Invitation

We are glad to announce the 16th World Bioenergy Congress and Expo to be held in Zürich, Switzerland from October 12-13, 2020 organized by EuroSciCon ltd, UK in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Biochemistry, Biomass, Waste to Energy, Power Generation, Biodiesel and Biofuel, Renewable Energy, Chemical Engineering, Biocrude, Sensors, Hydrogen Energy, Batteries and Energy Storage Technologies, Renewable Resources, Wastewater Treatment, Biotechnology, Bio Polymers and Renewable Materials, Robotics, Food V/S Fuel, Entrepreneurs Investment Meet will be available to discuss.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is about learning every day. Make it count in your professional life. Attend the Bioenergy congress 2020 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Zürich, Switzerland October 12-13 2020.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

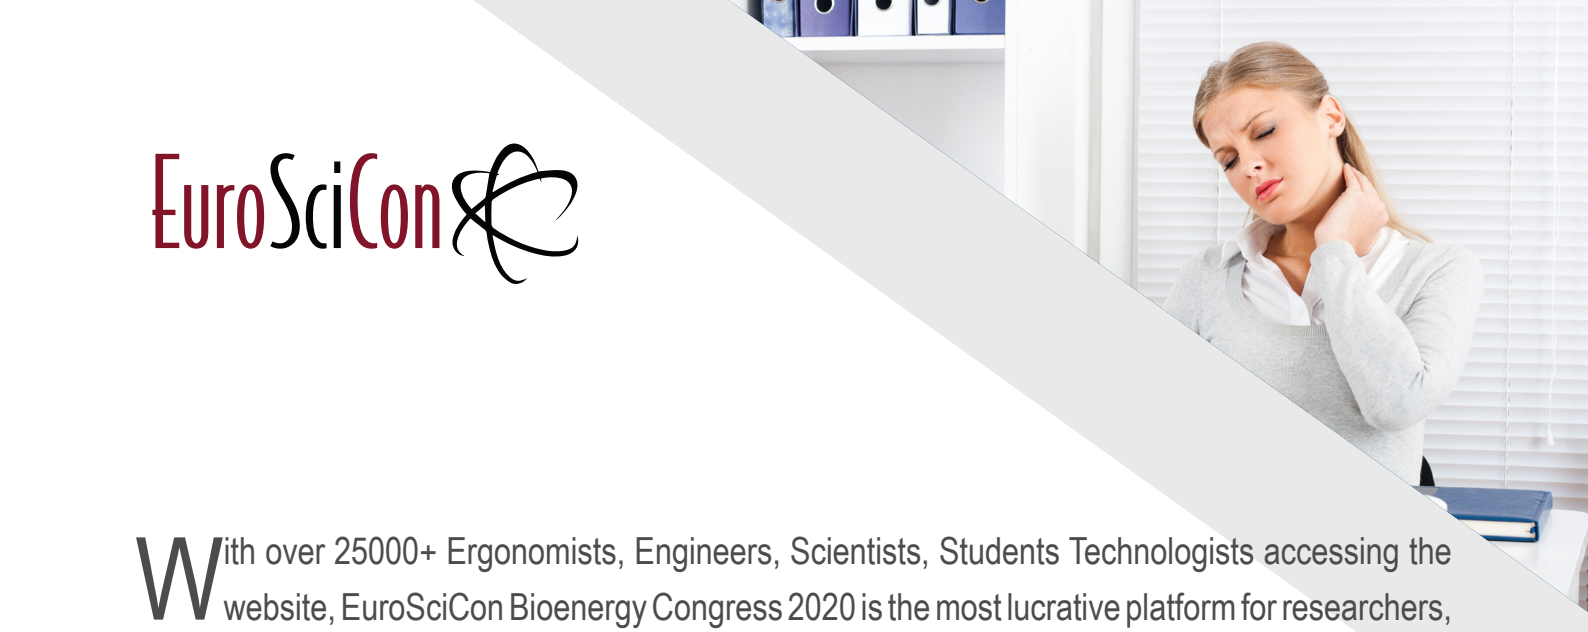

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Ergonomists, Engineers, Scientists, Students Technologists accessing the website, EuroSciCon Bioenergy Congress 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Bioenergy Congress 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

2020

Who'd be attending?

