Meetings International

5TH WORLD BIOENERGY CONGRESS

April 15-16, 2019 | Tokyo, Japan

Theme:

Future of Energy and Alternative Resources

https://www.meetingsint.com/conferences/bioenergy

5th World Bioenergy Congress 2019
Day 1, April 15, 2019 Tokyo, Japan
Registration
Opening Ceremony
Introduction
Keynote Forum
Title: Development of a high-performance ethanol-hydrogen peroxide fuel cell
Liang An, The Hong Kong Polytechnic University, Hong Kong
Title: Low carbon fuel standards: Implications for alternative fuels market development and GHG emissions
Eric Lundin, Stratas Advisors, USA
Title: Clearly communicating about the bioeconomy: Making bioenergy research
Anton Holland, NIVA Inc., Canada
Title: Biorefinery process for Coffee bean fermentation and mucilage valorization for Biogas production
Jesus David Coral Medina, Mariana University, Colombia
Keynote Slot Available
Group Photo and Tea Break
Workshop Slot Available
Oral Session - I:
Session Interoduction
Title: Alternative fuels for marine applications: behaviour of biomethanol and biodiesel on properties of marine diesel oil
Tatjana Paulauskiene, Klaipeda University, Lithuania
Title: Going Miles with Green Smiles towards Clean India
Monish Ahuja, Punjab Renewable Energy Systems Private Limited, India
Lunch Break
Title: The Effect of a Local Bacteria on Physical Characteristics of Abu Dhabi Crude Oil
Hadil Abu Khalifeh, Abu Dhabi University, United Arab Emirates
Title: Analyzing the potential of bamboo as bioenergy feedstock in community development and environmental sustainability
Kamesh Salam, South Asia Bamboo Foundation, India
Title: A synoptic view of Japan's primary energy sources and fuel cost analysis for power generation
Younes Jalali, Energy Industry Professional, France
Title: Good Impact of Bioenergy in Indonesia at this Era
Qinthara Salsabila, Islamic State University of Sunan Ampel, Indonesia
Title: Bioenergy Utilization for World Development
Brilliant Windy Khairunnisa, Islamic State University of Sunan Ampel, Indonesia
Title: Effects of plasma power on the structural characteristics and corrosion property of cobalt oxide thin film by PECVD method
Azadeh Jafari, Islamic Azad University, Iran
Tea Break
Speaker Slot Available
Speaker Slot Available

Speaker Slot Available
Speaker Slot Available
Session Adjournmant
Day 2, April 16, 2019, Tokyo, Japan
Keynote Session

Title: Why We Need Nuclear Power Plants
Bahman Zohuri, University of New Mexico, Mexico
Title: NSEOR an innovation in Oil recovery
Omar Chaalal, Abu Dhabi University, United Arab Emirates
Title: Energy and Environmental Footprints of Urban Travel: The Case of the City of Montreal
Omid M. Rouhani, McGill University, Canada
Keynote Slot Available
Group Photo and Tea Break
Workshop Slot Available
Oral Session - II:
Title: Investigation of biogas generation from the wastes of a vegetable market in single and double chamber reactors
Md.Abdul Jalil, Bangladesh University of Engineering and Technology (BUET), Bangladesh
Title: Implementing and utilizing of biomass energy in Middle East
Essa Georges Lwisa, United Arab Emirates University, United Arab Emirates
Title: Domestic biogas production and use to provide energy security to rural households- a case study in Nepal
Shanti Kala Subedi, Tribhuban University, Nepal
Title: Nitrogen ion implantation effect on the physical properties of copper oxide thin films on glass substrate
Hamed Vosoughikia, Islamic Azad University, Iran
Title: Challenges to renewable energy regulation, commercialization and investment in India
Tabrez Ahmad, University of Petroleum & Energy Studies, India
Speaker Slots Available
Speaker Slots Available
Speaker Slots Available
Speaker Slots Available
Conference Adjournment

About Tokyo

Tokyo is Japan's capital and the world's most populous metropolis. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. It has neon, skyscrapers, salaryman crowds, packed trains, cutting-edge architecture and futuristic technology. But it also has ancient shrines, plant-covered wooden houses, cycling grannies, old-school sweet shops and village-like lanes.
