

5th International Meeting on

Breast Cancer & Therapies

March 26-27, 2026 | Paris, France

INVITATION

ABOUT CONFERENCE

The **5th International Meeting on Breast Cancer & Therapies** will be held on **March 26-27, 2026, in Paris, France**, bringing together world-renowned oncologists, researchers, clinicians, surgeons, radiologists, healthcare professionals, and patient advocates. This premier gathering aims to provide a global platform to exchange knowledge, foster collaborations, and highlight the latest breakthroughs in **breast cancer diagnosis, treatment, prevention, and survivorship care**.

With the theme **"Global Perspectives: Bridging Gaps in Breast Cancer Research and Care"**, the conference will feature keynote lectures, plenary sessions, oral and poster presentations, panel discussions, and networking opportunities. Attendees will explore advances in targeted therapies, immuno-oncology, precision medicine, AI in cancer care, clinical trials, and supportive care, ensuring a comprehensive perspective on the future of breast cancer management.

YOUNG RESEARCH FORUM:

We are announcing the Young Scientist Awards through the **5th International Meeting on Breast Cancer & Therapies** which is scheduled on **March 26-27, 2026** in **Paris, France**. This Breast Cancer 2026 focuses on "Global Perspectives: Bridging Gaps in Breast Cancer Research and Care". Breast Cancer 2026 and upcoming conferences will recognize participants who have significantly added value to the scientific community of Medical science and provide them with outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences.

- Precision & Personalized Medicine in Breast Cancer
- Breast Cancer Therapies: Current & Emerging
- Immuno-Oncology & Checkpoint Inhibitors in Breast Cancer
- Surgical Advances in Breast Cancer Management
- Radiation Oncology & Novel Delivery Methods
- Clinical Trials & Translational Research in Breast Cancer
- Metastatic Breast Cancer & Disease Progression
- Breast Cancer Prevention & Risk Reduction Strategies

Past Event Report

Meetings International successfully hosted its fourth series on the “International Conference on Breast Cancer & Therapies virtually. The conference was organised with a theme focused on “Empowering Survivors: Advances in Breast Cancer Therapies” and it was a great success.

The generous response and active participation of the Organising committee members played a major role in the success of the conference.

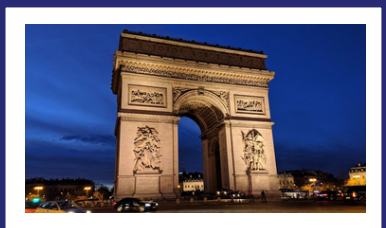

About Venue :

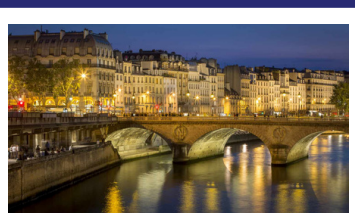

Known as the **“City of Light”**, Paris is one of the most iconic and romantic cities in the world, celebrated for its timeless beauty, rich history, and cultural charm. Situated along the scenic River Seine, Paris is home to world-renowned landmarks such as the **Eiffel Tower, Notre-Dame Cathedral, Arc de Triomphe, and the Louvre Museum**, which houses masterpieces like the Mona Lisa.

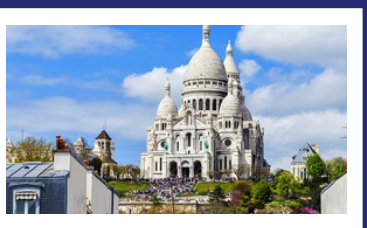

A global hub for **art, fashion, gastronomy, and science**, Paris seamlessly blends its historical heritage with modern innovation. The city’s elegant boulevards, charming cafes, and vibrant neighborhoods, including Montmartre and Le Marais, create an unforgettable atmosphere for every visitor.

Paris is also famous for its **culinary delights**, from freshly baked croissants and artisan baguettes to fine dining in Michelin-starred restaurants. For those who love shopping, the city boasts luxury boutiques, high-end fashion houses, and lively street markets.

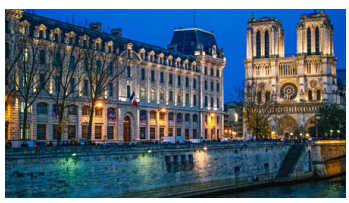

As the host city for the **5th International Conference on ENT (ENT Conference 2025)**, Paris offers not only a world-class venue but also a rich cultural experience. Whether you take a boat cruise on the Seine, stroll through the gardens of the Palace of Versailles, or explore the charming streets of the Latin Quarter, Paris promises memories that will last a lifetime.
