3rd International Conference on

Biodiversity and Ecology Restoration

June 21-22, 2021 | Singapore

https://www.meetingsint.com/conferences/biodiversity

Invitation

Dear Attendees,

Meetings International proudly announces that we look forward to see researchers from all around. The ***3rd International Conference on Biodiversity and Ecology Restoration*** is going to be held during ***June 21-22, 2021*** at the delightful venue of ***Singapore City, Singapore.***

The 2021 edition of the Conference will offer high quality and relevant research session, poster session, workshop, exhibition, panel discussion etc. for the better understanding of the subject.

This biodiversity conference will provide a robust and dynamic platform and also aims to promote the Sustainable development of Biodiversity". This conference invites the global community of environmental professionals that includes researchers, ecologists, students, environmentalists, coversationists, botanists, zoologists, entomologists, and oceanographers who are actively engaged in this field.

Sincerely,

Operating Committee

Biodiversity 2021

Conference Highlights

- Increase ecosystem productivity; each species in an ecosystem has a specific nichea role to play.
- Support a larger number of plant species and, therefore, a greater variety of crops.
- Protect freshwater resources.
- Promote soils formation and protection.
- Provide for nutrient storage and recycling.
- Aid in breaking down pollutants.
- Contribute to climate stability.

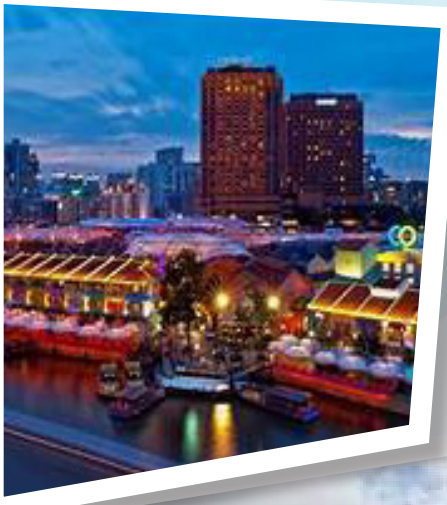

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Singapore Attractions

Explore Singapore

Singapore is more than its tourist attractions. It's constantly evolving, reinventing, and re-imagining itself, with people who are passionate about creating new possibilities. It's not just about what you can do here, it's about what you can be. Singapore is home to many places that embolden and inspire We're also known as a "City in a Garden", and for good reason: almost a third of the island is draped in green. These idyllic nature reserves and rainforests are the playgrounds of explorers such as Subaraj Rajathurai. The eco-tour guide, who's an expert on indigenous flora and fauna, leads nature trails for local and visiting enthusiasts keen on immersing themselves in our thriving biodiversity. Places like these are where passions converge in Singapore passion.

Venue

Singapore city , Singapore
