Biomarkers 2018

Annual Biomarkers Congress

September 20-21, 2018 | Osaka, Japan

www.meetingsint.com/conferences/biomarkers

Invitation

Meetings International proudly announces the ***Annual Biomarkers Congress*** scheduled during ***September 20-21, 2018*** in ***Osaka, Japan***. The conference emphasizes the theme ''Biomarkers: a new era of detection and clinical exploration.''

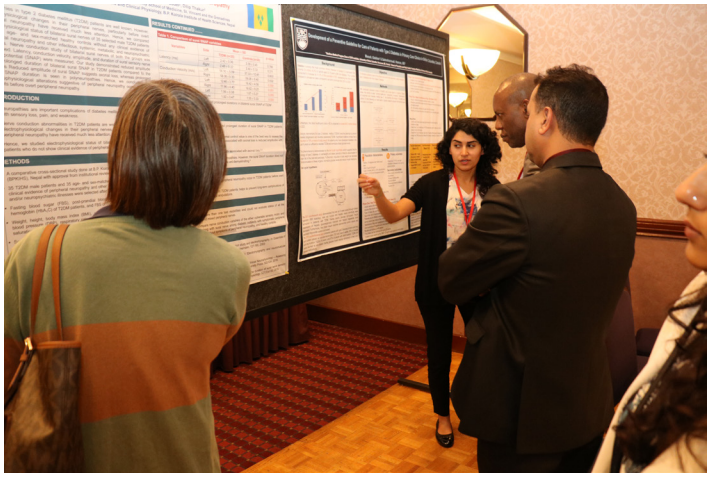

Meetings International provides an international dais for scientists and professors and students to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. It's important to share knowledge with others due to newly generated problem. Biomarkers can be used to measure the presence or progress of disease or effects of treatment.The collocated Annual biomarkers congress 2018 provides a great opportunity for participant to learn more about the latest updates about the ever-changing regulatory landscape in clinical development, genomic approaches in drug development, RNA sequence Next Generation Sequencing(NGS) in biomarker benchmarking and the advances made in NGS techniques in liquid biopsy.Over 55 presentations, case studies, novel technologies, round-table and panel discussions focused on the opportunities and challenges of biomarker research discovery and development in a variety of therapeutic areas such as immune-oncology, neuroscience and cardio vascular disease areas, precision medicine, companion diagnostics, data integration methods, and utilising biomarkers in clinical trials

Sincerely,
Operating Committee
Meetings International

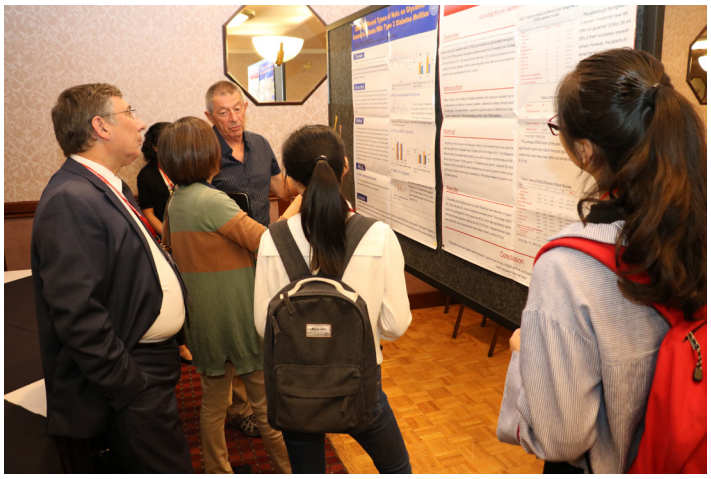

Biomarkers 2018

Conference Highlights

- Biomarker
- Clinical Biomarker
- Biomarker Sciences
- Biomarker Discovery
- Biomarker Operations
- Translational research/Sciences
- Companion Diagnostics
- Precision medicine
- Personalised medicine
- Biomarker research
- Biological Sciences
- Biomarkers in oncology
- Immunology Biomarkers
- Molecular Biomarkers
- Biomarkers and Drug Discovery
- Case Reports
- Biomarkers and Next-Generation Sequencing
- Biomarker Identification Technique

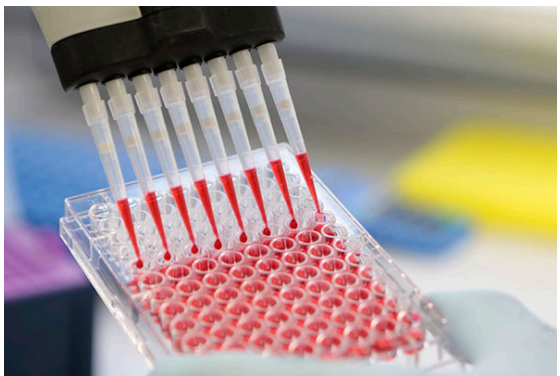

Meetings Int. offers

An unique platform for top level research and innovation

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Number of Attendees

200 +

- Societies, Universities & Hospitals
- Companies & Medical Farms

Number of Speakers and Presentations

32 +

Number of Sponsors and Exhibitors

10 +

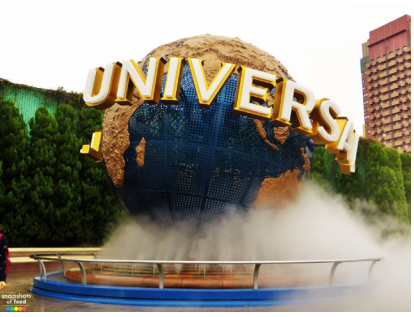

Attendee Profile

- Director & Professors
- Senior Scientist
- Commercial/Business Dev

Explore Osaka

Osaka literally means large hill or large slope.Osaka is located in the humid subtropical climate zone with four distinct season- winter, spring,rainy and summer.Osaka city westsides is open to osaka bay.Osaka was the centre of commence in japan especially the middle and premodern age.Osaka ranks 19th among the world's leading cities and plays an important role in the global economy.Osaka is known for its food in Japan. Central Osaka is roughly divided into downtown and uptown areas known as Kita and Minami. Historically a merchant city Osaka has also been known as the Nation's Kitchen and served as a centre for the rice trade during the edo period.
