Past Event Report

Meetings International Conference successfully hosted its third series on the "**International Conference on Breast Cancer & Therapies in London, UK**. The conference was organised with a theme focused on "Exploring the New trends and Horizons of Breast Cancer Research," and it was a great success.

Eminent keynote speakers from various universities addressed the gathering.

The generous response and active participation of the organising committee members played a major role in the success of the conference. On the other hand, we take the opportunity to thank all the speakers, delegates, and participants for providing their valuable support and time for the conference.

About Venue:

SINGAPORE, popularly known as “the LION city”, is a worldwide city and is densely populated island with tropical vegetation. Singapore is a worldwide trade and transport centre point.
