do here, it's about what you can be. Singapore is home to many places that embolden and inspire We're also known as a "City in a Garden", and for good reason: almost a third of the island is draped in green. These idyllic nature reserves and rainforests are the playgrounds of explorers such as Subaraj Rajathurai. The eco-tour guide, who's an expert on indigenous flora and fauna, leads nature trails for local and visiting enthusiasts keen on immersing themselves in our thriving biodiversity. Places like these are where passions converge in Singapore passion.

Venue
OSAKA, JAPAN
