

EuroSciCon

7th International Conference on

Modern Catalysis & Kinetics

September 16-17, 2019
Brussels, Belgium

Theme:

Delving Catalytic Solutions to Global Challenges & Bringing Order to Kinetics

EuroSciCon

Catalysis & Kinetics

2019

Invitation

Welcome to Brussels, the great City for its historical landmarks, ancient markets and famous bridges and experience the field of chemical advancements illuminated as never before. Euroscicon is proud to host the 7th International Conference on Modern Catalysis & Kinetics, September 16-17, 2019 in Brussels, Belgium. Theme is Delving Catalytic Solutions to Global Challenges & Bringing Order to Kinetics. Catalysis & Kinetics 2019 will provide an unprecedented opportunity for Chemists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Chemists, Biologists, Professors, Associate Professors, Scientists and Young Researchers, Chemical Organizations & all Pharmaceutical & Chemical companies to exhibit their novel innovations & to get exposed to the new trending research and developments. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Catalysis & Kinetics Conference is the perfect venue not only to dive into your particular topic interests but also to expand the scope of your knowledge. Catalysis & Kinetics 2019 is the overall occasion comprising of most recent science, research and advancements in various fields of Chemistry, Biochemistry and also Chemical Engineering. These 2-days of meeting comprises of General sessions, Poster & Oral presentations, Workshops and provides a great opportunity in meeting experts. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

September 16-17, 2019
Brussels, Belgium

EuroSciCon

Catalysis & Kinetics

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Chemists, Biologists , Scientists and Young Researchers accessing the website, Catalysis & Kinetics 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Catalysis & Kinetics 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

September 16-17, 2019
Brussels, Belgium

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Catalysis & Kinetics

2019

Who'd be attending?

International Conference on Modern Catalysis & Kinetics Proteomics plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Chemists, Investigators, Scientists and Young Researchers,Regulatory Professionals,Pharmacogenetic Professionals,Laboratory Directors,Forensic Scientists and Biologists and others who stay plunged in learning and practice of Chemical Science.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Catalysis for Chemical Synthesis
- Chemical Reaction Engineering & Reactor Design
- Organic & In-organic Chemistry
- Biochemistry & Bio-organic Chemistry
- Bio-catalysis & Bio-transformation
- Green Chemistry & Environmental Chemistry
- Pharma Chemistry & Clinical Chemistry Human Kinetics & Sports Kinetics
- Catalysis & Zeolites
- Pharma Kinetics
- Catalysis & Pyrolysis
- Computational Catalysis
- Polymerization & Polymer Catalysis
- Neuroproteomics
- Chemical Kinetics
- Enzyme Kinetics & Enzymology Cell/Tissue & Tumor Kinetics

EuroSciCon

Catalysis & Kinetics

2019

About Destination Brussels, Belgium

The city of Brussels being the official capital of Belgium is also the most densely populated and richest region in whole Belgium. Belgium is situated in Western Europe and is surrounded by France, Germany, Netherlands, Luxembourg and the North Sea. The city of Brussels has evolved many times but till date one can find the intact old city walls. Since ancient times it has been famous for its trade hub, crafts and of course the Kings of Belgium.

The interesting fact about Belgium is that people do not share a common language. There are three official languages in Belgium namely French, Dutch and German. Although in Brussels most of the people speak French. Chocolates, beer and waffles are the main economy raiser of Belgium though there are many other commodities that increase the economy.

History of Belgium and Brain could be dated back to 16th century and the first study on human brain was performed by Andreas Vesalius. After that Arthur Van Gehuchten, most famous Belgian neurologist, pioneered in the anatomy and pathology of the nervous system. Together with Ramon y Cajal, they named the extensor plantar reflex as “Babinski sign”.
