

EuroSciCon

3rd Edition of EuroSciCon Conference on

Chemistry

April 27-28, 2020
Rome, Italy

Theme:
Discovering the Scientific and Industrial progressions in Chemistry

EuroSciCon

Chemistry

2020

Invitation

Welcome to Rome, Rome, Italy's capital, is a sprawling, cosmopolitan city with nearly 3,000 years of globally influential art, architecture and culture on display. Ancient ruins such as the Forum and the Colosseum evoke the power of the former Roman Empire. Vatican City, headquarters of the Roman Catholic Church, has St. Peter's Basilica and the Vatican Museums, which house masterpieces such as Michelangelo's Sistine Chapel frescoes. After successful completion of Chemistry 2018 & Chemistry 2019 EuroSciCon is delighted to host the 2nd Edition of EuroSciCon Conference on Chemistry, April 27-28, 2020 in Rome, Italy. The theme of the conference focuses on Discovering the Scientific and Industrial progressions in Chemistry. Chemistry 2020 will give a phenomenal chance to scientists to impart their exploration to partners by discussing the most recent advances in the field. We invite Eminent Scientists/Research Professors in the field of Chemical, Junior/ Senior research colleagues, Students, Directors of chemicals look into organizations, Chemical Engineers, Members of Chemistry associations and exhibitors from Chemical Industries. Agents from different pharma and instrumental organizations from everywhere throughout the world are invited to go to this renowned conference on Chemistry 2020. With a wide exhibit of keynote presentations, board discussions, workshops, and notice sessions, the Chemistry 2020 Conference is the ideal setting not exclusively to plunge into your specific physicist's interests yet in addition to expand the extent of your insight. There are 26 tracks which are given to subjects, for example, the Forensic Chemistry, Nuclear & Radiochemistry, Crystallography, Petroleum Chemistry, Marine and Geochemistry, Spectroscopy, Clinical Chemistry, Analytical & Bioanalytical Chemistry, Physical Chemistry and Theoretical Chemistry, Synthetic Chemistry, Polymer Chemistry, Quantum Chemistry, Neurochemistry, Organic Chemistry, Plasma Chemistry, Inorganic Chemistry, Biochemistry, Electrochemistry, Agricultural and Food Chemistry, Catalytic Chemistry, Environmental and Green Chemistry, Material Chemistry, Nano Science and Technology, Pharmaceutical Chemistry, Medicinal Chemistry. The Organizing Committee has done its best to set up a system that we think will take into consideration an inventive interplay of thoughts. All we require now to convert the broad program on paper to a dynamic and energetic chemical education gathering in person is your dynamic participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

April 27-28, 2020
Rome, Italy

EuroSciCon

Chemistry

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ chemists and drug analysts accessing the website, Chemistry 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Chemistry 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

April 27-28, 2020
Rome, Italy

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Chemistry

2020

Who'd be attending?

3rd Edition of EuroSciCon Conference on Chemistry, April 27-28, 2020 in Rome, Italy. Theme of the conference focuses on Discovering the Scientific and Industrial progressions in Chemistry. Chemistry 2020 will provide an unprecedented opportunity for chemists to share their research with colleagues by discussing the latest advances in the field. We invite Eminent Scientists/ Research Professors in the field of Chemical Education, Junior/Senior research fellows, Students, Directors of chemicals research companies, Chemical Engineers, Members of Chemistry associations and exhibitors from chemicals Industry/chemical Industries. Delegates from various pharma & instrumental companies from all over the world are welcomed to attend the prestigious conference on Chemistry 2020. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 18 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Industrial and Engineering Chemistry
- Forensic Chemistry
- Nuclear & Radiochemistry
- Crystallography
- Petroleum Chemistry
- Marine And Geochemistry
- Spectroscopy
- Clinical Chemistry
- Analytical & Bioanalytical Chemistry
- Physical Chemistry and Theoretical Chemistry
- Synthetic Chemistry
- Polymer Chemistry
- Quantum Chemistry
- Neurochemistry
- Organic Chemistry
- Plasma Chemistry
- Inorganic Chemistry
- Biochemistry
- Electrochemistry
- Agricultural and Food Chemistry
- Catalytic Chemistry
- Environmental and Green Chemistry
- Material Chemistry
- Nano Science and Technology
- Pharmaceutical Chemistry
- Medicinal Chemistry

