ABOUT TORONTO

Toronto, the capital of the province of Ontario, is a major Canadian city along Lake Ontario's northwestern shore. It's a dynamic metropolis with a core of soaring skyscrapers, all dwarfed by the iconic, free-standing CN Tower. Toronto also has many green spaces, from the orderly oval of Queen's Park to 400-acre High Park and its trails, sports facilities and zoo. Toronto is located on the shore plain beside its harbour. There is a fairly abrupt rise 4 km inland which marks the shoreline of Lake Iroquois, a lake formed by glaciers 12,500 years ago that had a much higher water level than Lake Ontario.
