

EuroSciCon

10th Edition of International Conference on

Chemical Sciences

May 15-16, 2020
Vienna, Austria

Theme:

New Innovations and Recent Applications in Chemistry Sciences

EuroSciCon

Chemical Sciences

2020

Invitation

Welcome to Vienna, the city of arts and science, and experience the science of Chemistry Science and Technology illuminated as never before. Euroscicon is proud to host the 10th Edition of International Conference on Chemistry Science and Technology, May 15-16, 2020 in Vienna, Austria. The theme of the conference focuses on "New Innovations and Recent Applications in Chemical Sciences". Chemical Sciences 2020 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. chemical researcher, molecular diagnostics, clinical laboratories, health Care Industry, quantitative analysts, qualitative analysts , editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of chemistry and chemical sciences. Delegates from various chemical & instrumental companies from all over the world. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Chemical Sciences Conference is the perfect venue not only to dive into your particular chemists interests but also to expand the scope of your knowledge. 28 tracks Renewable Energy, Forensic Chemistry, Biochemistry, Analytical Chemistry, Environmental Chemistry, Biofuel Refineries, Biotechnology and Biochemical Engineering, Bio Energy, Electro Chemical Engineering, Bio Chemical Engineering, Chemical Polymer Technology, Crystallization, Green Energy, Fluid mechanics, Chemical Synthesis and Catalyst Synthesis, Chemical Engineering, Polymer Science, Inorganic Chemistry, Nanotechnology, Unit Operation, Process Design & Control, Chemical Industry & Market Analysis, Photo Chemistry, Nuclear Chemistry, Physical Organic Chemistry, Radiation Chemistry & Radiochemistry, Nanomedicine, Integration of Life Sciences & Engineering. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant analytical forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

May 15-16, 2020
Vienna, Austria

EuroSciCon

Chemical Sciences

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ chemists and drug analysts accessing the website, Chemical Sciences 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fueling better outreach of the work and profile.

Chemical Sciences 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

May 15-16, 2020
Vienna, Austria

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Chemical Sciences

2020

Who'd be attending?

10th Edition of International Conference on Chemistry Science and Technology , May 15-16, 2020 in Vienna, Austria . Theme of the conference focuses on: Recent Innovations in chemical research and applications of chemistry. Chemical Sciences 2020 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. chemical researcher, molecular diagnostics, clinical laboratories, health Care Industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of analytical and bioanalytical sciences. Delegates from various pharma & instrumental companies from all over the world. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British

Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Renewable Energy
- Forensic chemistry
- Biochemistry
- Analytical chemistry
- Environmental chemistry
- Biofuel Refineries
- Biotechnology and Biochemical Engineering
- Bio Energy
- Electro chemical engineering
- Biochemical engineering
- chemical polymer technology
- Chemical synthesis and catalyst synthesis
- Chemical engineering
- polymer science
- Inorganic chemistry
- Nanotechnology
- Unit Operation
- Process Design and Control
- Chemical Industry & Market Analysis
- Photo Chemistry
- Nuclear chemistry
- Physical organic chemistry
- Radiation chemistry & Radiochemistry
- Nanomedicine
- Integration of life sciences and engineering Sustainable Process-Product Development Through Green Chemistry

EuroSciCon

Academic Keytopics :

- Advances in Renewable Chemicals
- Petroleum Exploration, Transportation & Field Management
- Chemical Applications in Producing Oil and Gas
- Production Technology and Separation Techniques
- Chemical Reaction Engineering and its Applications
- Process Chemistry & Technology
- Reservoir Engineering
- Health, Safety, and Environment
- Renewable Energy and Feedstock
- Modeling and Simulation
- Entrepreneurs Investment Meet
- Recent advances in Petrochemistry
- Unit Operations and Separation Processes
- Electrochemical Engineering
- Process Chemical Engineering Exhibition & Career
- Colloid and Surface aspects
- Advanced synthesis, Catalytic systems and new catalysts
- Computational Catalysis and Mathematical Modelling
- Chemical Kinetics and Reaction Engineering
- Catalysis in oil and gas
- Spectroscopy in Catalysis
- Computational Catalysis
- Metathesis of olefins
- Process Heat Transfer

May 15-16, 2020
Vienna, Austria

Business Keytopics :

- Chemical Society of Japan
- Institute of Chemistry of Ireland
- Italian Chemical Society
- Korean Chemical Society
- International Society of Electrochemistry
- New Zealand Institute of Chemistry (NZIC)
- Royal Society of Chemistry
- Swiss Chemical Society
- Society of Synthetic Organic Chemistry, Japan
- Society of Chemical Industry
- Serbian Chemical Society (SCS)
- Quality Assurance Agency for Higher Education
- Albany Molecular Research, Inc.
- Chemical Synthesis Services
- Maybridge Chemicals
- Orchid Biosciences Europe
- Canadian Society for Chemistry
- Council for the Central Laboratory of the Research Councils (CCLRC)
- European Photochemistry Association (EPA)
- European Group on Ethics in Science and New Technologies (EUROPA)
- European Federation for the Science and Technology of Lipids (EuroFedLipid)
- European Chemical Society
- Chemical Institute of Canada (L'Institut de chimie du Canada)
- Federation of European Chemical Societies (FECS)
- Computational Chemistry Working Party UK
- Higher Education & Research Opportunities (HERO)
- Higher Educat

About Destination Vienna, Austria

Vienna, the capital of Austria is the 7th largest city of Austria and also its economic and cultural centre. The city is having an area of 414.65 square kilometres and with a population of 18,26,030. Vienna is known as “The city of dreams”. The city lies in the east of Austria and is close to the borders of the Slovakia, Hungary and Czech Republic. The city centre was designated a UNESCO World Heritage Site in the year 2001. According to the Economist Intelligence Unit’s 2005 analysis “The city of music” ranked first among the world’s 127 most liveable cities. The UN-Habitat has classified Vienna as being the most prosperous city in the world in 2012/2013. Between 2005 and 2010, Vienna was the world’s number-one destination for international congresses and conventions. Vienna is host to many major international organizations, including the United Nations and OPEC.
