Invitation

Welcome to Dublin, the city of arts and science, and experience the science of Chemistry Science and Technology illuminated as never before. Euroscicon is proud to host the 9th Edition of International Conference on Chemistry Science and Technology, April 22-23, 2019 in Dublin, Ireland . The theme of the conference focuses on "Recent Innovations in chemical research and applications of chemistry". Chemical Sciences 2019 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. chemical researcher, molecular diagnostics, clinical laboratories, health Care Industry, quantitative analysts, qualitative analysts , editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of chemistry and chemical sciences. Delegates from various chemical & instrumental companies from all over the world. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Chemical Sciences Conference is the perfect venue not only to dive into your particular chemists interests but also to expand the scope of your knowledge. 18 tracks are devoted to subjects such as the Chemistry Of Compounds, Organic Chemistry And Inorganic Chemistry, Physical And Theoretical Chemistry, Heterocyclic Chemistry, Electrochemistry, Electrolysis And Corrosion, Geochemistry, Nuclear Chemistry/Radiochemistry, Biochemistry, Pharmaceutical/Medicinal Chemistry, Polymer Chemistry, Forensic Chemistry, Environmental Chemistry, Bio Based Chemistry, Analytical Chemistry, Multi-Scale/Multi-Disciplinary Approach To Process-Product Innovation, Sustainable Process-Product Development Through Green Chemistry.Systematic Methods And Tools For Managing The Complexity, Integration Of Life Sciences & Engineering. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant analytical forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ chemists and drug analysts accessing the website, Chemical Sciences 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fueling better outreach of the work and profile.

Chemical Sciences 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British

Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Chemistry Of Compounds
- Organic Chemistry And Inorganic Chemistry
- Physical And Theoretical Chemistry
- Heterocyclic Chemistry
- Electrochemistry, Electrolysis And Corrosion
- Geochemistry
- Nuclear Chemistry/Radiochemistry
- Biochemistry
- Pharmaceutical/Medicinal Chemistry
- Polymer Chemistry
- Forensic Chemistry
- Environmental Chemistry
- Bio Based Chemistry
- Analytical Chemistry
- Multi-Scale/Multi-Disciplinary Approach To Process-Product Innovation
- Sustainable Process-Product Development Through Green Chemistry
- Systematic Methods And Tools For Managing The Complexity

About Destination Dublin

Dublin is the capital and largest city in Ireland. Dublin is in the province of Leinster on the east coast of Ireland, at the mouth of the River Liffey and bordered on the south by the Wicklow Mountains. Dublin was as a global city, with a ranking of “Alpha-”, which places it amongst the top thirty cities in the world. It is a historical and contemporary Centre for education, the art, industry, administration, and economy. There are many historical monuments and landmarks in the great city of Dublin some of the area include Dublin Castle, Guinness Storehouse, the Spire of Dublin and many public parks like Phoenix Park, Dublin Zoo (Panda Zoo) & Ashtown Castle. Dublin was also referred as “Tech Capital of Europe” & “European Capital of Science” along with that this great city of Dublin has the title “UNESCO City of Literature”. So, this great city has been considered as an educational hub of Ireland where about three fourth of Scientists are doing their research in Dublin. Research activity is not constrained to colleges and expansive research organizations. By seeing the wonders this great city Dublin it has been twinned in 4 countries around the world as San Jose - United States, Liverpool - United Kingdom, Barcelona - Spain, Beijing - China, Emmetsburg, Iowa - United States
