London, the capital of England and the United Kingdom, is a 21st-century city with history stretching back to Roman times. At its center stand the imposing Houses ofParliament, the iconic ‘Big Ben’ clock tower and Westminster Abbey, site of British monarch coronations

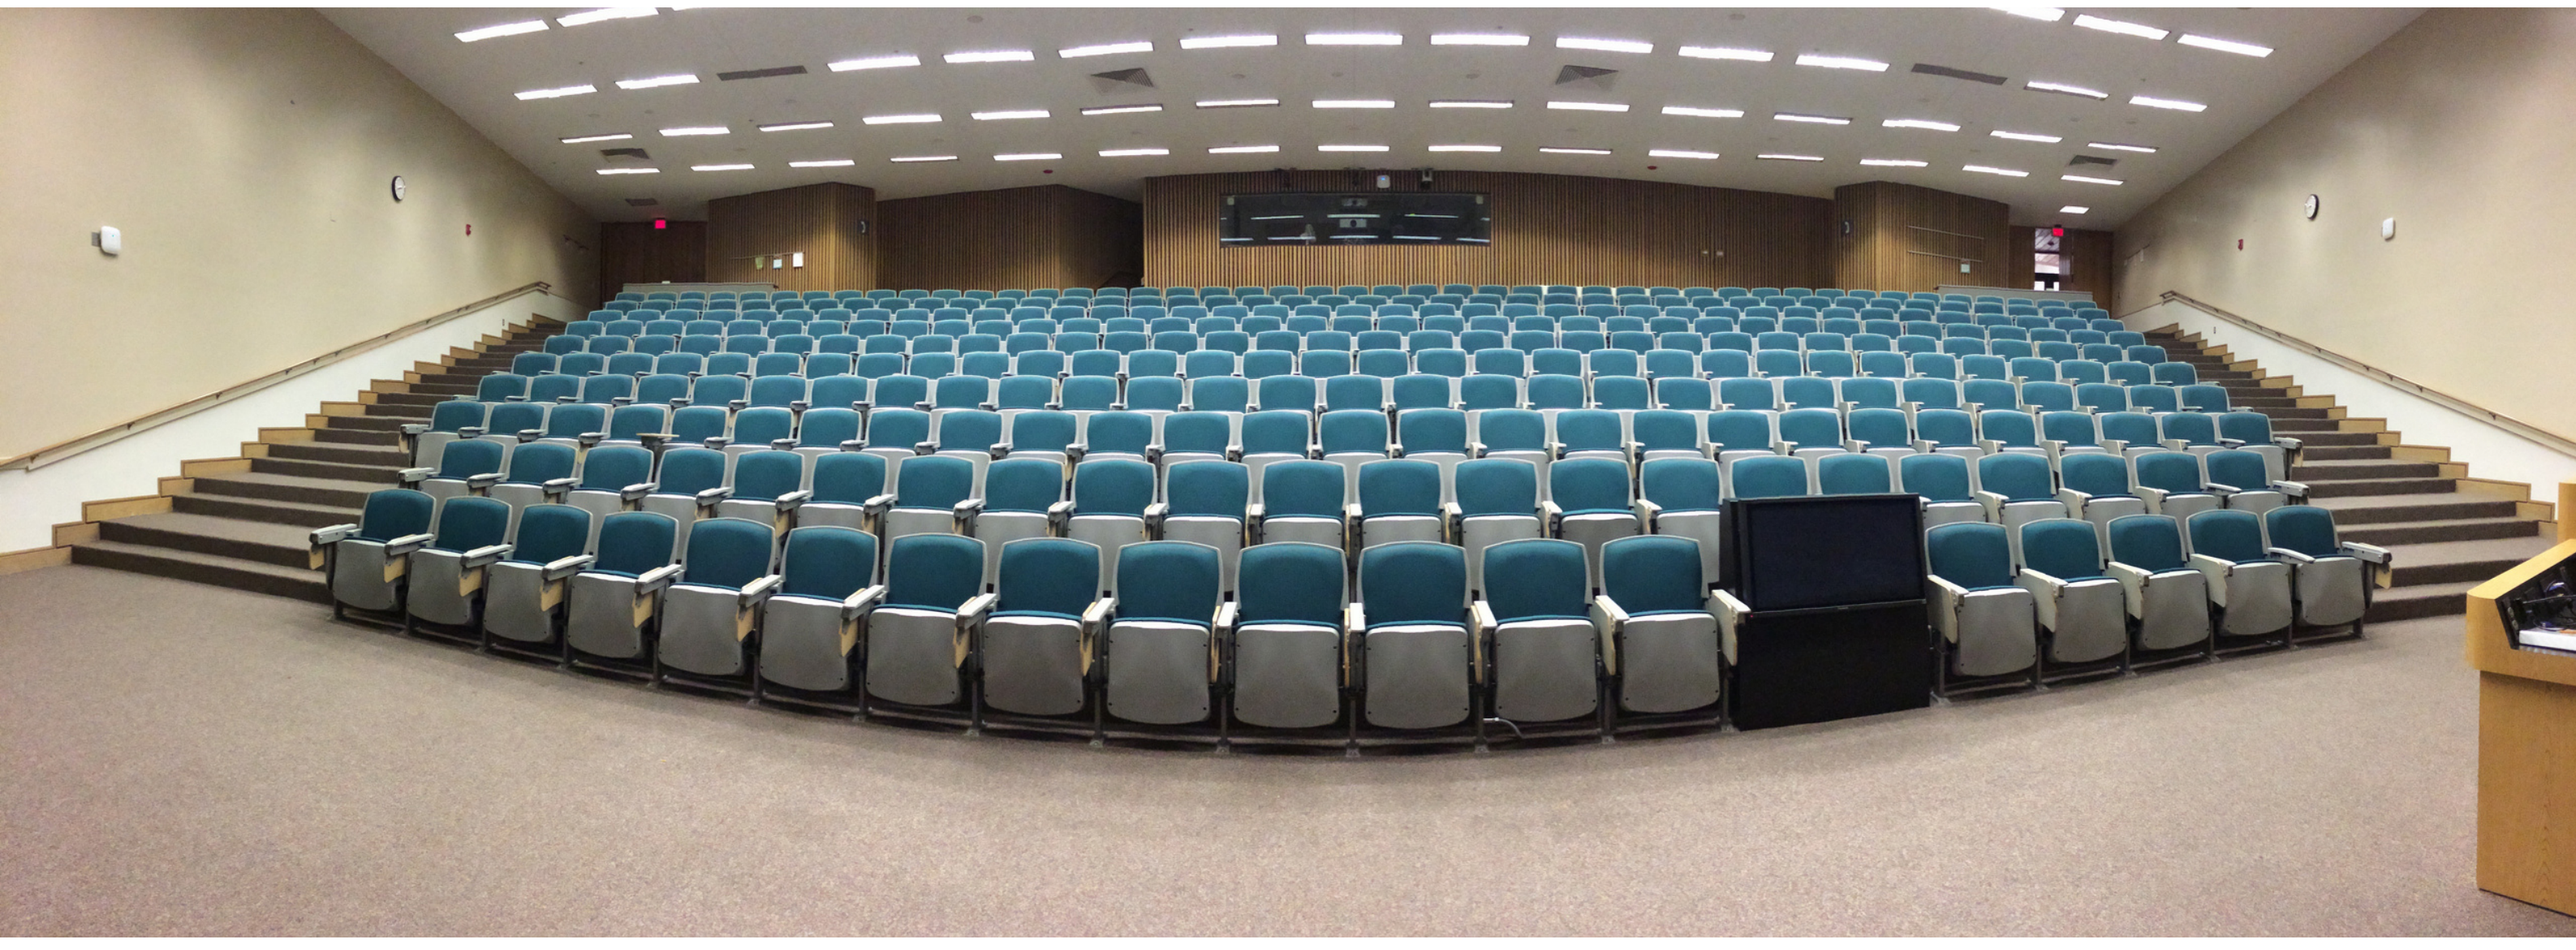

Across the Thames River, the London Eye observation wheel provides panoramic views of the South Bank cultural complex, and the entire city. London's defining characteristic is an absence of overall form. It is physically a polycentric city
