ABOUT TOKYO

Block Chain 2019

Tokyo, the capital city of Japan is the most crowded metropolitan territory on the planet. It is in the Kanto locale on the southeastern side of the fundamental island Honsu and incorporates the Izu Islands and Ogasawara Islands. The city is referred to and represented as a “Metropolitan prefecture, a trademark novel to Tokyo.

Tokyo has the biggest metropolitan economy on the planet. As indicated by an investigation led by Pricewaterhouse Coopers, the Tokyo urban territory of 38 million individuals had an aggregate GDP of $2 trillion out of 2012. It is the significant universal back focus, houses the base camp of a few of the world’s biggest speculation banks and insurance agencies, and fills in as a center point for Japan’s transportation, distributing, hardware and broadcasting. industries