EuroSciCon Conference on 16th World Bioenergy Congress and Expo plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Bioenergy Companies, Engineers, Scientists, Students and others who stay plunged in learning and practice in the Bioenergy & its technologies.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 19 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Biochemistry
- Biomass
- Waste to Energy
- Power Generation
- Biodiesel and Biofuel
- Renewable Energy
- Chemical Engineering
- Biocrude
- Sensors
- Hydrogen Energy
- Batteries and Energy Storage Technologies
- Renewable Resources
- Wastewater Treatment
- Biotechnology
- Bio Polymers and Renewable Materials
- Robotics
- Food V/S Fuel
- Entrepreneurs Investment Meet

About Destination Zürich

Zurich is Switzerland's centre of economic life and education. Located in the heart of Europe, the city offers all the modern amenities of a cosmopolitan metropolis, without sacrificing its natural side. Zurich has for years ranked among the world's top cities in terms of quality of life. It is a boutique city that offers everything that implies, albeit in small and exquisite format. Zurich is avant-garde: it was not only home to Dada, but also the place where the Freitag bag and world-renowned Helvetica typeface originated. Researchers at the revered Swiss Federal Institute of Technology (ETH) and companies such as Google and Disney Research produce one innovation after the next. Creativity is also in abundance thanks to one of the biggest universities in Europe devoted to the arts – Zurich University of the Arts (ZHdK) – while establishments such as the Kunsthaus Zürich, Haus Konstruktiv and Museum für Gestaltung ensure that it all doesn't fall into oblivion. Zurich was already a prosperous centre of commerce in the Early Middle Ages. The 1519 Reformation gave the economy such a boost that the city rapidly became Switzerland's financial centre. This has remained unchanged to the present day and is why you'll find the Swiss National Bank in Zurich along with the worldfamous Bahnhofstrasse, one of the most luxurious shopping strips around.

Past Conference Report

With the magnificent success of Bioenergy Congress 2019, EuroSciCon Ltd is proud to announce the "16th World Bioenergy Congress and Expo", to be held during October 12-13,2020 at Zurich, Switzerland. Theme of the Bioenergy conference is "Future Outlook and New Era Technologies in Bioenergy" with an objective to encourage young minds and their research abilities by providing an opportunity to meet the experts in the field of Bioenergy. Bioenergy congress is designed to explore various applications in different fields.

Join us for two intensive and interesting days of discussing contemporary Bioenergy Expo research. We invite you to contribute and help to shape the Bioenergy congress through submissions of your research abstracts, papers and e-posters. Bioenergy International is cordially inviting for presentation at the conference.

Bioenergy technology mainly focuses on usage of Biomass Energy as an alternative source for Energy Production for future generation and aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. Bioenergy Congress 2019 aims to promote various researches on Biomass among scientists, academia and industries. Bioenergy Congress 2019 offers various topics for interaction including Biomass, Bioenergy research, Algal Biofuel Production, Biomass conversion Processes to useful Energy. For the period 2014–2022 based on the historical years – 2013 and 2014. Projections have been provided for installed capacity (MW), power generation (Million KWh), and revenue (USD Million). The report includes the key market dynamics affecting the demand for biomass power generation feedstock and technologies. As a part of our market dynamics analysis, we have analyzed market drivers, market restraints, and market opportunities. A comprehensive competitive landscape, which includes company market share analysis and market attractiveness analysis, has also been provided in this report. Conferences series LLC has been and will be organizing Bioenergy Conferences and events to put front the research advances. The gathering will highlight the opportunities in both Biomass Conferences and Biofuel Conferences.

Target Audience:

- Bioproduct companies
- Bioenergy Associations
- Bioenergy Researchers
- Bioenergy Industry
- Bioenergy Scientists
- Nuclear energy Engineers
- Bioenergy technology Engineers
- Chemical Engineers
- Renewable energy Organizations and Associations
- Solar Energy companies
