

EuroSciCon

November 04-05, 2019

Dubai, UAE

Annual Congress on

Biomedical Engineering

Theme:

Approaching advancements in Biomedical Engineering

Invitation

Welcome to Dubai, EuroSciCon is proud to host the Annual Congress on Biomedical Engineering, November 04-05, 2019 in Dubai, UAE.This yr's subject matter is "Cost powerful health care assessment". Biomedical Engineering 2019 will offer an extraordinary opportunity for Health economists of all stripes and colours to percentage their studies with colleagues, and discuss and debate the trendy advances inside the subject. We invite researchers, and scientists in associated disciplines to return together and inform every other in an economic conducive to education and interaction. Seasoned scientists, young researchers, midcareer experts and just beginning out are all welcome. With a wide array of keynote displays, panel discussions, workshops, and poster classes, Health Economics is the suitable venue now not most effective to dive into your specific cost effective health care interests however additionally to expand the scope of your expertise. 23 tracks are committed to subjects which includes Recent advances in Pharmaceutical Economics, Macroeconomics, Health Economics and Hospital Services, Health Economics and Managed Care, Health Care Services, Health Insurance, Public Health Economics, Health Care Markets. The Organizing Committee has achieved its quality to installation a framework that we assume will permit for a innovative interplay of ideas. All we need now to convert the vast program on paper to an energetic and colourful Health Economics Conference discussion board in man or woman is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

November 04-05, 2019

Dubai, UAE

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ chemists and drug analysts accessing the website, Biomedical Engineering 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Biomedical Engineering 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

November 04-05, 2019

Dubai, UAE

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

2019

Who'd be attending?

Annual Congress on Biomedical Engineering, November 04-05, 2019 in Dubai, UAE. Theme of the conference focuses on Approaching advancements in Biomedical Engineering. Biomedical Engineering social events enable you to cover a more extensive scope of subjects, where you utilize the inside and out understanding that you have of designing to tackling restorative and organic issues. With innovation progressing at such a fast pace, it is no big surprise that the advancements in science and building are being coordinated into the therapeutic part. Any new information of living frameworks increased through systematic strategies dependent on designing sciences adds to the advancement of prescription. This joining has offered ascend to the interdisciplinary field of biomedical building and therefore, made biomedical designing employments. Unmistakable leaps forward in the biomedical building field incorporate life-sparing and extraordinary innovation such counterfeit organs, prosthetics, careful gadgets, pacemakers, EEGs, regenerative tissue development, pharmaceutical medications, kidney dialysis, to give some examples. A portion of the prior developments that you think about today incorporate braces, dentures, stage shoes and the electron magnifying lens.

Tracks :

- Drug Engineering & Gene Delivery
- Medical Devices & Diagnostics
- Neural Engineering
- Rehabilitation Engineering
- Tissue Engineering
- 3D Bioprinting
- Organ Engineering
- Artificial Organs
- Bioelectronics
- Biofluids
- Biomaterials
- Biomechanics
- Biomedical Imaging
- Bionanoengineering
- Bio Materials In Regenerative Medicine
- Biosensors & Biomedical Signal Processing
- Cancer Engineering
- Computational Biology
- Digital Health Engineering

EuroSciCon

Academic Keytopics :

- Analysis Tools
- Bioelectricity
- Biomaterials
- Biomechanics
- Biophysical Modeling
- Cell Engineering
- Computational Methods
- Digital Health Engineering
- Drug Delivery
- Engineering Drug & Gene Delivery
- Engineering for Aging and Healthy Living
- Experimental models of disease/injury
- Functional Bionanomaterials
- Functional Genomics
- Gait Analysis and Human Movement
- Healthcare Technologies
- Human and Biological Robotics
- Imaging
- In silico models and person-specific treatment
- Informatics
- Instrumentation
- Integrated Systems
- Integrative Physiology
- Mechanobiology
- Medical Devices & Diagnostics
- Medical Implants: Sensors and Devices
- Medical Robotics & Embedded Systems
- Medical Technology Innovation & Translation
- Microarray Technology
- Modelling Biological Systems

November 04-05, 2019

Dubai, UAE

Business Keytopics :

- Biomedical Engineering Market in UK
- Biomedical Engineering Market in Europe
- Biomedical Engineering Market in Asia
- Biomedical Engineering Market in Dubai
- Biomedical Engineering Market in USA
- Biomedical Engineering Market in Japan
- Biomedical Engineering Market in Australia
- Biomedical Engineering Market in Canada
- Biomedical Engineering Market in Africa
- Biomedical Engineering Market in Germany

EuroSciCon

About Destination Dubai

Dubai has grown as a town and international commercial enterprise center of the Middle East. It is also an essential transportation center for passengers and goods. In the Nineteen Sixties, Dubai's economy becomes based totally on alternate sales and, to a lesser extent, on oil exploration concessions, however, oil was now not discovered until 1966. Oil sales began to go with the flow in 1969. There are numerous vacationer sights in Dubai, as a result of a massive-scale production boom. Mohammed bin Rashid Al Maktoum, the modern-day ruler of Dubai and the high minister of the United Arab Emirates, wants Dubai to grow to be the top visitor vacation spot in the international. Various other visitor attractions consist of, the sky-piercing Burj Khalifa, houses the Dubai Museum, Jumeirah Mosque, Atlantis Palm Jumeirah, Dubai Aquarium and Underwater Zoo, Ski Dubai, Dubai Ice Rink. Burj Al Arab appeared to be excessively bashful while Burj Khalifa sprung up, disposing of itself to being an introvert in the institution. Dubai always abides in a suppressive competition with itself attempting to price travelers to a wonderful universe of points of interest and fantastic extravagances. The emirate's scoring focuses lie in its modern capacities to make the incomprehensible observed in its holiday spots, milestones, strip department stores, parks, nightlife and accommodations. Even although it totally protects its conventional practices, it allows space for exclusive religions to inhale, an uncommon satisfactory the various traditionalist Arab world. Gratefully, it's been powerful in protecting itself from fanaticism, virtually essential for it to live to tell the tale. Today, Dubai has risen as a cosmopolitan town that has developed relentlessly to end up a worldwide city and an enterprise and social center of the Middle East and the Persian Gulf vicinity. A novice traveler to Dubai can get confounded as it gives an energizing wealth of points of interest, physical activities, presentations, shopping, and nightlife. Here's the high-quality rundown of sports while holidaying in Dubai
