Biosensors Webinar 2020

Webinar on Nano Biosensors	
May 12, 2020 in London, UK from 11 AM (GMT+1)	
11:00-11:20	Title: Optimizing nanobiosensor systems
	Carl Liepold, Cypress semiconductor corporation, USA
11:20-11:40	Title: Capacitive biosensors for molecular diagnostics
	Paulo Bueno, Nano bionics research group, Brazil
11:40-12:00	Title: Nanomaterials enabled futuristic sensors based on microfluidic platform
	Ashish Mathur, Amity University, India
12:00-12:20	Title: Ultra-precise coupled MEMS resonating sensors for biosensing applications
	Vinayak Pachkawade, University of Liege, Belgium
