

EuroSciCon

22nd Edition of International Conference on

Biotechnology

April 16-17, 2018
AMSTERDAM
NETHERLANDS

Theme:

Novel Trends and Advances in Biotechnology

EuroSciCon

Biotechnology Congress

2018

Invitation

Welcome to Amsterdam.

On behalf of Biotechnology Congress 2018 Organizing Committee, we are pleased to invite all Biotechnologists, Professors, Researchers, scientists, Business Giants, CEOs, COOs, Directors, Vice Presidents, Co-directors, Managing Directors, Industry Safety Officers, Environmental & Plant Scientists, Post Doctorate Fellows, Vendors of Consumer Products/ Managers, Pharmaceutical Scientists, Students from the Biotechnology and its allied areas.

The conference proceedings include symposiums and workshops, keynote speeches, plenary talks, poster sessions and panel discussion on latest research developments in the field of Biotechnology.

EuroSciCon is the longest running independent life science events company with a predominantly academic client base. Our multi professional and multi-specialty approach creates a unique experience that cannot be found with a specialist society or commercially.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Biotechnology Congress

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ biotechnologists and pharmacologists accessing the website,Biotechnology Congress 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Biotechnology Congress 2018 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Biotechnology Congress

2018

Who'd be attending?

22nd Edition of International Conference on Biotechnology gives chance to meet biotechnologist, food and clinical scientists, pharmaceutical scientists, clinicians, directors and research associates from biotechnology industry and academic field respectively and share ideas, knowledge and different views on various areas of Biotechnology.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Industrial Biotechnology
- Genetic Engineering and rDNA Technology
- Microbial Biotechnology
- Medical Biotechnology
- Advancements in Biotechnology
- Nanobiotechnology
- Pharmaceutical Biotechnology
- Bioengineering and Biotechnology
- Bioproducts and Bio Energy
- Reproductive Biotechnology
- Plant and Agriculture Biotechnology
- Environmental Biotechnology
- Bioremediation and Biodegradation
- Biomass and Bioenergy
- Biotechnology and Bioprocess Engineering

EuroSciCon

See your work PUBLISHED

in one of our related journals

- Journal of Biotechnology & Biomaterials
- Biology and Medicine : Open Access
- Journal of Bioremediation & Biodegradation

About Destination Amsterdam

Amsterdam is the capital of the Kingdom of the Netherlands.The city is located in the province of North Holland in the west of the country. The metropolitan area comprises much of the northern part of the Randstad, one of the larger conurbations in Europe, with a population of approximately 7 million.

Amsterdam's name derives from Amstelredamme, indicative of the city's origin around a dam in the river Amstel.

As the commercial capital of the Netherlands and one of the top financial centres in Europe, Amsterdam is considered an alpha world city by the Globalization and World Cities (GaWC) study group. The city is also the cultural capital of the Netherlands. Many large Dutch institutions have their headquarters there, and seven of the world's 500 largest companies, including Philips and ING, are based in the city.

opened on 19 June 2009. It is currently the largest satellite of the Hermitage Museum, with a total area of 12,846 m2 (138,270 sq ft) and fits with the museum's plan to make its collections accessible to more people. The exhibition area covers 2,172 m2 (23,380 sq ft) and is contained within two large exhibition halls and smaller exhibition rooms. The remaining space holds lecture halls, offices and staff accommodations and a restaurant.

Venue and Accomodation