EuroSciCon

Academic Keytopics :

- Advances in electro-analysis
- Ballistic fingerprinting
- Biochemistry & Natural Products
- Bloodstain pattern analysis
- Chemical Engineering
- Chemical kinetics
- Chemical thermodynamics
- Chemo-metrics
- Cosmochemistry
- Drug Discovery and metabolism
- Electrochemistry
- Fingerprint analysis
- Flow analysis
- Flow chemistry
- Forensic data analysis
- Forensic toxicology
- Fullerenes
- Heterocyclic compounds
- Inorganic Chemistry
- Isotope geochemistry
- Material Science
- Molecular Nanotechnology
- Nano Electronics
- Organic Chemistry
- Organic geochemistry
- Organometallic compounds
- Photochemistry and Pericyclic reactions
- Photogeochemistry
- Quantum chemistry
- Radio chemistry
- Retrosynthetic analysis
- Solid-state chemistry
- Spectroscopy
- Stereochemistry
- Supra-molecular polymers
- Surface science
- Atmospheric Chemistry
- Bioanalytical Chemistry
- Biochemistry

April 27-28, 2020
Rome, Italy

Business Keytopics :

- Chemistry Market in Africa
- Chemistry Market in Canada
- Chemistry Market in Australia
- Chemistry Market in Japan
- Chemistry Market in USA
- Chemistry Market in Dubai
- Chemistry Market in Asia
- Chemistry Market in Europe
- Chemistry Market in UK
- Chemistry Market in Germany
- Atomic Absorption Spectrometer
- Bioreactor
- Calorimeter
- Capillary Electrophoresis Apparatus
- Capillary Rheometer
- Centrifugal Pump
- Distillation Column
- Electron Microscope
- Gas Chromatograph
- Gaussian Software
- Graduated Cylinders
- Heat Exchanger
- Hydrometer
- Mass Spectrometer
- Molecular Modeling Software
- Nuclear Magnetic Resonance
- Spectroscopy
- Orifice Meter
- Photovoltaic Cell
- Pipettes
- Reactor
- Spectrophotometers
- Thermometers
- UV Transilluminator

About Destination Rome

Rome is the capital of Italy and an uncommon comune (named Comune di Roma Capitale). Rome, additionally the capital of the Lazio area. There are 2,873,874 inhabitants in 1,285 km2 (496.1 sq mi) and it is additionally the nation's most populated collective. Rome is the fourth-most crowded city in the European Union. Rome is situated in the focal western bit of the Italian Peninsula, inside Lazio (Latium), alongside the shores of the Tiber. Vatican City is a free nation inside the city limits of Rome, the main existing case of a nation inside a city. Therefore, Rome has been regularly characterized as the capital of two states. The language verbally expressed here is Latin. Rome is a noteworthy worldwide place for advanced education containing various institutes, schools, and colleges. Rome positioned as 62nd on the planet and top in Italy in its World University Ranking. Rome has the status of a worldwide city. In 2016, Rome positioned as the fourteenth most-visited city on the planet, third most visited in the European Union and the most well-known vacation spot in Italy. It has a developing load of contemporary and present-day workmanship and engineering. Rome is a critical place for music, and it has an exceptional melodic scene, including a few esteemed music centers and theaters. Rome is at the focal point of the spiral system of streets that generally pursue the lines of the old Roman streets which started at the Capitoline Hill and associated Rome with its domain. Rome is served by three air terminals.

There are various tendencies there like Arch of Constantine, Pantheon, Palazzo del Quirinale, Castel Sant Angelo, Roman Forum, Gardens of Villa Borghese, Trevi Fountains.
