

EuroSciCon

EuroScicon Conference On

Brain Disorders

November 11-12, 2020
Amsterdam, Netherlands

Theme:
Emerging Trends in Brain Science

Invitation

EuroSciCon is organizing a Conference on **Brain Disorders** is scheduled from **November 11-12, 2020** at **Amsterdam, Netherlands**. EuroSciCon is the UK based independent life science Events Company with predominantly business and academic client base.

This Conference promises to be a dynamic and informative event and going to explore the issues on work related factors, innovations and integrated approaches towards Brain Disorders the speakers are a multidisciplinary gathering of globally perceived specialists that speak on the Brain Disorders with a theme on Emerging trends in Brain Science.

This is 2-day Meeting and you can participate in a number of educational formats including General Sessions, Poster Presentations, and Workshops/Symposium, Meet-the-Professor Sessions, Oral Presentations and other interactive and informal exchanges.

Topics will cover the latest advances in Brain cancers and tumors,Neurological disorder, Neuroimmunology of brain,Psychiatry and psychology,Psychosomatic medicine and many more.

We trust you will discover the meeting beneficial, enlightening and agreeable. We want to thank all EuroSciCon members and participants whose commitments and cooperation have been basic to the accomplishment of the association!!

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

November 11-12, 2020
Amsterdam, Netherlands

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 350+ Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

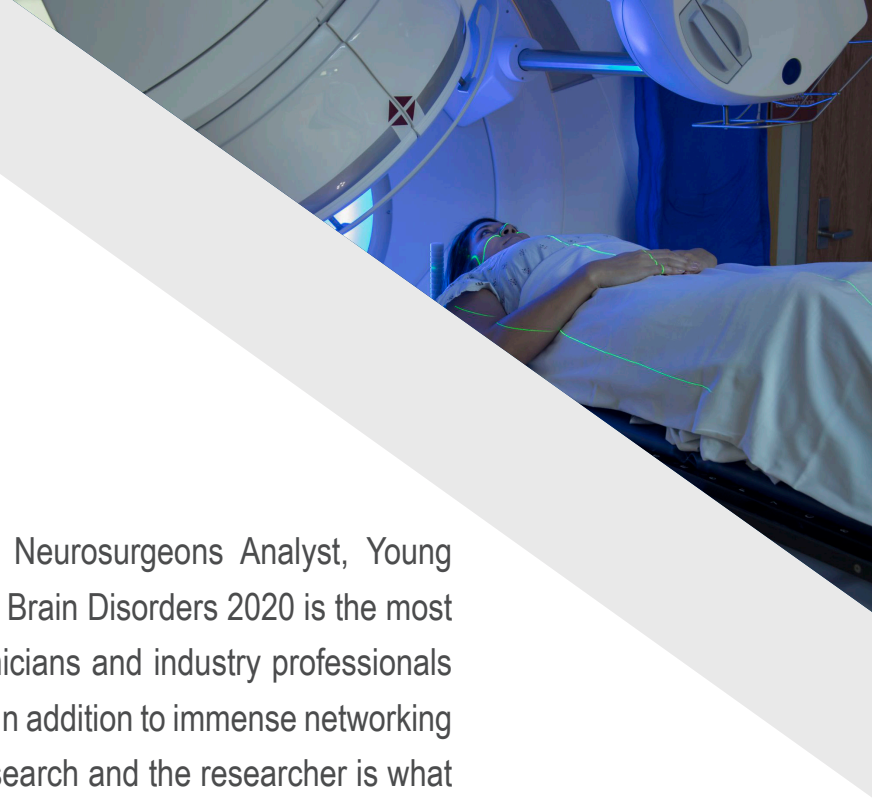

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Neurologists and Neurosurgeons Analyst, Young Researchers accessing the website, Brain Disorders 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

November 11-12, 2020
Amsterdam, Netherlands

Brain Disorders 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 350+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Brain Disorders

2020

Who'd be attending?

EuroScicon Conference On Brain Disorders plays host for Faculty & Students of Brain Disorders The Conferences gathers the famous Scientists/Research Professors in the field of Brain Disorders & Sciences. Junior/Senior research Scholars in the field of Brain Disorders & Sciences.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Brain Cancers & Tumors
- Neurological Disorder
- Neuro-immunology of Brain
- Psychiatry & Psychology
- Psychosomatic Medicine
- Brain Disorders Pathophysiology
- Cerebrospinal Complications
- Neurosurgery
- Neuro Degeneration
- Brain Nursing
- Pediatric Neurology
- Neuropharmacology
- Animal model in Brain research
- Computational Brain &Brain Engineering
- Addiction and Brain Disorders
- Analysis ,Assesment &Diagnosis
- Neurophysiology
- Novel Therapeutic strategies

About Destination Amsterdam

Amsterdam is the capital and most swarmed locale of the Netherlands. Its status as the capital is requested by the Constitution of the Netherlands, in spite of the way that it isn't the seat of the organization, which is The Hague. Amsterdam has a people of nearly 851,373 inside the city genuine, 1,351,587 in the urban domain, and 2,410,960 in the Amsterdam metropolitan zone. The city is arranged in the district of North Holland in the west of the country yet isn't its capital, which is Haarlem. The metropolitan area contains an awesome piece of the northern bit of the Randstad, one of the greater conurbations in Europe, with a people of about 8 million.

Amsterdam's name gets from Amstelredamme, definite of the city's motivation around a dam in the conduit Amstel. Beginning as a touch of calculating town in the late twelfth century, Amsterdam wound up a champion among the most basic ports on the planet in the midst of the Dutch Golden Age (seventeenth century), an outcome of its innovative progressions in return. In the midst of that time, the city was the principle put for the stores of valuable stones. In the nineteenth and twentieth many years, the city expanded, and various new neighborhoods and country zones were masterminded and collected. The seventeenth-century channels of Amsterdam and the 19– 20th century Defense Line of Amsterdam are on the UNESCO World Heritage List. Since the expansion of the area of Sloten in 1921 by the locale of Amsterdam, the most settled imperative bit of the city lies in Sloten.
