Welcome Message

World Cancer Meeting 2017 is designed to facilitate the dissemination and application of research findings related to cancer for International medical professionals and oncologists .It provides an opportunity to meet and communicate with leading doctors, surgeons, scientists, academic professionals from around the world and listen to top speakers about the on new developments that impact and advance the future of cancer science. It is an extraordinary event that invites participants from different leading universities, clinical research institutions and various diagnostic companies to share their research experiences in all aspects of this rapidly expanding field and thereby provides a list of new techniques.

Cancer is the second leading cause of death worldwide and in all regions of the world except sub-Saharan Africa. Historically, the UAE had a much lower incidence of cancer than Western countries; however, over the last 40 years, it has undergone a period of dramatic economic, social, and demographic change, resulting in increased life expectancy and prosperity. The Scope of Cancer Science & Therapy Conference is to inform the scientific community about all innovative aspects regarding cancer diseases. The participants can gather knowledge about the topics like Cancer, Cell Biology, Organ Specific Cancers, and Advances in Treatment Approaches, Cancer Genetics, Anti-Cancer Therapies, Cancer Immuno science, Cancer Diagnosis, Stem Cell Therapy, Treatment trough Precision Medicine, Cancer Management and Prevention, Economic Aspects of Cancer Therapies.

With individuals from around the globe concentrated on finding out about Cancers; this is your best chance to achieve the biggest array of members from the International Cancer Societies and Associations to direct Workshops , convey data, meet with present and potential researchers, make a sprinkle with new medication advancements, and get name acknowledgment at this 2-days occasion. Incredibly famous speakers, the latest methods, improvements, and the most up to date overhauls in Gynecologic Cancers are signs of this meeting.

Conference Highlights

- Cancer
- Cancer Biology
- Cancer Genetics
- Precision Medicine and Cancer Therapy
- Cancer Diagnosis and Cancer Diagnostics
- Stem Cell Therapy
- Cancer Case Reports
- Novel Approaches to Cancer Therapeutics
- Cancer Screening
- Resistance and Tumor Evolution
- Oncogenomics
- Oncology and Hematology
- Cancer Epidemiology
- Obesity and Cancer
- Cancer Management and Prevention

SPEAKER SLOTS AVAILABLE

Event at a Glance

DAY-01

November 16, 2017

Opening Ceremony
Conference Souvenir Launch
Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
Group Photo
Speaker Forum
Sessions Chair's Introduction
Track 1: Cancer
Track 2: Cancer Biology
Track 3: Cancer Genetics
Panel discussions and Reviews
Lunch Break
Track 4: Precision Medicine and Cancer Therapy
Track 5: Cancer Diagnosis and Cancer Diagnostics
Track 6: Stem Cell Therapy
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings
Certificates Felicitation by the organizing Committee

DAY-02

November 17, 2017

Introduction
Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
Speaker Forum
Sessions Chair's Introduction
Track 7: Cancer Case Reports
Track 8: Novel Approaches to Cancer Therapeutics

Award Ceremony

Why to Attend???

Cancer Meeting 2017 offers the best and advanced technologies in cancer Therapy, its prevention and Cancer Diagnosis has become fully ingrained in modern cancer treatment programs. With members from around the world focused on learning about Oncologists; this is your best opportunity to reach the largest assemblage of participants from the Oncologists community, oncology society, European oncology conferences, American oncology society. Conduct presentations, distribute information, meet with current and potential scientists, make a splash with new drug developments, and receive name recognition at this 2-day event. World-renowned speakers, the most recent techniques, developments, and the newest updates in Cancer are hallmarks of this conference.

Cancer Meeting 2017 conference will bring together an exciting balance of industry and academia, so that delegates have the unique opportunity to network with colleagues from different sectors and discuss new research in cancer diagnostics, including next generation sequencing, the use of clinical utility of cell-free DNA liquid biopsy, patient selection for cancer drug development, and correlative predictive markers.

Abstract Information: Oral / Poster Presentation Guidelines

Oral Presentations are generally split into TWO categories, as follows:

1. Plenary Lectures
   - Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion.
   - Where Plenary Lectures are presented as debates, each of two speakers should plan to present for 20 minutes, allowing five minutes for closing questions and conclusions. We recommend that invited speakers communicate in advance of the Moderator so that presentations may be coordinated.
2. Oral Sessions
   - Each Oral Session is 60 minutes in length and comprises two presentations, of 30 minutes each. We recommend that you plan to present for approximately 15 minutes, allowing time for questions/discussion at the end of the presentation.

Please prepare you presentation in 16:9 format (screen are in format 16:9). We recommend you to save your PowerPoint presentation using PPT(X) format instead of PPS.

A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician. During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time. At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room

All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.

Poster Guidelines

The poster exhibition will be an integral part of Med Pharma Congress.

The poster exhibition will be located on the exhibition area of the congress centre. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- The dimensions should be 100 cm high by 70 cm wide
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

Young Researchers Forum

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Young Researcher Sessions are organized at the Med Pharma Congress, to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event. Participants should be below the age of 33 years. All submissions must be in English.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

About Melbourne

Melbourne, the capital of Victoria, is the second biggest city in Australia. The City of Melbourne's populace is comprised of many gatherings of individuals of any age and from a wide range of societies. Occupants incorporate youthful experts, worldwide understudies and more seasoned couples hoping to appreciate everything the city brings to the table. The whole Melbourne metropolitan zone covers 9990.5 km2 and has a populace of around 4.5 million. On a normal weekday around 909,000 individuals utilize the city, and every year Melbourne has over a million global guests. Melbourne was initially settled by graziers, John Batman being the first. He asserted land only north of Port Phillip Bay, while different graziers likewise chosen to involve ranges close to the Yarra River, yet without the essential authorization to colonize.

Commander William Lonsdale was sent from Sydney to direct the land deals. The township being set up in 1835 and named after the British Prime Minister at the time, Lord Melbourne. Having been initially considered piece of New South Wales, Victoria was built up as a different province in 1851. t's difficult to trust that such an awesome area was deserted by the primary pilgrims who had landed in 1803 and after that withdrawn to Tasmania in the wake of remaining for short of what one year. Being such a differing place, Melbourne offers everything for the traveler from tennis and bicycle riding to angling and windsurfing. There are additionally numerous convenience sorts to browse, including lofts, lodgings, motels, campgrounds, overnight boardinghouse and inns.
